A Chance to Lie Shade Akande

Lies, like newborns, require continuous feeding in order to survive. Multiple lies require even more and Bailey is getting full. Her impulsive falsehoods in lieu of the truth prove reckless, though it appears that this cunning approach gets her what she wants in the interim. The realities that unfold before her while she dabbles in deception rock her foundation and significantly impact her life.

Set in New York City, Bailey's chronicle of self-inflicted troubles is cushioned by her love for friends, adult beverages and luxury retail—she'd never be able to cope with what's in store for her without them. Her tale is as juicy as it is disastrous and wonderful. But is Bailey as credulous as she may appear?

Brooke says

I received this book for free through Goodreads First Reads.

I really enjoyed this book!

A woman is in a car accident and wakes up in the hospital after being in a coma for a week. Doctors ask her if she recognizes anyone in the room and she says no. They believe she has amnesia...except she doesn't.

The only reason I'm not giving it a 5 star rating is because at times I found it to be a little slow.

However, the end left me hanging and I will definitely be buying the sequel. I just have to know what happens next. :)

Kenn Anderson says

Bailey wakes up after a car crash induced coma and pretends to have amnesia. While she stumbles through her life trying to pretend she has forgotten her life, she learns a few unpleasant things.

While her husband is cheating on her, her life takes a huge turn: pregnant, starting a new business and life with an old friend.

The ending was the most underhanded, dirty rotten trick to get you to buy the next book.....Yes, I'll be buying the next book.

Marilyn Stanley says

I received this book for free through Goodreads First Reads.

I thoroughly enjoyed this book - mostly because I am a great believer in the fact that in order to be a good liar you must have a good memory - which obviously Bailey lacks. She stacks lie upon lie and at times gets in over her head.

I highly recommend this book!
