Chasing Day

Twyla Turner

Chasing Day Twyla Turner

The Wonder Years

Daylen Daniels and Chase McCoy are as different as night and day. Chase is the beautiful golden boy. Gorgeous, popular, and the quarterback of the football team. Daylen is the quiet introvert. Lovely curves, shy, and sees herself as an orchestra geek. After Day moves next door to Chase, a run-in with a bully, a domestic dispute, and one treehouse hideout, an impenetrable bond is made.

As they grow up, their attraction for each other grows with them, but is it strong enough to risk their friendship? A party, a little game of spin the bottle, and a devious enemy could shake the very foundation of their friendship. Or it could start a tumultuous romance that spans decades.

Take a journey with these two best friends through first love, heartbreak and tragedy from childhood to adulthood as the two find that young love isn't as strong as they'd hoped. A story of true growing pains in...Chasing Day.

Lisa B. says

WARNING: This book ends with a cliffhanger.

I hate books that end on cliffhangers, particularly ones that advise you at the beginning that the book spans 30 years but doesn't warn that part of those 30 years will be in a second book. That said, I enjoyed the story until I got to the disappointing last page. I loved that this love story spans from fourth/fifth grade through adulthood for the heroine/hero. Some truly heartwarming and romantic moments can be found in this story, and you really do root for these two to make it through their growing pains. Accordingly, I've opted not to mark my rating down for the cliffhanger ending. But if you don't like having to buy a second book to know how a love story resolves, be forewarned . . .

Monique says

What a difference from Twyla Turner's *Struck* series to this one. I see a lot of growth in Turner's writing with this book. I enjoyed the build up of Day and Chase's relationship. But I'm holding my full review until I read the conclusion *Catching Day*. See you then. For now, I give this book a 3.95.

Heather says

Wow! Just WoW!!

I love these two. Chase has so much to overcome and he's struggling. He loves Day but he's never seen a healthy relationship and doesn't know how to make one work. We know they love each other but sometimes love just isn't enough. I can't wait to read the second book in this series.

Rena says

Love

This story is enthralling and held my attention from beginning to end. I love how it takes you through their stages of life, so we get to experience their happiness, anguish, and everything in between with them. I love how protective Day and Chase are of each other and that they are each other's first for a lot of things. I love that this story progresses over time and we see how they handle life and its issues.

Laverne Brewster says

2.75 stars. Chase McCoy and Daylen "Day" Daniels have many things in common : their birthdays are a day apart in the same month, their houses are in the same neighborhood next to each other and they attend the

same school; but are a grade apart because Chase is a year older than Day. Aside from gender, they are of different races, he's White and she's Black; they have a different home life environment, Chase's family lives on his father's disability checks in a home overshadowed by fear because of his drunken abusive father and his complacent withdrawn mother; while Day lives in a single parent home, her mother is kind and supportive of Day and earns a middle class wage as a nurse practitioner; at school, Chase is popular while Day is the subject of bullying. Day being bullied and Chase being her protector is the catalyst of their friendship and the beginning of their temporarily how-be-it secret mutual romantic attraction. By age 14 and 15, they acknowledged their feelings for each other and by age 18 and 19, they consummated their feelings. Friends to lovers is one of my favorite romance story themes so, I like this story and its protagonists-BUT with this caveat: this book's storyline is hindered by unnecessary predictable fillers; in other words, the author should tighten the storyline and marry book 2 to this story letting the drama of Chase's and Day's argument and separation play out as a stand alone book. KUB #15

explicit contents

Daylen and Chase grow up next door to one another and Chase finds solace in her home with her mother. The pain of his childhood seems too much for him to overcome, as he continues in the path set by his father. This is a beautiful coming of age story. Does end in a cliff hanger.

I received a copy in exchange for an honest review.

Abby G. Amos says

Awesome Read!

OMG, this was really a great story! I loved the closeness and chemistry between Daylin and Chase and the love they have for each other. So many obstacles! But, I'm anxious to know what happens between them. This is a book that EVERYONE will enjoy! I will definitely recommend it to others!

Inga says

So much are emotion

This is yet another 5 star story. The emotions are so strong in every word this author writes. Chase and Day's relationship is so....damn awesome! Moving on to the next installment.

evette w says

Yeah It's Good!!

This story is so so good that I almost screamed when it came to an end. The writer gives us such a very wonderful experience that you are just WOW! I love this full story and the full telling of this couple life. If you have not indulged then you are missing out. This is very good writing and there is pleasure in the telling.

Rachel Smalls says

This is the love story of Chase and Daylen who meet in elementary school, become best friends and eventually lovers down the road. You're told in the beginning that the book will span 30 years (though not all 30 years is revealed in this installment) but other than a few references to songs/fashion, told ahead of time what year things are now unfolding in, there's not much to make you feel like you've taken a trip back into time. That would have been a nice touch to have, but I digress.

I always find myself making a point to comment on the editing, and though I don't want to nitpick, this could have benefited from an extra pair of eyes or two. There were periods in the wrong spot when there should have been commas; a lot of grammatical errors and such, but it wasn't completely distracting unless you're a stickler for proper punctuation/grammar. I'm not the best at it either, but if you're publishing something for profit, put out your best presentation. Other than that, the writing itself was, it wasn't flowery, nor made you think about anything deeper. It was straightforward writing that, at times, did become a little choppy and clunky.

What did I think about the relationship between Chase and Daylen? I thought they were very sweet, and you rooted for them to be together and to be able to maintain their relationship. There was a period where things turned emotional and you could feel that. I didn't learn much about them, but I was engaged with the journey of their story especially towards the end. It would have been nice to see them talk about things, anything really to help flesh out their personalities a bit more.

This is my second novel by this author, and the couples she's created, they have a soft spot in my heart because no one tries to usurp anyone's agency. The guys aren't a-holes, which is always refreshing. To read about nice guys who love their women as equals and not as possessions to lord over. So she definitely gets points for that. Off to go read the conclusion of this series.

Jasmine says

Chasing Day

Wow talk about growing pains. Day and Chase end up being friends due to a bully and as time goes by and they get older their relationship has many twists and turns. I'm sad the Chase decided not to fight his demons. He literally is turning into the person he hates. Poor Day really just can't catch a break. She's a little naive but she's talented and very kind and sweet. The ending made me sad. Hopefully Chase will fix himself and the

mess he caused.

****Elle**Bee**Double U** says**

OH MAN! Talk about a cliffhanger! Day and Chase are the friends who become lovers. But when growing up life, distance, even death seem to constantly try their relationship. But no matter what these two always find a way back together...Or will they?

The relationship between Day and Chase is turbulent. The author wrote this book in a way you can't help but feel what the characters are whether it's happiness, love, giddiness, or pain. I laughed, smiled, and teared up while reading this book. You can't but hold out hope for these two.

This was such a good book that I really stayed up until I finished. I just couldn't stop in the middle. Then I went and bought Catching Day (Chasing Day Book 2) right away!

P Scott says

Chase and Day(len) are really likable characters. Chase the hottest guy in school and Day the nerdy new girl next door. Neither are perfect and that makes the characters more relate-able. In many ways this story has been told before but it was still fun to read and watch the characters grow. Cliche components include the wilder other friends, the mean girl who wants the leading man and the shy guy who is interested in the nerdy girl. There is part of me that wanted to deduct stars because the story line is not that original but I am not because it was still a fun read. I also appreciated how the author addressed alcoholism, and depression even though it wasn't a large part of the story the impact on the story was wide spread.

I finished the book late one night and stayed up reading the second half because I NEEDED resolution.

Kel (Faerie-bookworm) says

Title: Chasing Day

Author: Twyla Turner

Genre: Romance

Format: Ebook – part of anthology

Pages: 219

Rating: 5

Heat: 5

Main Characters: Daylen & Chase

Thoughts: I read this as part of the Men Love Curves Anthology. Dang cliffhanger!!! I was hooked right from the start and moaned when it ended. The writing was just awesome, and the characters were so easy to

love. This story really shows how hard relationships really are, even when you are in love. The struggles of long distance relationships, or how just life, emotions, and pride get in the way of what we want or know we should do but can't. Gripping story that won't let go until the very end, which then leaves you screaming for more!

Sammie Shorter says

Fantastic

My first read of this author was her book, His Muse, which I thoroughly enjoyed. So I decided to check out some of her other books. This was a fantastic read also. I loved following Chase and Day's journey. So much hurt, sadness, love as well as anger experienced by both parties.
