Irish Farmers Ciara Ryan

What's sexier than an Irish farmer? Well, lots of things, actually, but they certainly aren't as suave, thoughtful, or bring such infectious joy. For seven years, Ciara Ryan's hilarious Irish Farmers wall calendar has been one of the most popular calendars in Ireland. Now it's time for America to meet the strapping *Irish Farmers* and a bunch of adorable bunnies, dogs, sheep, and even ostriches, in book form.

This funny sweet, and tongue-in-cheek full-color collection of photos of young farmers naked from the waist up alongside their favorite livestock is sure to please the lasses and lumbersexuals alike. From CSA moms to urban woodsmen, from garden girls to grizzly bearded hipsters—one of these clever lads will surely haunt your most secret dreams.

Quite a few laugh out loud moments and some of the farmers are quite attractive. Some of the proceeds support Bóthar (an Irish charity which works to enables families and communities to fight hunger and poverty worldwide). All in all an excellent gift book.

I received a complimentary copy of this book via a Goodreads giveaway.

This book was a hilarious! The photos and quotes are amazing. I brought this book to my library, and we all passed it around, picking out our favorite farmer... This book would make an excellent present for fans of humor, cute animals, and pale dudes.

This book is so funny!! What's not to love about cute shirtless guys with cute cuddly animals? It also has profound anecdotes like, "A pet peeve is a challenge you won't conquer." Love it!

I was lucky enough to receive an advanced uncorrected copy - with black and white photos no less - and I'm still chuckling about it. It is definitely worthy of gifting to teenagers, young adults, and middle-aged women alike! Thank you, Goodreads First Reads - you really made my week!!!

I finished Irish Farmers by Ciara Ryan.
It was hysterical in parts, and I loved the realistic but also cheeky photos of the guys.
It's a lighthearted and flirty little book.
Recommend to persons who have crushes on Irish lads.

I confess that I did read Irish Farmers twice already [so far]! Beautiful photos of good looking guys in a wide variety of poses, many with farm animals that are just as cute as the guys, fill the book. Add to that some first-hand information from these farmers that is sometimes funny and sometimes wise beyond their years, and you have a book worth keeping. I know I will...

I won this book is a Goodreads giveaway.

Absolutely fabulous!! I was expecting a book on Irish farming. What I received instead was a delightfully tongue in cheek 'beefcake' book with pictures of averagely handsome young Irish farmers. Some had shirts on, others did not. Those who didn't sport farmer tans simply didn't have them because they had no tan at all.

Hilarious!!!
