Another excellent short story from Adriana Locke!

Susan says

So far I have only read "Restraint" by Adriana Locke in this anthology. I will add to this review as I read other short stories that are a part of this book.

This starts out following Holt Mason as he is heading to Savannah for a business meeting. In the airport, he literally runs into Blaire Gibson. I had heard Blaire's name from the first book in Adriana Locke's Gibson Boys series, so I was happy to "see" a familiar face. Their chemistry was awesome! I also really loved getting a glimpse at the Gibson brothers, and especially the interaction that Holt and Blaire had with the Landrys!

I'm glad there is more to come with these two~ I loved the brief introduction, but don't feel that their story is complete yet. I will definitely tune in for more of them!!

I wouldn't say it was my favorite anthology but all in all, this was a good set of short stories! :)

Southside by Chelle Bliss ~ ??????

Pretty cute, I guess. I like the premise of the plot but I think it would have been as a full-length novel in order to really see the plot develop and create a connection to the characters.

Close Class by Emily Goodwin ~ ?????????? (i would give it ten if I could)

O.M.G I absolutely LOVED this story. It was soo good and it was only three freaking chapters! My heart literally aches because it's not a whole novel. Luke Winchester...fuck me??. He is definitely going on my list of book boyfriends and that's that.

Restraint by Adriana Locke ~ ????????

Short and sweet. It's not my favorite from her, of course. This novella was written well and it was nice touch of Locke to bring our favorite boys from her past novels; The Landry family and the Gibson boys!! It's always good to see Daddy Lincoln Landry ♥?.

Fast and Dirty by Willow Winters ~ ????

First of all, really nice name! :) Secondly, I was VERY confused throughout this book! I love MC novels and I can recognize one from a mile away but I didn't even know this was one until it literally said the words 'MC' on the page. ????? It was that bad for me. I ended up skimming through it and it just wasn't for me.

4-0-4 by Tijan ~ ????

I have heard a lot about this author either from some posts on here or raving reviews from a couple authors but I have never been personally interested to find out myself. Based on all the previous opinions, I was expecting something great. I just didn't feel anything with this novella.

I originally downloaded this book to read Tijan's short story (404). I have also read Chelle Bliss and Adriana Locke before. I was not really familiar with Emily Goodwin so she was a new author for me. I liked the stories (some more than others) but felt I wanted more from a few of them. I wanted more to Holt and Blaire's story. I also wanted more of Tanner and Leigh. Both stories felt like they had so much more to them. I am hoping both authors expand upon them a little more at some point. I don't want to give anything away about any of these stories since they are so short and it would be impossible not to give out a spoiler. Overall a good collection of books and a nice glimpse at the 5 authors featured in it.

Restraint By Adriana Locke

Damn. That was fucking hot. If you have had the pleasure of reading The Gibson Series then you have met Blaire Gibson. She isn't around much because she is always busy working away in Chicago.

Her brother's force Blaire to take a vacation in Savannah. She deserves a vacation even if she fights it. When she met a sexy man in the airport she is intrigued but knows she won't see him again. Until...she does.

I loved this short story. I am hoping that it is just a tease for more Holt and Blaire. I also wouldn't mind getting to know his brothers more too!

Overall..it's a fast read that made me laugh, swoon, and get hot and bothered.

Quotes:

"I don't typically go to dinners with nameless men."

"That's an easy fix." I grin. "I'm Holton Mason. My friends call me Holt. All three of them."

“Thank you for coming with me tonight,” I say as she drapes her linen napkin on her lap.
“I believe you came with me, but that’s just semantics.”

“There has to be a bad side to you.”
“Oh,” I say with a low, rough chuckle, “I can be as bad as you want me to be.”

Wow! This is a short story that didn’t feel like one. Yes. It’s short but there is a lot of story. I can’t really say much about it since I don’t want to ruin anything but I will say that I want more! This was totally up my alley. I do love suspense.

I only read two stories. Tijan and Adriana Locke’s stories. Loved them both, and would love even more to have the full story... I couldn’t read anymore short stories because the two I read had me hooked and left me wondering what’s next... hahaha happy reading :)

I originally downloaded this collection to read Southside by Chelle Bliss. I so can’t wait to read more about this family. All of the other books in this collection were great too. I was very happy with my download choice.

Why would anyone leave the end of the book this way? I’m on the edge of my seat thinking ummmmm what, I need more. Is there more to this story I hope so. "Tis was such a great start I need more please. The characters are going to be perfect for each other.

Such an amazing collection of short stories. Each one different but brilliant. Recommend to all

This review is for Restraint by Adriana Locke. I absolutely adored Blaire and Holt!!! A little look into the Landry family, a look into the Gibson boys, and an introduction to two new characters, yes please!!! And Holt and Blaire? Hot dang! He knows what he wants, she knows what she wants, and it all works out right? Just wait and see that’s for sure!!

I initially downloaded this book to read "Restraint" by Adriana Locke.

I loved both her Landry series and the first Gibson Boys book. This short story gave us a tiny peek at the Gibson brothers workaholic sister, Blaire, as her brothers force a much needed vacation on her. As with most short stories, you're left wanting more. I enjoyed her and Holt's banter, each deciding just how much control they could give up to the other, and not lose too much of themselves. I loved seeing Grant and Linc, and hearing from Walker. I would definitely like more of Blaire and Holt.

The other stories were good. Short but good. I had not read any of the other authors before, but definitely will look into their books.

My review is for Fast and Dirty by Willow Winters

WOW that definitely did deliver what it said in the title.

It was so hot once I finished reading it I had to had a bit of Tumblr time ???

Marie had a fantastic time in this story and I loved every minute of reading it.

Marie and Blake are hot but add Maddox to the mix and it's combustible.

The only thing that would have made this better was if it was a full length book as I'd love to delve more into this story.

It left me begging for more, but then I'm always greedy when it comes to my MC books.

I absolutely love my Willow Winters books and this one definitely didn't disappoint me one bit.

I downloaded the book initially to read "Restraint" by Adriana Locke. I loved the story of Holt and Blaire and at the end, I found myself needing so much more of them.

I continued reading the book and all of the other short stories were great as well.

My review is based on "Restraint" by Adriana Locke

There's meat this story! There's characters that we know (series are intertwined) that we get a glimpse of and then there is hotness! Now I'm asking myself. Was I left with a cliffy, with more to come or was this "The End"? (tapping my index finger on my chin!) 5?? for short story category!
