## **Moses: In the Footsteps of the Reluctant Prophet (Moses Series) Adam Hamilton**

Retrace the life of Moses from his modest birth and rescue as a baby to the courts of Pharaoh, from herding flocks in Midian to leading his people out of Egypt.

Join Adam Hamilton as he travels from Egypt to Mt. Sinai, the Nile, the Red Sea and the wilderness exploring the sites of Moses' life. Using historical information, archaeological data, and biblical text, Hamilton guides us in the footsteps of this reluctant prophet who grew in his relationship with God and by the end of life had successfully fulfilled the role he was given.

Turn your own reluctance into boldness as you examine the significant challenges facing Moses and how God shaped his character and life in powerful ways.

Additional components for a six-week study include a comprehensive Leader Guide and a DVD featuring author and pastor Adam Hamilton. For a church-wide study, youth and children resources are also available.

### **Jtp says**

Once again, Hamilton does not disappoint....many important insights into leadership and vision, whether they be Christian or otherwise....in simiar fashion to other of his works, at times this one felt like a travelogue....I didn't find that helpful but others in my bookgroup did....

### **Linda says**

This book not only gives the Biblical story but interjects pictures, archaeology and culture of Egypt at the time Moses lives. It includes travel information about the actual places Moses traveled.

---

### **Alice says**

Enlightening video/book series led by Tom Reushling at FUMC.

#### **Good read**

I love Hamilton's books. They are always well researched and thought out while also being accessible and easy to read. They are inspiring and thought provoking. This was no different. If you want to know more about Moses, this is a good place to start .

### **Suzanne Patterson says**

Excellent study book. Associated video repeated what was in book. Promoted good discussion.

---

### **George Love says**

Another solid effort from Adam Hamilton. I need to stop being surprised that the geography of the story matters so much to understanding the story. An easy read, a good congregational study, good insights throughout.

### **Cynthia says**

fabulous new release from Adam Hamilton - we are planning on using this next month for a study in my Sunday School class - it will be fabulous - can't wait to see the video prepared for this study!

### **Jeff Bobin says**

Brief short study of Moses leading the people of Israel to the edge of the promised land.

---

### **Suzanne says**

Although Mr Hamilton and I differ in our philosophy, this has some good information that I hadn't thought of. I enjoyed how he related Moses to things that happened in the new testament also.

#### **Learned a lot**

Read this book for bible study at our church. I think that I have learned more in this group than all of my childhood at the Catholic church

---

### **Tana says**

The pastor of my church did a sermon series for lent using this book with the last chapter on Palm Sunday (tomorrow). I got the book and read along.

### **Dawn says**

This is another great study from Adam Hamilton. I really like his books and how he can take the Bible scriptures & stories and explain them in an easy-to-understand way. Then he always explains how these scriptures & stories apply to us today. For this book in particular, the accompanying dvd really enhances the study as you get to see Adam literally walk in the places Moses lived and bring Moses' story to life.
