Pushin' Buttons

Em Petrova

Pushin' Buttons Em Petrova

It's all in her head. Until she falls into the hands - and hearts - of two cowboys.

Sexual dysfunction. The words make Sybill cringe, but after one too many failed relationships, she has to face reality. Her O-button is broken, big time. Sick of sitting on the sexual sidelines, she books a week at Boot Knockers Ranch. ***If a passel of rugged cowboys vying to bring her bliss can't get her off, nothing will.***

Hugh had planned to sit out this week's rotation of sexual therapy, but when he spots sultry Sybill, he pulls rank. His bone-deep urge to possess her isn't enough to coax elusive orgasms out of her body, though. ***And his resolve to give the lady whatever she needs wavers when she shyly makes a mind-blowing request.***

Riggs stepped aside when Hugh muscled in to claim Sybill, but he jumps at the chance to fulfill her ultimate fantasy - ***a threesome. But once they come together, all barriers are stripped away, exposing his love for the one man - and woman - he'd break every last rule to make his own.***

Warning: *This ain't your daddy's ranch. Contains cowboys administering sexual therapy to frustrated ladies - and each other. Fresh batteries recommended. You're gonna need 'em!*

~I received a free copy of this book to read and review for Wicked Reads Review Team~

I instantly wanted to read this book after reading the blurb. Who can pass up on Cowboys and sex? Not this girl! This was a well written book and the sex was off the charts. It was a one sitting read for me and I loved the ending. I can't wait for the next installment!

Characters: The characters were well written and you couldn't help but feel their emotions and at times I felt like I was right there in the room with them. Heck, I wish I WAS there! The chemistry between Hugh and Sybill is amazing but with Hugh and Riggs it was electric!

Sex: holy hotness, the sex was outstanding. You had M/M, M/F and M/F/M who could ask for more? SO HOT!!!

Religious: no

Would I recommend to others: yes

More than one book in the series: yes

Genre: Romance/Menage

Would I read more by this author: yes

Amazing book .. Enough said.

Tina Williams says

A Fabulicious Toe Curling Read!

Sibyll, the heroine of this novel is one helluva lucky lady! To enable her to overcome her sexual dysfunction, the journey of self-discovery she embarks on at the Boot Knockers ranch hits the spot in a most delightful way. Why settle for one cowboy when two are exactly what you need?

This is the first book I have read by Em Petrova and I could not put it down! It is not only full of sizzling erotic lovemaking scenes, but contains a great deal of humour, emotion and characters I rooted for from the off. Sibyll, the heroine, is woman who, despite lovers in the past (and her own best efforts), has failed to experience orgasm. Naturally she aches to reach the ultimate fulfilment..... I loved that on the surface she seems prim and proper, but in scene after scorching scene, expertly portrayed by the author, her layers of self-doubt are peeled away to reveal her innermost secrets and desires, which belie her outward image!

I ADORED Hugh's visceral reaction to Sibyll when her first spies her and his decision to be THE cowboy that claims her during her stay at the ranch! The methods he uses to break down her reserve and encourage her to let go and experience pleasure are just divine! - I'm talking passionate scenes which include a little light bondage, anal sex and toys, all set against a backdrop of the rugged Texan landscape.

Hugh is a man blindsided by attraction to Sibyll, yet he is reluctant to commit and adept at keeping an emotional distance, even from the sexy and drop dead gorgeous fellow Boot Knocker Riggs, with whom he already has a burgeoning connection. However, Sibyll has other ideas and so does Riggs! Riggs has wanted to claim Hugh as his own for a long time and is also falling for Sibyll. Their decision to come together to guarantee that Sibyll reaches her ultimate goal not only represents a whole new dynamic for Sibyll, but for them all.

Indeed, when, Riggs is added into the mix, in a mouth- watering menage of sizzling proportions, I continued to read open mouthed as the pleasure between the characters and the emotional connections increased and dropped into place. However, will Hugh put aside his fear of commitment and acknowledge that this special attraction between the three of them is for keeps and will Sibyll return to her life in the city? Also what of Riggs and his desire to possess both Hugh and Sibyll? You will need to read this novel to find out how it finally plays out, but let me say that it is one delightfully sexy ride! More please!

I recommend this novel to lovers of erotic romance, especially those who enjoy hot scenes involving soul-searching cowboys and a heroine prepared to experience all they have to offer. A copy of this book was given to me on behalf of the author for the purpose of a fair and honest review.

Eve Recinella (Between The Bookends) says

3.5 Stars

Why haven't I heard about these books before now?? I have been missing out for sure. This book was HOT, nothing says sexy like a couple of bi-sexual cowboys!

Basically all these dudes at Boot Knockers are glorified prostitutes, ya ya, dress it up in the guise of "helping" women, but they are still getting paid to have sex with women. If it walks like a duck, and talks like a....well you get the picture. In addition, I guess when things get boring, they all do each other also. Hey I'm ALL for equal equality loving! *lol*

Basically in this one we have a heroine that can't orgasm, and we have two hot cowboys that play Brokeback Mountain in their free time.

There's attraction, there's pushing away, there's angst, and hot sexy times, and I really enjoyed every minute of it! I'll be sallying forth to the next book in this series with a smile on my face, and an image of hot humping cowboys in my mind!

Ruthie Taylor says

"I received a free copy of this book to read and review for Wicked Reads."

I loved this book. I am a romantic at heart and when three people get their chance at love, it is even hotter! Sybill's thoughts as she is trying to enjoy herself at the beginning of the book are wonderfully written, and resonate through a good part of the story. This cleverly sets up many of the misunderstandings that give us the drama we readers crave! The caring alpha male quotient is definitely high in this story. Perfect escapism and highly enjoyable.

I look forward to the next in the series - as there were plenty of cowboy boot knockers in need of love at that ranch.

United Indie Book Blog says

4.5 Stars

Sybill has a problem. She's never experienced the big O. She finally decides to take matters into her own hands and signs up for a week at Boot Knockers Ranch. At Boot Knockers cowboys are assigned to different women based on their ability to help them. As soon as Hugh spots Sybill, he decides he needs to be with her. But he has competition from Riggs who also happens to be in love with Hugh. Hugh calls on Riggs to help Sybill when he realizes she needs more than he alone can give her.

I really wished someplace like this existed because if it did well then sign me up please. And how lucky is Sybill to have two cowboys vying for her attention. Once Sybill got out of her head, she was able to open up and fully be in the moment.

This is the first book I've read by Em Petrova but definitely will not be my last. I read this in one sitting. And let me tell you that not only do you get hot sex scenes but you also get a fun, sweet, romantic story to go along with it. I really enjoyed it.

Love Books says

Oh my! Send me to this ranch please? When I started this book, I knew it wouldn't be anything but hottt but, boy, having a whole host of cowboys just waiting to please all these women... it's enough to keep you warm on a cold night that's for sure. Boot Knockers ranch specialises in helping women. And Sybill needs help. She can't achieve orgasm. I suspect many women can sympathise with this. So what she needs is a hot, dedicated cowboy to help her find the big 'O'. Now lucky Sybill ends up with two men fighting for her--in spite of some strict rules about which men are intended for which women--but the big boss, Hugh, gets the girl.

Unfortunately not is all plain sailing for the sexy cowboy and he struggles with helping Sybill, even though she is insanely hot for the man. Enter Hugh's competition--and sometimes lover--Riggs. It seems that maybe these two can help Sybill after all, much to Hugh's annoyance. He wants Sybill for himself.

I loved the different personalities. Hugh is a bit battered and bruised inside. He knows Sybill is special when she 'heart throbs' him and he can't get enough of her but they both fight to remember this is just a job. He also won't accept his feelings for Riggs. Riggs is the more sensitive and open of the pair, balancing things out but also throwing Hugh off balance sometimes.

However--and this surprised me--Sybill turned out to be my favourite. She seemed she could be a control freak. She *thought* too much and that always got in the way. God, I can sympathise with not being able to turn off my brain. But once she started...erm... enjoying both cowboys' attentions, the true side of her came out. The spontaneous, fun, sexy side and she's a blast and a sweetheart. My heart truly broke for her when it looked like things just weren't going to work for her.

What you're getting here won't surprise you if you're a fan of Ms. Petrova. Well rounded, balanced characters, flaming hot scenes, great dialogue and a nice touch of humour. If you haven't read any of Ms Petrova's work and you love cowboys and sex (who doesn't?) that's also guaranteed to please any romantic, you should check it out!

Joanna says

Hot read

Nothing better than some hot cowboys. Liked the characters, could have done with an epilogue or something further but will be reading the next books...

Cindy says

Do these kinds of clubs really exist? And if they did, could you really get your heart and your head wrapped around a permanent relationship with someone that works at these kinds of clubs? But I guess if you can get past that, this was a fine read.

Mary Mooney says

I received a copy of this book to read and review for Wicked Reads, so here it is. Sibyll goes to the Boot Knockers Ranch in Texas to get some help. A week of trying to find the big O. She has never had an orgasm, she thinks it is broken. But when she gets there and sees the sexy, hunky cowboys, she thinks that the big O is right around the corner. When Hugh and Riggs fight for her, she is so excited. But after two nights with Hugh and still nothing. She gets to the edge but never flies. So what will Hugh do to help her? All the while feelings are beginning to surface. Turns out that her ultimate fantasy is a threesome. And Riggs is all too happy to join in but Hugh is not so much, he doesn't want to share Sibyll. Will Hugh or Riggs step aside and let the other spend the last two days with her? This is a very HOT, steamy, sexy story with stubborn cowboys and a heroine that will learn what she wants and needs is the same thing. This is a first for me by Em Petrova and I loved it and can't wait for more of this series.

Angela Goodrich says

Niiiiiiice! Talk about some hot cowboy lovin', Ms. Petrova certainly knows her way around a ménage scene, or two, or three. Whew! Sybill may have gone to the Boot Knockers Ranch having never had an orgasm, but she didn't leave that way ... even if she left with her heart broken. What's a girl to do when the man of her dreams turns out to be two men – one of whom can't admit he's in love with the other man? Oh yeah, you got it, we get bisexual cowboys, hot ménage sex, and romance ... face it, you can't get your heartbroken if there's no romance involved. All of this adds up to a stellar read that I enjoyed from beginning to end (even if I didn't want it to end).

The Boot Knockers Ranch hosts 20 women each week as the cowboys use their talents and skills to help the women overcome whatever sexual dysfunction that plagues them – virginity, body image issues, fantasy-fulfillment, failure to orgasm, etc. But don't mistake the Ranch for a bordello. The ladies are carefully screened and matched by a counselor who knows what each cowboy can do and what skills are needed to help the individual woman. While I find the idea fascinating, I thought the added twist that the cowboys are shareholders in the ranch gives them a vested interest in seeing it succeed and helps to keep it professional and above-board. Although *Pushin' Buttons* features Hugh and Riggs, it is clear from scenes involving the other cowboys that the men take their job seriously and treat the women with respect. And, in Hugh and Riggs' case, love.

Being a founding member of the Boot Knockers Ranch, Hugh is taken aback when he responds so strongly to Sybill. He's not supposed to be taking part in this week's treatments, but he cannot NOT throw his hat into the ring for her. So it's no wonder he falls for her and he falls hard – so hard that he takes it personally when he can't take over the edge. It's quite endearing how Hugh beats himself up mentally when he finds his pleasure without giving Sybill hers. Though he doesn't admit it to himself, his determination to please her is not about his ego, it's about pleasing his woman. Needless to say, he's not happy when he learns that Riggs has wormed his way into their bed ... he doesn't want to share Sybill, not even with his lover. When he learns that it is at Sybill's request (and not Riggs' machinations), he agrees and Sybill (and the reader) is treated to some lip biting, squirm inducing, panty-drenching sex scenes that show that Sybill isn't the only one who can ride a cowboy. Yee Haw!

What takes *Pushin' Buttons* from a 4-star read to a 5-star read for me is the romance. The author doesn't just give you some great sex scenes that'll overheat your Kindle, she also writes one heartbreakingly sweet romance as these three characters come to terms with their love for one another in such a brief time. This is especially difficult for Hugh as he's had his heartbroken by a man before, which is why he is so hesitant to open himself up to Riggs. Does this trio find happiness? Or do they go their separate ways – Sybill back to her life as a researcher in Atlanta and Hugh and Riggs resuming their therapeutic roles as cowboys on the ranch? You'll have to read *Pushin' Buttons* to find out and if you're a fan of MFM ménages, you won't be disappointed. This book has made it on my reread list and I'm looking forward to Ms. Petrova's next book in the Boot Knockers series.

I received a complimentary copy of the book in exchange for an honest review.

Our Review

Wow ! What an interesting read and super hot !Who would have thought to read about a Cowboy Camp that specializes in helping women in need whether sexual or getting over a messy divorce feel good about themselves again.Sex Camp ?Just loved all the characters they were interesting and fun sexy and bruting and just to damn HOT !

Just loved the concept of a bunch of cowboy's fighting over a bunch of women to have sex with them .Too funny.Although this is a working ranch that sells horses this Ranch specializes in helping women.Everyone of the cowboys plays a part.There main goal is to have there women leaving happy and feel good about themselves again and give them anything that they want while they are there.The men are at there beck and call.YEAH!

Just loved all the character's but, I alway pick a favorite on to rave about and my pick would have to be Sybill. She just surprised me the most of all.She arrived at the ranch hoping to get over her sexual dysfunction in not being able to have an orgasm hoping one of these cowboy's will do the trick. Sybill was a bit uptight and had a controlling personality I believe this is part of her problem she just needed to let go.Hugh her gorgeous cowboy was the one just to do that.Instant sparks between the two. Sybill really surprised me the most she had the whole another personality to herself that she kept suppressed but, once she let it come to the surface she was some Hell cat as the men would say...One man couldn't do the trick but two !Who would have thought the stuffy uptight gal is into threesomes ! And I just loved how she came to care for her two cowboy's so quickly they just all fit together.There relationship just worked and when things come to the end my heart broke a bit for her as there seemed to be no happy ending for her. Sybill was just a sweetheart loving caring and smart and love able all wrapped up into one package.

Have a mention too how much I just loved Hugh and how he kept saying that Sybill heart throbbed him after all the women he has been with one stuffy little librarian type is the one to make this sexy hot cowboy fall in love.He was just cute sexy love-able and bruting and I was just a little bit in love with him myself.Riggs on the other hand was just one love-able sexy sweet cowboy the kind you could spill all your secrets to and go to when you need a good cry on one's shoulder.He was just too adorable.

I just loved it and we are giving it 5 stars.Em is a fairly new author for me and I am just loving her books.This was one great fun read and I am looking forward to reading some of Em's other titles in this continuing series.

Recommended Read to all that love Erotica reads!

Mary says

I received a free copy of this book to read and review for Wicked Reads.

OH MY HAWTNESS!!!

The author has done an amazing job of developing the premise of the Book Knockers Ranch and the characters in this story.

It gives you everything a reader wants: hot sex, stubborn cowboys, an endearing heroine, and romance.

I can't wait to see what Ms. Petrova has in store next at the Boot Knockers Ranch.

Cathy Brockman says

Pushin Buttons is the first book in this series. I will say it felt like a series that was already established since it didn't talk much about the background of the Boot Knockers Ranch. It almost felt like a spinoff or second book. I would have liked to know why it was formed, whose Idea, it was mentioned the Cowboys owned and ran it but never said which cowboys or why. I would have liked a bit more detail on that. Also Hugh kept mentioning a first love Travis but we got very little on that.

Having said that, I loved the story. Here is a little about the story.

Hugh is the Master of Games or the leader. He usually only fills in if one of the men needs a break, is off. He also does a few thirds if Riggs needs one. When he sees Sybill he wants her in ways he has never wanted a woman and fights for her. Riggs also wants Sybill though she isn't his chosen client for the week he too fights for her, not caring if he is breaking the rules. (which there seems to be a lot of rules between the men that I would have liked to know more about) When Hugh wins, that leaves Riggs with no client for the week.

Riggs and Hugh secretly hook up on their down time and have several threesomes with clients. Riggs wants more with Hugh. Hugh has been burned nice and keeps his heart shut off. Will Sybill break those barriers? Will Riggs be left out in the cold? Will Sybill ever be able to orgasm? I'm not telling. You will have to read the book.

It is a character driven story and I absolutely loved all the characters. There were a few cowboys mentioned in short spurts and I hope that means we will be getting stories on them soon. The cowboys give sexual

therapy to women with problems. This story is about Sybill, a guest at the ranch. She has come for therapy because she can't find sexual release and has never had an orgasm. She is a scientist, not a skinny model type on the outside but on the inside she is sexy, fun, and eclectic. I loved that this character is not your average romance beauty. She isn't perfect, she is very likeable. Hugh is mysterious and sexy and Riggs is just plain hot.

The plot of the story is very sexual since it is a sex therapy ranch. There is a lot of sex and I will say it is extremely steamy and never gets monotonous.

If you like hot cowboys, dude ranches, strong female characters, broken men, broken women, a sweet romance, a sexy ménage, and lots of steamy hot sex, this is definitely for you.
