Omg everyone got their hands full , Good page turner I can't wait to see how it all pans out.

KISHEANA SHAW says

The lack of communication tho

These heffas working all my nerve endings if folks just communicate so much couldve been avoided and resolved. That pettiness does not discriminate by race, economic status or gender. The men just as petty actually theirs is worst yup a hot mess

Alexandra Greene says

Spell check!

I don't know if it was because I was reading the Kindle edition or what but this story was full of grammar and spelling errors. Otherwise it was a good story I just don't understand the need for multiple books. I maybe done with this series for now!

THERESA A LITTLE says

Errors

My only comp!aint, The writer should have used spell check, some lines has to be re-read because of all the spelling errors

Denise L. Goss says

Excellent

This series is ?, the author needs to proof or hire people for editing. The grammatical and spelling errors really take away from the quality of the series.

Melinda Mclendon says

Love the storyline but..

I love the storyline but this one was riddled with typos. Onve you get over those you won't want to wait until you get to part 3. The storyline will keep you intrigued.

Tiffany says

Good book

I really enjoyed this book, and cannot wait to jump into the next one. I gave it 4 stars because there are a lot of grammar issues which can make it hard to read.

Twanna Henry says

Just purchase Ratchet Wives Club: Episode 4

Great read..It keeps you coming back for more. Continue the urban fiction flow going. I did not want to put the book down but I have to work.

Brittany says

Man..

The story is good and interesting, but all the grammatical errors make me want to stop reading. Overall I would highly recommend these books to people who love drama, but y'all need to get a new editor ASAP.

Samantha says

Like it

This book should be made into a movie or tv series. It has A LOT of drama and action. I really like this book.

Derekica says

This is most definitely a page turner!

If they would fix the grammatical errors I would be giving this 5 stars! The series keeps getting more ratchet and I'm here for it!

Alisha Benjamin says

OMG

I didn't expect that ending omg. Screaming yes yess.... I need the next part like ASAP. Just when will think something it gets turned around I love it

Ebony says

Very entertaining. Definitely a soap opera in the form of a novel.

Robin Perryman says

Good

Part 2 was good. These females are doing too much. I'm wondering where Michaela is hiding out and why? Cameron will only find out about the set up if Bobby tells but right now she's making things worse on herself. But she's really so smart til she's stupid. She's going down and taking her family with her. Poor Maya. I feel for her the most because she was trying to get her act together but keeps getting with the wrong men. Tiasi is getting like the people who took her in. Priscilla is just bitter and greedy. I like this so far.

Nicole says

The drama continues! I don't want to give any spoilers but what I will say is Michaela better get her life together (but it might be too late), Maya better get away from Bobby fast, Tiasi and Malik need to stop it but looks like it's too late, and poor Prescilla has turned evil and I don't like it at all. And that ending.....babyyyyyyyyyyyyyy I can't wait for episode 3! Very good read there were just quite a few grammatical errors that I hope I don't see in the next book.
