**Walter the Farting Dog: Banned from the Beach** William Kotzwinkle , Glenn Murray , Elizabeth Gundy , Audrey Colman (Illustrator)

Mr. and Mrs. Crabbe are enjoying their seaside vacation . . . until a certain dog blows away their umbrella with an enormous fart. Before long, Walter is banned from the beach. While Walter is stuck in the beach house, Betty and Billy hunt for treasure out on a sandbar. As soon as they find a nickel, Mr. and Mrs. Crabbe elbow their way in. Soon all four get marooned during high tide. Will Walter hear their cries for help?

## **From Reader Review Walter the Farting Dog: Banned from the Beach for online ebook**

### **Mary says**

I think it's awful, but my 4yo boy loves it ?????

---

### **Heather says**

34 months - If humor about farting never seems to get old with you or your kids this will be a hit.

---

### **Marissa Barbieri says**

My mother and I are both big fans of this series, which took a bit of a nosedive in the last book. This one recaptures the innocent spirit of the first books without compromising the advanced level of understanding Walter has developed with his readership.

Still, the illustrations kind of give me the creeps.

---

### **Andrew says**

In my family, we can relate to the premise of this book. We have an extraordinarily flatulent dog named Bella. Forget the Keystone XL pipeline, we just need to gather up the gaseous dogs of the land and we'd be energy independent.

---

### **Tori says**

This was okay. Walter is cute but the story was meh. And I don't love the font they used.

---

### **Lisa Cohn says**

Michael, age 5, loved this book (So did I!). We laughed our heads off reading it. Michael gave it 10 stars--on a rating scale of 1 to 5! Watch his youtube review here and let us know what you think!  
<http://youtu.be/RMHs9VUSfUU>

---

### **Stacy Fetters says**

This is my first and last experience with Walter. Not only is he banned from the beach, he's banned from my life for good.

The two stars are for the title of the book and a farting dog who farted so hard that he blew an umbrella away. The power in that wind!

What you arrive at first is the horrible.. terrible.. eye gouging art. And that's putting it nicely. Picture books are suppose to pull kids in and I think this will make them run in terror.

The story was just plain awful and no one punishes a dog for farting. Guess what??? Its a part of life and we all do it.

---

### **Paula says**

A lot of people don't like these books, but I like any book that keeps my 22 kindercutes engaged. This one did just that! Yes, it can be a little gross at times, but hey, my most disruptive of kindercutes was actively listening to this story and in my book that's a big A+!

---

### **Laura says**

I loved this Walter book. No double crossing from the father, and deserved comeuppance for the nasty beach guests.

---

### **Tim says**

Fifth in this series, hopefully not the last. In this one, our happy little family brings Walter to the beach, where one of his larger farts blows the beach umbrella of "The Crabbes" (and crabby they are!) into the ocean. They complain enough that Walter is confined to the beach house, where he finds a bag of tropical fruit that "must be cooked." C'mon, Walter can't read, but he certainly gets hungry... But wait! Betty and Billy swim out to a sandbar, and are joined by The Crabbes, who somehow think the kids are looking for treasure and want a part of the action. But uh-oh, the tide comes in and sweeps over the sandbar, leaving our hapless vacationers afloat! Again, our intrepid canine comes to the rescue in an explosive, epic fashion reminiscent of Biblical/Cecil B. DeMille proportions! The Crabbes get their comeuppance (final illustration being proof), and of course Walter is declared the hero once again!

This book entertains, just like its predecessors, though with many more words (some of which could have been edited down), and I eagerly await the next in this adventurous series. Four stars.

---

### **Andrew Stockle says**

Walter is a dog with bad gas that seems to leave nothing but a cloud of stink in his wake. In this story his gas

causes so much mischief that he is forced to stay home. Though the gas seems to be the problem initially, Walter's farts save the day. This book is a soft cover book with many colorful, comical illustrations. It is completely rambunctious and inappropriate in the best way. I would probably not use this book while teaching. However, I might be inclined to use it as a fun reward for my students.

---

### **Dolly says**

This is another funny book in the Walter the Farting Dog series. Yet again he is canine non-grata everywhere he goes, and yet again he saves the day. Funny illustrations, as usual. We enjoyed reading this book together and have read it a couple of times.

---

### **Jason says**

All I can tell you is that I didn't order this. Also, how on earth does it take THREE PEOPLE to write this drivel?

---

### **Christine (KizzieReads) says**

My son got this from the library and wanted me to read it to him. He loved it and he rated it a 5!

---

### **Bert Klimas says**

My grandson and I loved the first two Walter books, so I had to request this when I saw it at the library.

The story line almost doesn't matter; it is merely the vehicle for the wonderful full page illustrations. Any of the Walter books would be great for early readers, but they would also be fun for non-readers.

The oddest thing may be that there are three authors but only one illustrator.
