## From Reader Review ????××????! 12 for online ebook

### Elaine says

I don't know what to think of Hisame. he is interesting but also very twisted!

---

### Mary says

I really hate it when series just keep going and going and going when they easily could have ended much sooner - have character realize their feelings, confess and BAM! Ending. But in this case we're expected to believe that the lead STILL doesn't understand feelings or what love is. Maybe she has a problem. I mean naivete is one thing, this speaks of an actual condition. I mean. it's not like she doesn't know what love is - look at her parents. Plus, we're still being introduced to new characters. I don't care about new characters - I want resolutions to the main characters stories! I will keep reading until the end, but it's sort of painful more than enjoyable.

---

### Yederith Loner says

I miss Shigure.

---

### Anne says

I don't know why I'm still reading this, for crying out loud. I guess I'd just feel bad for suddenly throwing it away like that when I'm already in volume 12. Let's just get this thing over with.

I'm sorry, but Yukina is getting worse as the story progresses. It's been a long time now but she still hasn't sorted out her feelings. Instead, she keeps on venting it out to other people with thinking how this might affect them. Akira, for instance. The other characters aren't getting any better, either. Mami is becoming quite unrealistic, and Akira is slowly disintegrating as well. It's weird, but Hisame seems okay. At least the guy has some substance compared to the others.

P.S. Wow, I can't believe it's been a year and a day since I last read this series.

---

### Judy (Geeky Reading) says

~3.5/5

We really get to see what Hisame, Shigure's brother, is up to. And he's really quite an asshole. He's a jerk to Mami, ever since childhood he's tormented her. He does it in some twisted form of affection, but it's really not working in his favor.

I really just want Akira to jump in, but I'm strongly rooting for him and Mami, so I'm biased. Plus, I like how her feelings for him are growing, even if he's too distracted by Yukine to notice.

Surprisingly, Yukine finds Hisame's feelings more interesting and warranting studying, instead of being afraid or worried when he tries to force himself on her. It makes sense, though, and gives her more insight for her novels.

Her decision regarding Akira still bothers me, though, and I just want Akira to realize what's happening and do something about it. I'm impressed with Mami here, though.

I want more. I just eat up these books, and these slow releases suck.

### **Sharon sumanti says**

at first i feel kinda bored with the story.

but it came out slightly different from other shoujo. so, let's see how it ends. lol

---

### **Karina Rari says**

es war okay aber langsam habe ich das gefühl, dass die geschichte an fahrt verliert
