### **Madeline says**

I've devoured this series as soon as each installment came out. Love this author's writing style. The characters are interesting and realistic, and the sex scenes are smokin'. Definitely recommend.

He proposed!!! i love it!!!

Now....the waiting starts....the part that I hate the most...arghhh!!

Book 2 is out in August... how awesome would it be if it's released as a whole novel? not part by part? god that would be so awesome!!!!

### **The Book Junkie Reads . . . says**

I have no doubt that I would have been upset if I had to wait for each part to come out over a course of long periods. I loved having it all at once and could read it within days instead of over a course of a printers/publisher whim.

No major shockers but some pleasant surprise. Alex, Will, Lila. . . this is a ride to enjoy.

**Stefanie says**

Amazing series, I only wish that this was one book instead of 7 smaller ones. It was everything I could possibly want in an erotic series, steamy sex scenes, strong controlling alpha male, and a little bit of drama.

**Feliz says**

Much shorter than I hoped. A bit wordy could have used more substance to story line. Loved the Jake parts ad ending. It just felt rushed.

**Gloria Herrera for As You Wish Reviews says**

This review is for the complete series of Billionaire.

Explosive, raw, lustful, erotic and emotional are but a few words that come to mind when reviewing this book. The combination of Lila Carmichael and Alexander Wolfe is highly combustible from the moment he begins to interview her for the job of his assistant.

This is erotica with a great plot line. These two characters literally cannot keep their hands from each other. Some of the scenes are so hot you will think your house is on fire.

They both appear to be as far apart in the social class as is possible. Yet, when they start sharing their secrets, they find they are more alike than they originally thought. They both come from disrupted childhoods where abuse, fear, hunger and finally escape is a reality. They each worked hard to remake their lives and build a future they would be proud of. They are kindred spirits, communicating through their bodies and building a connection that goes deeper than their lust for each other.

Definitely recommended... look for my review of Honey Girl the sequel to this story. This story just gets better and better. The sex is still hot, but the plot line just blossoms into a more gripping story yet.
