Cowboy Hearts: a red hot menage with cowboys Cat Johnson

Ranch hands Justus and Dakota have known each other forever, or at least since fifth grade when Melody, the coolest girl in school, gave them both valentines. That day ended in a schoolyard fight that turned into a lifelong friendship.

Twelve years later, Justus and Dakota work together on the Maverick ranch and have vowed never to let a girl get between them again. That is until they run into Melody, all grown up, and decide that to preserve the friendship the best thing to do is keep her between them.

Cowboy Hearts was originally published as Valentine Cowboys by Ravenous Romance in 2012. This edition is a reissue, reedited but without any substantial additions or changes to the story.

At first I was thinking, "How old are these guys?" Well, really it was only Dakota who seemed a bit immature. Justus seemed to be either naive or willing to let bygones be bygones. I thought it was kinda funny that Melody somehow knew Dakota was bluffing on the threesome thing, though she wasn't going to be the one to back down. And once she got a taste for it, there was no stopping her.

I thought it was very sweet that Dakota ended up being her savior in a way. And that Justus made sure that Dakota knew this was a threesome, not just a couple with a third wheel. Very sweet.

Melody, Dakota and Justus have a long history. Going all the way back to fifth grade. Dakota doesn't trust Melody, with good reason. 12 years later, they're hooking up.

Dakota and Justus both love Melody. They've always been in love with her.

Melody comes back to town looking for a job. She runs into Justus and Dakota. They get together. What will happen next?

This was a pretty good short story. It did deal with some of the problems with being in an untraditional relationship. It was definitely HOT!

Loved the book. Very HOT!!! The truck, caving shed and motel room where so HOT!!! Story could have been longer? But a good fast read. Can't wait to read about Blue and Miss Casey.

If you like stories featuring two hunky cowboys having their way with one woman then this is DEFINITELY a short story for you.

This was a short read. I thought their start (in 5th grade) was very cute! Great how the two guys could manage to come closer together from it. I really didn't know about Melody. I really didn't like her until about half way through the book and even then I am still a little up in the air about her. The guys were great and compliment each other well. I felt that there need to be more at the end as it was left pretty open. Maybe adding a sequel???

And now (12/4/12) I just read this article on Yahoo News about a 6th grade love letter being on display at their wedding and totally thought about this book. Except the characters are Cathy, Brad, and Trevor. Here is the link to the article: <http://gma.yahoo.com/blogs/abc-blogs/...>

I read an e-pub format on my Nook, not a kindle edition.

This story isn't a menage romance so much as an excuse for two deeply closeted gay cowboys (emphasis on the [i]boy[/i] avoid admitting they're gay by putting both their dicks in a woman. Justus, at least, thinks he's in love with Melody. OTOH, Melody holds absolutely no value to Dakota other than sex.

If there is ever a sequel written, I hope it's about Melody realizing the men are in love with each other,

leaving them, and finding someone who will love her.
