John W. says

A JESS KIMBALL THRILLER by Diane Capri.

Who is the new passenger to be added to Flight 12's manifest? The 12 authors have made an event out of writing an unusual mystery thriller. Diane Capri's story featuring Jess Kimball is a breathtaking thriller. She is the only one who knows who will board Skyway Flight 12-midnight Flight to Rome

Diane Capri brings one her favorite protagonists to center stage of her new mystery thriller. Capri takes her time delivering Kimball's back story to her readers as she is not an easy character to understand. From Kimball's back story, we know she has had a complicated life, and her personal issues help focus her efforts to help others. Capri explains Kimball's ability to compartmentalize issues so she can focus on her current investigation.

Capri helps her readers understand the case=s Kimball is trying to find a common connection. As soon as readers of Flight 12 finish the first few pages, they will find examples of how evil heartless the antagonist are. The antagonists take joy as they killing regardless of age, sex, or who they are. The story Kimball is writing for Taboo focuses on cases of several families, who have suffered financially and loss of a loved at the antagonist's hands.

Capri introduces Kimball to her fans, just as she finishes her interview of a con artist who seems to have linked him to a ring of names of interest. He is being held in federal prison in Dallas. We meet Jess Kimball's legal connection to the many cases of fraud, manipulation, embezzlement and murder. Dallas FBI - SAC Henry Morris and Capri skillfully putting an investigative reporter and an FBI agent working together is a unique partnership.

Capri's story picks up the pace and intensity/ as Kimball knows the leads she is investigating ill be the break she is looking for to take the story to a conclusion. I liked how Capri was able to show the mutual respect between Kimball an investigative reporter for Taboo Magazine and FBI Agent Morris.

JESS KIMBALL THRILLER's story is moving so fast we see the lead Kimball is following gets her from Dallas, Texas then Florida and then on a plane to the city of New York. The story momentum shows Diane Capri spinning her story to a great conclusion. Kimball sends an update to Morris and boards the plane to New York following a couple of loving parents who have no idea the danger they face. Only the support from the magazine could get her on the same plane as the couple she is following. It took Agent Morris help to get Kimball through security with her firearm. Each page of this fast-paced story has a new surprise as Kimball maintains her watch of over the couple; she discovers the antagonist is close. Capri fans are holding their breath while Jess Kimball battles unsurmountable problems as the flight from Florida to New York flies at an altitude of 35,000 feet.

Diane Capri story is an action packed story and full of intrigue murder from the very first page. Capri continues to add surprises, create problems and for Kimball. Readers feel the tension and enjoy the suspense Kimball has to deal with once the plane from Florida lands in New York. Kimball's quick thinking gets the couple safely off the plane. Once Kimball is on the ground, she has to be prepared to go to Rome on Skyway's Flight 12 that departs at midnight.

Capri packs many ups and downs in FLIGHT 12 - A JESS KIMBALL THRILLER, making the story move at lightning speed with a surprise twist on her ending. You will have to buy your copy to find out what happened in Florida and on the plane and in New York. The biggest answer fans will want to know who is boarding Skyway Flight 12 to Rome. Diane Capri has written a power packed story I consider a must read. I hope the fans agree with me that we would like to see more of Jess Kimball.

Jess Kimball is a reporter (with some sad history)...but not your ordinary, run of the mill reporter. She works for a highly popular magazine with a seemingly unlimited expense account. She also thinks that she works for the FBI. Fatal Demand was a very good, easy read, with plenty of excitement. Half the time you were Jess Kimball, most of the other half, you were the villain, Luigi. The books flows easily. The characters are easy to visualize and like. There are few, if any, errors in the book. The book comes to a good enough conclusion if you didn't read the next one...but it lets you know there will be another one, to continue her adventure. I will definitely be reading that.

Ted says

Rarely have I read an action-packed book that kept me captivated enough to read it in one evening! Jess Kimball is writing an investigative report for a magazine about elderly victims of scam artists who are often left nearly penniless without the hope of a future. In an ironic twist of fate, the scam artists are, in turn, scammed by more-experienced, European criminals. With four dead American scam artists in different states and one being held hostage in Italy awaiting ransom by his elderly parents, the FBI has no way of tying the cases together and breaking the ring of scam artists. But wait! Jess Kimball finds the key that unlocks the mystery. I really enjoyed reading this book.

I was given a copy of this book so that I would write an honest review of it and post it.

Lynda Wood says

I enjoy this series. The only thing I don't like--having to find the sequel to discover what happens next.

Candi Kult says

First Jess Kimball thriller I have read. Can't wait to read more with this character. Book left me hanging was so glad I had fatal error, so I didn't have to wait for more.

Christine I says

Great read, as always. Jess Kimball is one heck of an investigative journalist, and I love reading about her adventures. Hoping she will find her son one day. You need to read Fatal Error to see how this story ends - wow, what a finale! Literally breathtaking.

Pat Welte says

Really good book, Diane makes you care about what happens to the characters. Lots of action, I was hooked immediately and didn't want to put it down.

When Luigi Ficarra shows up on the scene, I knew I didn't like him. A well-written book, I intend to read more of Diane Capri's books. I have read many of her books in other series. I really like the Jessica Kimball series and can hardly wait for the next one

Lynda says

I really enjoyed Jess Kimball's adventure. It was fast paced and always interesting with all kinds of twists. The main characters are well written and intriguing. I read it very quickly and it ended way to soon. After I read the next one I am going back to read the previous books in the series.

Gail Jernigan says

Great thriller

This was my first Jess Kimball book, but it won't be my last! I have read other Dianne Capri books and have always found them to be a great read with a great story. This one will not disappoint the reader. I was just

sorry when it ended! The characters are well-developed; the story believable with thrills throughout. This is one that you will stay up reading, unable to put it down.

Scooby Doo says

DNF. Somehow I just couldn't believe the main character. "Victim's Right's reporter" as crime solver? Just too much of a stretch for me. She interrogated people like a detective, not a reporter. Her character wasn't fleshed out enough for me to see her as realistic. The plot was good enough, I might have continued if there was some reason to care about the protagonist. I bought the book on the basis of the prologue, which has a very interesting character, but he only appeared once.

kathie Bell says

Woohoo, what a ride.

Started out fast and got faster. Stayed up till midnight to finish reading it. On to the second one... thanks

Carol says

...Fasten your seat belt and get ready to board Flight 12. This is a series of 12 writers, writing 12 stories that have a character who boards Flight12. This is the third book in the series. It features Jess Kimball who is an investigative reporter for Taboo magazine. She is investigating a group of con artists that are murdering and robbing people of all ages. Working with a Dallas FBI agent she follows the trail from Texas to Florida to New York to.....you need to read to find out!!!

This is a fast moving thriller with stunning surprise twists to heighten the plot plus a chilling conclusion. You will need to allow time to read as once you start you will need to read until the end.

I received this ebook form the author. My opinion is my own.

Alicia says

While I am not new to both writer's books, I am new to the Jess Kimball series. Let me just this: It did not disappoint at all!! I was completely hooked from the very beginning and could not put this novel down. I did in order to walk the dog. But otherwise I was completely engrossed from page one!!

Fast moving, realistic and full of twists and turns. No story line dropped, rich descriptions of places, characters and events.

Nigel and Diane teamed up to write a completely amazing novel. If you like mystery, thrills, adventure and realism...this book is for you.

Spoiler alert: this novel ends on a cliff hanger!! But no worries because the second "half" is already written and ready to read. So head over to "Fatal Error" as soon as you are done here.

Lance says

Having never read any books by Diane Capri or any Jess Kimball stories I didn't know what to expect from this character. I found Me as to be quite level-headed given her situation with her son missing. Rather than dwell on that too much the story leaps right into the action and doesn't stop as Jess is faced with not only her current client, whom she believes is guilty, but now dealing with the parents of another business owner who may be a victim instead of a swindler. Keeps the reader engrossed until Jess is the next passenger of this flight.

I wish to thank Ms. Capri for providing a complementary copy of the book in exchange for an honest review.
