Ipomoea Hiromi Takashima , Costa Caspary (Translator) , ?????

Yamada ist für die Pflanzen der Schule verantwortlich und pflanzt «Ipomoeas» (Prunkwinden). Über die Blumen kommt sie mit der lockereren Kase-san aus dem Leichtathletikverein ins Gespräch... und stellt erschrocken fest, dass ihr Herz beim Anblick der großgewachsenen Sportlerin zu hüpfen beginnt! Yamada kämpft gegen ihre Gefühle an, denn schließlich ist Kase-san wie sie ein Mädchen. Erst als der große Schulmarathon ansteht und Yamada sich ihren sportlichen Schwächen stellen muss, kommen die beiden näher...

Laura says

Adorable mutual pining! So cute and innocent! Art is super cute and whole things is super fun. I do want a little more character development and wonder why Yamada keeps saying she's slow?

Marty Preslar says

One of my absolute favorite yuri manga! I'm so happy this has been published in the US! Seven Seas is really doing a fantastic job of finding some good stories and bringing them to us, but this one is one of the real winners! It has a positive message, cute art, and is just one of the best manga out there! (Takashima-sensei is continuing the story with a sequel manga that is currently being published in Japan on the "Flash Wings" manga portal and the "Wings" shoujo manga magazine, starting this past April: "Yamada to Kase-san" or "Kase-san and Yamada" in English. I hope Seven Seas picks that up as well!)

Jaylee says

This was adorable perfect. Oh my goodness. It was sweet, funny, just. Amazing. Absolute cute, pure fluff. I want to bundle up in this series forever omg.

Makhda says

Another cute and sweet shoujo-ai manga! This manga would be adapted into an anime as well. Can't wait!

velma says

So. Goddamn. Sweet.

Nikkie says

Oh good grief, this is cute. So very, very freaking cute. You will drown in the cuteness.

Alexis Sara says

There is a bit too much of the "classic" But I'm a girl, this girl looks like a boy (she doesn't) kinda stuff going on here. That said it is a solid time if you want some women loving women content. It's a cute story, the art

is really good, the dynamic Yamada freak outs are cute, and the ending did work as a solid hook for me to want to read volume 2. It wasn't so great that I was like I need number two but I do have hopes that going beyond this they can do some really amazing stuff.

Amber says

[wasn't enough for the sudden development at the end. (hide spoiler)]

Chiara says

That was so FREAKING ADORABLE

Shan(Littleirishbookcat) says

This was such a sweet manga. Ordering books two and three straight away!!

Honestly we need more queer manga like this. Where both MCs develop a sweet crush on eachother and their relationship to follow is healthy!

Frank Van Meer says

If you're into Yuri or Shoujo-ai, Kase-san and Morning Glories is a must read. I've read it many times online, and finally found a webstore where I could buy the physical volumes.

The story of Yamada and Kase-san is told in a series of stand-alone chapters (Kase-san was originally a one-shot in 2012). Yamada is the shy, clumsy girl in highschool and a (only) member of the Greenery Committee. She is hopelessly in love with Kase-san, the star of the school's track-club, and is thrilled Kase-san seems to have an interest in her as well.

The art is incredibly adorable, and quite humorous. What really stands out, though, are Yamada's myriad expressions. Just about every expression you can think of is there.

The saga spans 4 paperbacks (24 chapters) and it is a classic in Yuri, alongside Morinaga Milk's Girl Friends.

It seems there will be a sequel, where we'll get to see Yamada and Kase in their university years (one chapter has been published so far.

Jhosy says

This mangá was so cute!

Kase-san is one of the best manga of today.

I loved that the story does not stop only in a platonic relationship.

I look forward to reading more about the development between the characters and where the author will take us.

Sylwia (Wish Fulfillment) says

More like a 3.99 but I'm rounding down.

This is an extremely sweet f/f romance about two gals who are canonically romantically attracted to each other, one of whom has a history of dating girls. Every chapter contains a sweet interaction between them as they start a friendship and form feelings for each other. This volume ended wonderfully and I will continue on with the series!

Just a note: there is no plot and every chapter focuses strictly on their interactions. In my opinion, this is the only flaw in the series thus far.

Josephine (biblioseph) says

“Not your garden variety yuri love story!”

“Yamada may be shy and rather clumsy, but the flower gardens at her school have always brought her happiness. Suddenly, a different sort of beauty catches her eye— the vivacious track team star, Kase-san. Although the two girls don’t seem to have much in common, they soon start a romance where each must learn an important lesson in tending their budding relationship. Can the two girls, so different from each other, learn to make their first love blossom?”

Kase-san, the eponymous character and love interest, is a cool, sporty girl who becomes the object of affection of quiet, clumsy Yamada who tends the morning glories outside school. This book was filled with mutual respect, kindness and the kind of tropes revolving around school sports day you might be tired of, but not me!

This was possibly the best yuri I’ve read yet this year. I’m eagerly anticipating the sequel to see how this relationship develops, as I can’t get enough of how evenly matched.

Promotional image from the music video adaptation.

A quick read that was recommended to me by Erica Friedman of Okazu. **I liked it better than I was expecting, but as usual I am getting impatient for the confession of feelings by the end of the volume.** It seems to be that it takes a couple chapters for that to happen. In a standalone novel, that's okay. Here, where a novel-length story takes place over several volumes, I feel impatient.

The story was sweet, real, and since it takes place at a coed school, I really like that this wasn't played off as a practice romance (s-type?) I'm discovering I'm really not a fan of that.

Despite the blurb, this book is severely lacking in flower puns.

(Also looks like this series got a mini adaptation, didn't know that was a thing. Read about it on crunchyroll. Or on Yuri Reviews. Or Yuri Nation.)

Selena says

This is a cute and fluffy first love. It just happens to be about two girls.

But seriously, this is probably one of the cutest, fluffiest short manga I've ever read. It's also fairly laid back and focuses more on the relationship than it does on creating drama.

It's also worth noting that this manga is actually pretty down with the relationship. Kase and Yamada's relationship, while a first love, is not treated as a phase, one where they'll eventually grow up and get married to men like they're supposed to. I also liked that Yamada was unsure about her feelings but ultimately figured them out on her own.

The art looks a little off at times, but it's functional and pretty more often than it's weird.

It's worth a read if you want something sweet and simple.
