## **Liam's Bride** Emma Alisyn

A BBW beauty and an Alpha Bear are having a baby...

Curvy gardener Meredith may be the daughter of the man who killed Alpha Bear Gerald Conroy fifteen years ago, but Gerald's son Liam can't help wanting to make the red haired beauty his mate.

Of course, he has no idea whose daughter his stubborn tenant is, only that she has dared insult his food and demand he renew the lease for her after school program. Meredith is reluctant to succumb to their attraction—especially when she fears the tall, broody Chef may reject her when he discovers the truth. After one scorching night of passion, she may no longer have a choice but to confront him with her secret... or raise their baby on her own.

A 41K standalone steamy werebear shifter romance suited for readers who like their heroines curvy and their hero's tall, Alpha and all teddy Bear. First in the Clan Conroy Bears series.

## From Reader Review Liam's Bride for online ebook

### Ti says

A really good story almost ruined by a sex scene involving very very stupid punishment and dominance themes, including painful, forced anal sex. It would have been 4 stars if had not been included and possibly 3 if included, but there was a warning in the blurb.

Too bad. Certainly does not make me want to try another by this author.

---

### Robyn says

The Mothers Den decide to hold a lottery, ten men's names will be pulled and they are required to marry humans. Liam is Alpha of the Conroy Den and his name is pulled. Liam is attracted to Meredith and as she is to him but her father killed his father. When their relationship becomes more serious she tried to tell him but he doesn't want to listen.

---

### Monique says

Note that this review is of my opinion, and what some may like, others may detest. And we all know the old saying about opinions. Speaking of...

Something told me to take a look at a few reviews when I got to 50% of the book being read. I should have heeded that *something*...It started out okay, then took a complete nosedive for me.

I don't like anal sex in M/F 'romance' books, let alone it being forced. Add to that, the nasty crude language associated with some of the scenes...NO THANK YOU! There was nothing sexy/sensual about it...

Case in point: "...he resumed the touches that sent fire into her c\*\*t and melted her core, juice waiting to coat his c\*\*k when he finally took her." Really?

The male character was bossy, and didn't have a problem bossing the female character around; the female was wishy-washy and weak. Plus - the female character went from being slightly coy, to a full raging 'hot mess' hole. And it only got worse...the same 'demure' woman then tells the 'hero' to "C\*\*\* in my mouth." Now - if expressed in a different way with more creative - not skanky - language, this could have been hot for some folks.

Since the so-so cheddar cheese wheel plot thinned to a slice of preservative and c\*\*\*-filled American cheese, I had to back away.

The book kept raising its gross factor for me, so I DNF.

Nothing like regurgitating processed cheese. Or having it come out all runny at the other end.

And yes...those damn opinions. You know what they say.

### Elizabeth Stokes says

#### Good shifter read

This is the first book I have read from this author. I have to say I was not disappointed! The storyline was great pulling in characters to start what I hope will be an awesome series. Oh I loved the subtle subliminal lol BOOK REVIEW message, it worked! Good bear ? shifter read and I'm gonna get to the next book!

---

### **Patti Ashley says**

#### **Great story**

The heroine has a huge secret and the tension of telling the hero is stretched out perfectly. The uncertainty of the relationship is very realistic. Liam can be an jackass but he realizes his flaws and acknowledges them, which is huge for an alpha. Wish Brick's story had been bigger. Hopefully she will get her own bear.

---

### **Sue Davis says**

#### **Love This Story.**

This was really good. You can just think what it would be like.. Finding someone who finally interest you more than you fear them, who is also drawn to you but a secret of who you father is could make him hate you. He says he doesn't need to know what you think he needs to know, your relieved. Pregnant then he thinks you lied , a kid is attacked but your bad father tried to help her and was nearly killed. Finally a HEA with love, familiar and friends. Looking forward to the rest of this series.

---

### **Robin says**

Liam's Bride starts out rather slowly but speeds up, way up, fast and doesn't stop moving. The plot advances, the plot thickens, the plot...isn't quite finished yet, I hope since it feels like the author missed something near the end since it ended so abruptly.

Spoiler below

As I said the plot advances but it feels like it moves far too fast. One minute Meredith is a teacher cum councillor who's facing eviction for her teens group, the next she's attracted to the new owner and the next

... Yeah, too fast for my liking, especially since there are sub plots which feel incomplete.

### **Marie Rich says**

#### **Loved It**

This is a super cute bearwere romance. All the essential ingredients, sexy alpha, bbw, a little violence and hea.

Note to author: inappropriate to put in shameless plugs about reviews

---

### **Christina Luberts says**

liked this short read. You have Liam and Meredith who need to except each other for differences. Can Liam get over Meredith being human and what her dad did to his family? The only thing that I felt could have been better is a few scenes that was in one place, than all of a sudden in another place with nothing showing that they moved to another room or place. For a short read it was good.

---

### **Noel says**

I liked the story. Character development was good. Quick, easy read. Adult content.

---

### **Mary Martell says**

#### **Loved it...**

I loved this book. It was a tale of courage, strength, love, and forgiveness. Can Liam forgive the woman he loves, the daughter of the man who wronged him?

---

### **Xiamera says**

When I first started reading and I basically got the gist, I looked at the remaining pages and wondered where the rest of the story would meander and go, since it was pretty straightforward. I don't think I had gotten anywhere near page 100 when this happened, so to me what came next could have probably been summed up in five pages. It honestly felt like no time was passing. When in actuality, apparently weeks were going by. So one star goes for Liam's sister reaction, which I felt was way overboard. Another star goes for the shoddy pregnancy plot and the last one Liam's stupidity when Meredith was trying to come clean. I couldn't get a fix on Meredith's personality. At first, she was timid, then she seemed to overcome the timidity and find a backbone, then she was way too willing to roll over and then she was back to having some steel in her spine. All in all these characters felt stereotypical to me and forgettable, as does this book.

---

**Stephanne88 says****Good first book**

Glad I stumbled across this book! Good read! Has romance, steam, mystery, and a little suspense. Would recommend this book and will be getting the second book right now! Read this in one day. Took off one star for some grammar errors. Give this book a try!

**Shasha says**

[ he demands oral, then pounds into her, then takes her in her anus (hide spoiler)]

---

**Megan says**

Didn't feel like 300 pages. Which is a good thing. I got to say, I'm not that impressed with the editing. Not sure if it's the edition I'm reading but there isn't much separation between sections. It went from they're making up to her checking her phone and there wasn't a gap in between...

Story is ok. Not HP about the anal sex but that's her bum not mine.
