## **Samantha Spinner and the Super Secret Plans** Russell Ginns

For Samantha Spinner, it just isn't fair. Her uncle Paul disappeared, and here's what he left:

Samantha's sister got a check for \$2,400,000,000.

Samantha's brother got the New York Yankees.

And Samantha...got a rusty red umbrella with a tag hanging off of its worn handle. The tag says "Watch out for the RAIN." Thanks, Uncle Paul.

Even harder for Samantha to understand is, after all the strawberry waffles they've shared, how could Uncle Paul leave without saying goodbye? The answer is simple. Sam knows in her heart that uncle Paul is in danger. If only he'd left a clue...Well, if Sam's Uncle Paul taught her anything, it's that not everything is exactly what it seems. Which is why we should pay close attention to that rusty red umbrella, and never trust a monkey at a hula-hoop contest.

The RAIN is coming and whether she likes it or not, Samantha Spinner is about to find herself mixed up in some super-puzzling, super-dangerous, super-secret plans. And if she's brave enough, she might just find Uncle Paul.

# **From Reader Review Samantha Spinner and the Super Secret Plans for online ebook**

## **Pop Corny says**

Geography and Laughs.

I was lucky enough to get a review copy for my class. The kids love stinky ninjas and secret tunnels.  
What a nice introduction to a worldwide adventure series.

---

## **Princess Fussypants says**

I like stories where girls kick butt.

Samantha lets the ninjas have it.

This is an adventure for future kick\*ss girls.

---

## **Ms. Yingling says**

E ARC from Edelweiss Plus

---

## **Sheely T. says**

A super-secret superhero girl.

Samantha Spinner is the right book at the right time.

With so many mixed-messages shouted at girls, here is a middle grade hero for everyone!

---

## **Robby says**

My teacher gave me his review copy. He said I'd like it because something about it stinks. I thought that was a weird way to recommend a book. But he was right! The book is full of ninjas that stink!

Is that a spoiler? I dunno.

---

## **Siusan says**

Samantha Spinner and the Super-Secret Plans is an amazing adventure tale. Samantha and her brother start in Seattle and end up traveling all over the globe via a secret transportation system while they search for their missing uncle. They have to fight of ninjas, evil rings, and hunger. This story introduces young readers to famous sites around the world, well known art, other countries as well as some well known rare collector's items. This tale is a wonderful mix of humor, sibling relationships, and of course thrilling escapades. And to add to it all there are several puzzles as part of the book. Samantha Spinner is a great read for young and old who are looking for a new adventure.

---

### **Cara says**

Meh. Just ok.

---

### **Carl Wantanbe says**

This book is a funny puzzle, and there are puzzles hidden all over this funny book.

Lots of fun!

---

### **Bigbooks4littlefingers says**

Very entertaining. Similar to 39 clues. Looking forward to the next one

---

### **Lisa says**

Lots of super secret fun to be had in this one! So glad it's book 1 in a series, can't wait to recommend it middle reading super sleuths.

---

### **Book Lady says**

My daughter and I read this book together. What a charming adventure!

This story is just what people need right now.

Sam is fearless and smart. She is excited to explore the world and meet new people. She is a girl of action and kid with a brain, too.

Girls (and their annoying little brothers also) need more heroes like Samantha Spinner.

---

### **BookishOwlette says**

One Line Review: Meet the new Kim Possible.

This was a very fun read! I love how its soo light hearted and imaginative. I found myself wondering maybe there is a secret opening in all those historical landmarks but I wasn't looking hard enough! I'd be soo mad at myself if I missed them!

Samantha gave me strong Kim Possible vibes. She is smart, adventurous and has a Ron-like sidekick in her brother. She travels the world through those secret tunnels in order to save someone she loves. The story, in a way, is self-aware and very comical. I truly enjoyed reading this! Do not hesitate picking this up!

### **Sara Houser says**

This book was written well and was pretty interesting how creative the author got with the types of ways they could travel. Magtrains, pneumatic tubes, ladders, secret mailboxes..... and more. The gist of the story is that this family's uncle turned up missing one morning so Samantha and her brother nipper go on a mission to find the missing uncle. The story was easy to follow, I wasn't confused or left with unanswered questions to the book and I loved the extra touch in the end to talk about the historical sites the children visited. Nice touch!

---

### **Jodi Weslerman says**

I laughed when Samantha's life is saved because she holds up a loaf of French bread and it is very stale so it stops a ninja throwing star.

If I visit France someday I will get some stale bread. This book just saved my life!!

---

### **Dale V. says**

Samantha tries to solve mysteries around the world while her brother does dumb things that get them both in trouble. That's the story of my life, too!

(Except for the part about the ninjas. I don't have ninjas following me. At least I don't think I do.)

This book is really, really funny.
