**Second Chance Bear and a Baby** Harmony Raines

**Does a bear deserve a second chance?**

Liam's mate was murdered by a drug dealer. Now that same drug has given him a second chance. But will he ever find happiness? Can he live with the loss of one true mate, and learn to love another?

These are the questions Liam must find the answers to, if he is ever to become a second chance bear.

Carla first sees Liam sitting in the corner looking miserable, while all around him, his colleagues are celebrating finally destroying the drug dealers who have been selling Niq It. Drawn to him, she is surprised when he has a sudden change in personality and goes from seeing straight through her, to seeing nothing but her.

However, she soon discovers there is much more to her *party pooper*, than she ever imagined. Can she give this bear a second chance at love?

### **Patti Jean says**

Okay I ended with tears. At first starting this read, I wasn't sure I liked that really neither the hero or the heroine had a choice in who they'd be with. However, the further you get into the story and see that it was more than the drink, that it was MORE than a chance, that FATE played in there as well. You fall for the characters harder. Then you break for them as the truth is revealed and you heal with them by the end. I absolutely love Harmony Raine's books and will continue to read each every book of hers! Off for my next read!

### **Thelma Conner says**

#### **I love these series of books**

I love Harmony Raines' stories. They are hot, sexy, stories of finding your true mate. The way the characters interact with family, friends & other people who come into lives is important to the plot & stories. Carla & Liam find themselves with a new love for each other. Liam lost his first mate when she died trying to bring down the drug ring. This story has everything a reader wants, mystery, blackmail, a love story & a happy ending for all involved.

### **Alan says**

#### **A lonely waitress a shifter officer come together in a explosive shattering experience leaving them both breathless .**

A shifter police officer loses his mate to the man they were determined to put away for life an they individually did years later . He had all but given up living then wanting to go an be with her . Then the night of the celebration of finally closing the case came . Thru a friend and fate stepped in an gave him a second chance . 18+

---

### **Keoki Ki`Ili says**

This time fate saves the man by giving him a second chance at life. Drugs took his first mate and that set things up for his second. Only this time he has to work for it, she has no idea his kind exist. Sweet ending.

---

### **Leslie says**

#### **Enjoyable Story**

While I had some problems with the idea of a drug being the reason Liam gets a chance at having another mate, this story is so well written that it works. I loved Liam and Carla's characters and they were perfect for one another. I was also glad to see Beau and Eloise make an appearance...now Joel needs a story. I am looking forward to reading more by this author

### **Paul L. Seyler-Schmidt says**

#### **Second Chances are Amazing**

Carla and Liam have a second chance to fall in love. Help from friends and past romance makes their start hurried and wild. I'm so glad neither gave up on love.

I recommend reading this book as part of the series.

### **Vickey Mcgee says**

#### **Beautiful!!**

They say threes a charm. This is the third and for me this one has surpassed the others. This is so beautifully written with a lot of love in it. The characters are great along with the story. There is some sexual content. No violence but a whole lot of love and understanding. It's definitely a keeper.

### **Linda Bennett says**

#### **Great book**

I have enjoyed all the books do fare and can not wait for more. Keep the good books coming along thank.

---

### **Puna says**

Didn't work for me. She wasn't his "true mate" and everyone seemed fine with him wanting her (only) because he was drugged. I wouldn't be ok with the female lead being drugged into wanting the male lead so why should it be ok for the man to be drugged into love/lust/need?

---

### **Heidi says**

his is my most favourite book of this series Liam captured my heart and soul it was a cleverly written book and I loved it.

---

### **L M says**

Sometimes you read a book and just cannot bond with the characters, this is one of those books for me. I liked this story and enjoyed the first half but somewhere after that Carla and Liam fell by the wayside and whilst I was very happy for Liam after what happened to Louisa I felt disassociated from him and Carla and didn't engage with them at all for some reason.

When I first realised what Joel had done I was horrified but when I understood what would have happened to Liam I understood better.

Not the best in this series but as I liked books 1 & 2 will keep reading them.

I received this book as an ARC for an honest review.

### **Cindy says**

#### **Great book..**

Another awesome book from Harmony Raines.. I love reading her book.. If you haven't given her a read.. Please do so.. You will love them...

---

### **Ti says**

The shifter part is secondary. In some respects the story seems unfinished - it is not about being pregnant or having a child, so to some extent seems unfinished.

---

### **Patricia Hoffstaetter says**

This is a fantastic and interesting book to read and I thoroughly enjoyed reading it. The story covers Liam who has lost his mate Louisa (she was murdered by a drug dealer). He is sitting in a bar quietly and forlorn while his fellow collages, are drinking and celebrating the the take down and removal of the drug dealer to a shifter prison. His friend (Joel) get Carla a waitress working there to take a drink to Liam who has gone outside and to make sure he drinks it all, now this is where the the story becomes very interesting. What you will find in this story is drama, intrigue, a helpful woman, a forlorn lonely man, celebrating collages, a drink, confusion, a mate, (Joel) his friend, a spiked drink, Niq It drug, why, a second chance, a note, meeting brother (Beau) of Louisa, new mate not a betrayal, mountains, shifting, feelings of rejection, anguish, talking, a pregnancy, lust, love, emotional feelings and erotic scene. The story-line and plot is well thought out and written, the pace is steady and not rushed. The characters have needs and desires according to their personality. I would recommend this book to people that like to read a second chance bear shifter story with a HEA.

**Angелиque L says**

**Bear and his family**

Just finished this series. I loved their stories. How the shifter's fought hard to found the happiness they deserve. And the mates who love them. Its awesome when a man steps up to be a daddy. A must read
