Stolen

Jinx Jamison

Stolen Jinx Jamison

Another kinky tale from the author of The Madame X School of Sex series
(A super-short prequel)

SUMMARY

The first time I stole something was on a dare.

I was fifteen and reckless, determined to prove I could be a bad ass. My best friend Jody dared me to take a pack of gum from the Handy-Mart. In retrospect, I'm surprised my bumbling effort didn't land me in jail. It was hardly a covert mission but I did it.

I did it, I loved it and I've been stealing ever since.

Usually it's something small, just enough to give me the rush. Over the years, I've graduated up to pickpocketing which requires a bit more daring and a lot more finesse. I've never gotten caught and I suppose that's part of the thrill.

Every time I take something I have to wonder if this is the day my luck will run out.

This is the story of the day I stole from the wrong man.

Ruth says

This was a freebie from Amazon. It was OK, I suppose, for something to read for an hour maybe, but there was practically no plot and even the steamy bits weren't exactly smutastic, more kinda meh. I did, however, really like the first person writing style, without it, the story would have been pretty much totally flat.

2 stars. It was OK.

Hazel says

IN WHAT WORLD WOULD THE PLOT OF THIS BOOK EVER HAPPEN!!?!?

I just cant wrap my head around how this book would ever ever work in real life. I found it to be like a cold bucket of water over my head, I thought the sex scene was vulgar and beyond unbelievable.

Not impressed at all but at least it was free.

Adriana says

Stolen by Jinx Jamison

This story was just a couple of pages, a tease if you will, but it gave me a glimpse of the writing style of the author. I liked it enough that I'm going to look up more books in the Madam X School of Sex series.

Well, I certainly am glad I didn't look at this book's rating before picking it up - because it is highly likely I would have never picked it up. This was super short as indicated in the blurb...but it was a freebie that served as a teaser or the series. in very few pages it defenitly did its job! I was hooked and I wanted to know more! I will definitely be checking out this series.

If you like this type of book, you might enjoy one of these groups. Check us out!

Wee Shubba's World says

Oh what a naughty little teaser!!! Very hot, very steamy. Too short lol. Needs to buy next book in the series. Sexy Times galore!!!

~Jessica~I'm a Hoodie Ninja~ says

EFF! Just a small story, just to get you wondering about this damn place!

I want to know of this place. I need to know of this place. I MUST find it! And I must find the rest of this effing story!

Nikki "The Crazie Betty" V. says

This was a very short story set entirely around one sex scene, which I was ok with. Going into this read knowing that it was as short as it was told me immediately to not expect a lot of story or plot line, which was a good assumption to make since we aren't introduced to the characters more than to know that Dom is a BDSM instructor and our female lead is a 9-5 business woman with a naughty streak.

You are immediately introduced to a very sexual woman who happens to get the most "enjoyment" out of stealing. Nothing else can turn her on the way stealing can. Until she meets Dom on the train.

There really isn't any story here for me to be able to review but here are my thoughts on this one long sex scene:

- * VERY hot and steamy! Had me going immediately.
 - * I never thought I would actually enjoy the voyeurism/exhibitionism themes but it completely went with the pace of the situation and I found it very enjoyable.
 - * Had my x-rated fantasy wheels turning!
 - * The one thing I can do without in these kinds of stories are the anal play.
- I have nothing against it, it's just not my cup of tea.

- * This short enticing read made me instantly want to go get the rest of the Madame X stories.
- * This was my first step into the BDSM themes of Erotica and while there are still some things I am definitely good without, this story made me want to branch out a little more to see what other goodies are hiding within this genre.

If sex with strangers, domination/submission, anal play, and/or voyeurism/exhibitionism themes make you uncomfortable than this is not the read for you. But if you're looking for something hot, steamy, and naughty to get you into the mood then look no further!

djdavis~*Sivad*Sex Pocket says

This was a real quickie...

A nice teaser for what is to come. Unfortunately, I was attempting to read this while reading *Seduced in the Dark* and it just wasn't working no matter how short it ended up being.

If you looking for a hot and steamy quickie to get your fix then this will do the job. Veronica is an attractive young woman that steals just for the hell of it— actually it gets her off. She isn't prepared to meet her match one evening when she's on the train and sits beside her new target Dominic. A quick rub and flutter of the eyes has Veronica's head spinning and off her game to swipe his wallet. But determined as ever, she makes a last attempt to snatch his wallet and disappear. Funny how things work when you least expect it. Shuffled amongst the crowd when exiting the train she stands face to face with the attractive target and confronted for her bad deed. Despite the urge to cut out and run she pushes the boundaries proving luck is on her side when Dominic happily agrees to take her punishment through a steamy sexual encounter that leaves both party temporarily sated and interested in more.

To bad this short flick ended before we could learn more about the Veronica and Dominic and what was to become of the two.

Rating: 3 stars

Sharon says

There was literally nothing to this novella except sex. Dangerous, public, unprotected sex. Great.

NhaughtyV says Damn the Zon Save the Reviews says

Yay! A warning!! And just an FYI, this is currently a freebie over on AMAZON for the Kindle ;)

Sarah Marie says

Stolen by Jinx Jamison

4 stars

Veronica loves the thrill of stealing. One day on the train she pick-pockets a guy and something feels a little off about this pick-pocket. He confronts and says that he knows she stole his wallet. They then have sex in the train station. This is a pretty short and raunchy book, but I actually liked it. It was interesting and different. By the end of this short book I was already wanting to read more about Veronica and this sexy, mystery man. It was a cliffhanger and one we'll probably never know the ending to. I might read *Seducing Sarah*. I might not. I did enjoy this one a lot so chances are very possible that I will pick up *Seducing Sarah*. It's weird typing my name into a title. A raunchy title, but it has my name in it. All the more reason to read it. The characters were interesting, the sex was HOT, and it was interesting.

Cover Thoughts: I don't really like the cover. It's too raunchy for my tastes and I don't think it fits. It should be at a train station.

.The Review

Wow a super short book that just had me begging for loads more, I will be getting the rest in this series, I loved it, This is the story of when Dom met the love of his life Veronica, from *The seducing of Sarah*, This book is full on sex, so much like the others, only this time it takes place in a train station, I loved it, I would

highly recommend this one if you fancy a short hot read, also included was a short excerpt from The Madame X School of Sex and Teasing Trent, all great books in their own right, but put altogether like this, Mmm I am not going to say anymore, just HOT, 4/5

Ana says

Well, this was interesting. This was a very quick read.
At first I thought that they would run to an hotel or his house, but no! They were too busy for that.
I liked his name, Dominic "The Dom" Ramirez.
This book left me curious for the next book. If you are looking for a quickie you should read this.

Reena Jacobs says

Bravo!

I was looking for something short and sexy. This was it. In very few words, the author managed to create meaningful characters in addition to a plot which made me think "it could happen." :) The sex was hot and well-written. Definitely kept me entertained.

As the description stated, this is a super short story despite the large file size. Beyond the story is an excerpt for another work in the same series. I didn't read the excerpt, however. Like I said, I wanted something short, and Stolen did it for me.

Well done, Jinx Jamison! I'll have to see what else you have to offer.
