The Deputies: 3 Novella Box Set Olivia Jaymes

Genre: Contemporary Western Erotic Romance

Series: Cowboy Justice Association

3 Never-Before-Released Novellas approximately 25K to 30K each

Second chances. Unrequited crushes. Brand new love.

Deputy Hank Dixon:

When Hank's estranged wife shows up ready to mend their broken marriage, he has a hard time believing she's sincere. She's hurt him badly in the past and he's not sure he's ready to let her stomp on his heart all over again.

Alyssa has learned from her mistakes and is ready to do whatever it takes to get her husband back. She wants to spend the rest of her life showing Hank that he'll always come first for her.

But this stubborn cowboy cop isn't going to trust so easily. He wants more time but fate has other plans. When tragedy strikes, can Hank put the past behind him and embrace a future with the woman he loves?

Deputy Sam Taylor:

Sam's been alone a long time and that suits him just fine. On a night he plucks a scared woman from a car accident during a snowstorm, he finally realizes he's been missing out. Tabby is everything he's ever wanted in a woman. Too bad she's just passing through town.

Tabby's life is busy and complicated. The last thing she has time for is a sexier than hell cop that makes her weak at the knees just by smiling. She shouldn't get involved with him but she can't help herself. He's just so damn perfect.

When it comes time for Tabby to leave, Sam knows she's changed his life forever. And forever is a long time. Can this handsome deputy convince Tabby that he's worth changing her life for?

Deputy Drake James:

Tori Saunders has been in love with Drake forever. At least it feels that way. Now she's back in her hometown and she's determined to make the hotter than sin deputy her man. She's got it all planned. All she needs is a little cooperation from Drake.

Drake takes one look at Tori and decides some steamy nights between the sheets sound like just what the doctor ordered. The sexy pastry chef seduces him with her sweet desserts and sweeter curves. Together they really cook in the kitchen.

But when Drake finds out that Tori's planned out their entire lives together right down to the names of their kids, he ends the relationship then and there. It's not like he'd fallen for Tori. Or thought she was wonderful, and smart, and sexy. Nope, this cop is just fine without Tori Saunders. Except he's not. Looks like Drake has some work to do to win back the love of his life.

Publisher's warning: This book contains sexy scenes including some hot lovin' on the kitchen counter, up against a tree, and in front of a roaring fire.

Note – While these novellas are part of the Cowboy Justice Association series, the stories stand alone and may be read out of order.

From Reader Review The Deputies: 3 Novella Box Set for online ebook

Hot Reading Mom says

Three novellas that allow a bit of a catch up with the sheriffs of the town. Stories related three deputies looking for love. Strong men and hot sex. I hope that we hear more from this author.

Lisa Leonhardt says

Deputies of Love

Love all three of these books, could not put them down. Olivia Jaymes great story teller. All the books are so good how they found love. Love how Olivia brings the Sheriff's and their wife's back in the story's of their deputies. Great story's you'll love these books.

Jo Ann says

3.5 Like the first story the best but, for novellas, they were all well done. Like the author's voice and will check out her other books!

Deb Diem says

The Deputies by Olivia Jaymes is a fantastic read. This is 3 complete stories in one package. Ms Jaymes has delivered well written books with three suspense filled stories. The characters in all 3 books are great. There isn't anything about this set that I don't like. Be prepared for humor, sizzle and drama. These 3 books are complete stories, no cliff hangers. I enjoyed The Deputies and look forward to reading more from Olivia Jaymes in the future.

2/4/2015

So... this is a group of 3 novellas about the deputies that are a part of the stories in the Cowboy Justice Association series. What I am doing is reading one of the books, then following up with the novella about the deputy mentioned in the book (before I move on to something else and totally forget who these guys are). I didn't see this boxed set until I had read Book 2 (about Sheriff Tanner), so I was intrigued about Sam from the book descriptions of him. That's the novella I have read in this volume so far. I would give it a 3.25 star rating.

The first novella about Henry just doesn't sound that interesting, so I might not read it... not sure yet. I

haven't read the main novel featuring the third deputy yet, so I will expand upon this when I do.

PepperP0t says

This anthology gives a longer, sexier look at the trusty deputies of the first three towns in the Cowboy Justice series and their very different romantic foibles. Despite misgivings, Hank gives his marriage a second chance; Sam meets a woman that loves and appreciates the same things in life he does and; Drake learns sometimes the first love is the best love.

Unlike the novels, these shorts focus only on the romantic slice of the lawmen's lives. Other than the sheriff and his mate the self contained tales didn't venture into town or danger. This reader missed it... quite a bit.

Deputy Hank Dixon - Harper, Montana 3.5stars

Hank's looking forward to the end of his shift. His son, Luke, will be there visiting and he won't have to spend much time with his soon to be ex-wife, Alyssa though he knew they needed to start talking about the divorce. But when Hank arrives at the house, he's surprised to learn Alyssa faults herself for their problems and has moved herself and Luke back home to they can try again. Hank's not having it!

Deputy Sam Taylor - Springwood, Montana 4stars

Luckily Deputy Sam was on duty when Tabby Bartlett gets injured after she crashes her car in a snowstorm. Sam realizes how lonely he is but doesn't have a solution as he tries to talk himself out of getting involved with Tabby. But helping her check out a ghost story in a cemetery at midnight might keep things in perspective. This couple had great chemistry and more of a tale to tell than this short allowed.

Deputy Drake James - Corville, Montana 3.75stars

Tori Saunders has been in love with Drake James since they were 13. Afterwards she moved to New York and he moved to women with questionable morals and more questionable brains. Now she's back, to open her own bakery and impress upon Drake playtime with bimbos is over and it's time to claim what's always been his. The question is if he's grown to want one woman instead of all the women.

Overall rating: 3.75stars

Cindy Miller says

I loved The Deputies!! Three stories on some of our favorite deputies from the Cowboy Justice series.

First up is Deputy Hank Dixon from Cowboy Command-Hank and Alyssa gets a second chance on their marriage, their story is 5 stars!

Second is Deputy Sam Taylor from Justice Healed-Tabby ventures into Sam's territory, she needs to interview a client for an upcoming paranormal show and ends up in a ditch from a snowstorm, Sam comes to her rescue and a instant attraction begins, one hot sexy read!!

Third is Deputy Drake James from Cowboy Truth-Tori has had a major crush on Drake since they was teenagers and played 7 minutes in heaven at her best friends birthday party, years past Tori comes home to open her bakery and stake a claim on Drake.

All 3 reads are great and steamy hot!! I hope Olivia James gives us more deputies from her Cowboy Justice series!!

Cyn Mistress Kitty says

Loved all 3 stories but my fav was Hank Dixon's story.

Rose says

Wonderful read ... 3 great short stories even as good as the full length novels in the series.

Linda Estes says

This is a group of 3 novellas about the deputies that are a part of the stories in the Cowboy Justice Association series. There is deputy Hank Dixon from Harper Montana, deputy Sam Taylor from Springwood Montana and deputy Drake James from Corville Montana. They are all characters from The Cowboy Justice Association series. And theses are just as fantastic and well written as the series!!!! The 3 novellas tell about how they meet and fall for the special one and how they love with all their hearts!!!! Would recommend everyone to read the series!!!!

Lynde Shaw says

Great addition to the Cowboy Justice series by featuring short novellas about the sexy deputies we've watched on the sidelines. All 3 stories were different, but all well written and I recommend these as a part of the fantastic world that Olivia Jaymes has created.

Karen Roma says

These three novellas were a fabulous read, telling the stories of the deputies who are so often left in the background, yet play such a prominent part in each of their towns. I read these after the first three books in the series, and felt like they completed what had occurred so far.

Hank Dixon - Harper, Montana

There was absolutely nothing not to love about Hank. He personifies, loyalty, integrity and is a genuine all round good guy. So the rescue of Tabby in the line of duty, is just another day at the office, until the easy going ghost hunter strokes the fire f his desire.

Sam Taylor - Springwood, Montana

Protecting your heart is never easy, and knowing that you were not enough for the woman who was meant to be your forever is bittersweet.

So when a year passes and Alyssa returns claiming that she's home to stay, Sam has to ensure that the walls around his heart are high and the barriers are strong, so that when she leaves again he doesn't tumble into the abyss.

Drake James - Corville, Montana

A womanising reputation has not stopped Tori from wanting to live her childhood fantasy of forever after with this sexy deputy; but he has to notice her first.

But can a severe case of hero worship transform into the forever kind of love, or will lust be the winner when this serial romeo turns on his charm?

Mrs. Garen L. Herd says

Good read

I read the other 6 books first and this one was good (3 novellas), but not up to the depth and quality of the full books. And what happened to Dare and Evan? Thought maybe they would be in this book. Three deputies that fall in love and fight it most of the way, but not too long because the stories are short. Recommend if you like short and fast. More sex than feelings.

Janey says

What a brilliant collection!, the deputies stories, Hank, Sam & Drake, they are novellas but they don't feel rushed, original stories, likeable characters and loads of steam!. I thought Hank & Sam's stories were the best and their ladies were perfect for them, also great to hear about the sheriffs and their partners from the original books, this is a great series with more stories are to follow, looking forward to reading them.

Merle says

Three deputies find their soul mates in this box set. One is a wife, one is a brand new love and one is a teenage crush. Very different stories and three romances. My favorite is Deputy Sam Taylor's story, who works in Strongwood for Sheriff Tanner Marks. Sheriff Marks and Dr. Madison have a role in helping Sam and the young lady who comes to town discover each other.

Deputy Hank Dixon and his wife are separated, and Hank sees no chance for reconciliation. His wife has changed, however, and he begins to see her differently. Then a serious accident happens and.....

Deputy Drake has known Victoria Saunders since school days and she has had a crush on him all that time. This girlhood crush becomes sort of a contrivance for the story, but it works out well.
