Bev says

WTF!! Anger, betrayal, utter contempt and I imagine I could get a tad violent towards one four letter word slimy piece of garbage...and that's just ME!! 4 stars.

Imagine how Sebastian and Aaron are going to feel once they discover the truth about their mutual f***k buddy....**utterly devastated** doesn't cover it, and yes I **know** they're characters in a book, but THIS is personal!! And I assume this was your idea of revenge you slimy worm, you getting your own back on Sebastian for having the temerity to sleep with a rent boy while going out with you?? A woman scorned has **nothing** on you!!

And while we're on the subject of 'betrayal' Mr Author (smooch by the way), I certainly didn't expect you to (view spoiler) never saw that one coming **at all** (I can just imagine you smirking hehe), that was *completely* under the radar BUT what can I say, I'm HOOKED on this series and will stay with it until Vince gets his just desserts and Mr Carson is taken down by a mob of angry rent boys and dismembered, piece by bloody piece, not that I'm violent or anything....Well done Kol ♥♥

LiveYourLife BuyTheBook says

neeeeeed..... now.....

Tristan says

3.5~4/5

The last book was alright, but this one blew me over.
That twist at the end was awesome.

Candice says

This book was not nearly as dark as the previous books but nonetheless very intriguing. Aaron is out of Vincent's custody and is trying to make sense of life after his abduction. Again the story is emotional with twists and turns that are unpredictable and mind blowing. Can't wait for the next episode.

Brown Eyed Girl ~Suzanne~ says

I don't know if I'll continue. I really wanted Vincent to redeem himself. He had feelings for Aaron and I wanted more to come of that. Instead he just threw him to the wolves. Aaron should've been in therapy. He

went through multiple rapes, mutilation, torture, attempted suicide and drug addiction but he was not in therapy? There was supposedly an investigation into who took him but that wasn't explained either. Then the whole relationship that forms between Aaron, Sebastian and Eric? This is so strange. I feel like the "surprise" twist at the end was forced. This was all together unsatisfying and seemed very rushed. Plus now there's a replacement for Aaron? Vincent is just not a good man. Disappointing.

Cory says

WTF just happened? Something I didn't see coming that's for sure. Poor Aaron has been through so much and I feel so sorry for him. I really enjoyed this, although I could have read more and wish it was longer :)

Daniela Reika says

You, Dear Kol, as I already told you, you're a genius (evil genius), you're the only one who can make me talking to myself in the middle of the night to review each sentence of your book. (My hus thought I was crazy)

nothing is ever expected, nothing is ever as it seems! I adore you! I can't say anything, because everything would be spoilers, but i love Aaron even more.

I look forward to your other stories!

Truuss says

The Escape #3

I'm getting nauseous from tension in my stomach.

I should have known better. Finally there was some good flow and than.....BAM everything blows up.

Well thank you (not) Over to #4

Alex says

I can't believe Kol created that ending... I am supper PO... But I am coming back for more like a fat kid at a candy store... Nicely played Kol, nicely played.

JustJen "Miss Conduct" says

Looks like I'm in the minority on this one, as I ended up feeling a bit disappointed. After the way things left off at the end of the last book, I was raring to go on this one. However, I felt like I missed a huge chunk of the story somewhere along the way.

For starters, Aaron is now free and living with Sebastian and Eric. How did we get there? When we last saw

Aaron, he could barely function without the drugs, yet no mention is made until his pain prescriptions begin to run low and he seeks out the heavy stuff. After such an ordeal, why was he not in any kind of therapy? This all just felt disjointed to me and not at all like the first two that were so cleverly planned out.

That being said, I did love seeing the rest of this story played out and definitely didn't see the twist at the end, although that seemed to be just thrown in there as well. The writing itself is still very good, but just didn't find this segment having the same vibe as the previous two.

Marcie says

Thank you for the advance copy, Kol!

*****4.5 STUNNED STARS*****

OH.MY.GAWD! I don't know what to say. I mean, I didn't know what to expect, but I thought I could of imagine the possibilities of how things would of played out. Boy, was I wrong. Not in a million years would I of thought of things going down the way they did. Aside from the feels I was completely and totally SHOCKED!!

Great job, Kol! I know it took a little longer than planned because of reasons. So I just wanted to say: that I'm proud of you, brother! AMO!

Kym says

At this point I just want it to end! It is becoming long winded.

I had a feeling things would end this way, however i was hoping for a different journey to take them there. I was waiting to see the dominant side of Eric that comes out sometimes. I could see him putting Aaron in a situation that will help him replace bad memories with good ones. It didn't go that way of course.

Now i am just highly pissed! Who is Eric really? What kind of life does he have? Sebastian obviously thinks his boss is someone other than who he is. I am sooooo ready to read the next season. Even though I didn't enjoy this book as much, the story as a whole had my attention.

Sandi ♥'s way too many M/M books says

Speechless! God dammit Kol why do you do this shit to me everytime. We need to talk. Love you babe!!!

Debra says

My poor Aaron. When part two ended there was a glimmer of hope. Did Aaron survive? Did Aaron get out? Even if he did get out, is he too broken to recover? Did you really think I would tell you what happened? If you've come this far in the series, you really need to experience the rest for yourself.

Of course, having read Kol's work before, I should have known that those answers would not be easily won, nor should they be after all he put Aaron through. I should also have learned to expect secrets, lies and an ending that would keep me thinking about it, and feeling it, long after the last word.

Mary Wallace (Madam Aus) says

This is the finale that will leave you gasping and looking for the number of the truck that just ran you over. It is dark with a upbeat tilt, this whole series takes you places some people dont want to go so dont say you were not warned, it is NOT for everyone, but if you love beautifully crafted stories with characters that are more than one dimensional and leave you feeling that there will never be enought time or paper to truly understand them fully then this is your schtick. IF you have followed this series from the start get this NOW...
