Nigel May

Trinity: Sexy, scandalous, summer reading Nigel May

‘An addictive plot that is packed with twists and turns. Prepare for larger than life characters, fabulous locations and plenty of humour.’ *The Sun*

When friends become enemies there are no rules...

Ambitious gossip queen **Anoushka Silvers** is the daughter her abusive father never wanted. Determined to prove herself to her family, she'll stop at nothing to get what she wants. But when her bitchy tongue gains her death threats and the unwanted attention of a stalker, it could be Anoushka who is making the headlines.

For actress **Evie Merchant**, her childhood dreams of becoming the world's hottest movie star are just about to come true. But a string of hurtful liaisons with lovers out to use her fame, has made Evie uncertain about her future. And with Oscar day looming, Evie's biggest prize of all could be cruelly snatched from her.

A loveless upbringing has made wild child **Regan Phoenix** search for quick-fix highs from drink, drugs and meaningless sex. But when the opportunity of starring in her own reality show comes along, Regan grabs it with both hands, hoping to put her trashy past behind her.

From fashionable London to stunning Venice and glitzy LA, Trinity takes you into a glamorous and thrilling world you won't want to leave.

'Sex and scandal abound in this full-throttle thrill-ride through the hidden lives of the mega-rich. **Trinity sizzles with bitchery, bling and betrayal, and is the perfect accompaniment to your sunlounger this summer**' Victoria Fox

'Trinity is so much fun. **A great summer bonkbuster.**' Tasmina Perry

‘Such a **fun, sexy read** - perfect for the beach’ Paul Burston

'Opening **Trinity is like biting into a very indulgent, rich, rare chocolate, it's naughty but my word you enjoy every bite.** Each chapter serves a delicious helping of glamour, secrets, and intrigue.’ Genvieve Ni Reamoinn, TV Presenter and Journalist

Read what everyone is saying about Nigel May...

‘Packed full of sauciness, darkness and intrigue, this lively romp of a story takes you on a colourful journey through the world of showbiz, from the ultra-highs to the face-planting lows. **If you're looking for a sexy, racy, riotous read for your sun lounger this summer, this is the perfect choice.**’ *Heat Magazine*

'ADDICTED is a **sexy, dark, thrilling celebrity whirlwind** that lifts the curtain on some blistering superstar scandal. It's the most fun you can have between two covers. I need more!' Victoria Fox

Fiona Wilson says

I am becoming a lover of this author's books, and really enjoyed this one.

There are a lot of twists and turns throughout, various plot lines played out which eventually start to weave their way together. I loved the characters of the three main female characters the most. Each one is described as a strong woman in their own rights, and seeing how these lives broke apart as secrets begin coming out was very well done.

Can't wait to read more from the author.

Heather Graham says

It was hard to put the book down, it captivates you from the very beginning. I did figure out who the killer was not long after the second murder, but it didn't hinder or spoil the rest of the book for me.

Jackie Roche says

This is the story of three sexy, beautiful girls who have been friends since childhood.

The book has got a bit of everything in it. There's intrigue, murder, sex and glamour.

Nigel May has the ability to describe the characters in such a way that we can picture them and actually care what happens to them.

The perfect book for reading on a beach with a long, cold drink.

Amanda says

I only discovered this book as I follow the author on Twitter. Nigel May is a terrific presenter on Create and Craft TV and this is his debut novel. I am not a lover of the chick lit genre but this publication had me intrigued by what this novel was like AND I like to support people I like.

This book is terrific. It has a great set of strong characters who pull no punches and Nigel brings his expert career knowledge into play during this rip-roaring read. Strong female characters, strong male characters and a plot which you can believe in. You would NOT expect this from a male author would you. I laughed at some points and I stunned at others. The book is fast paced, twisting and turning, and never-failing to keep this reader hooked. It takes quite a lot to keep me reading on and on and I was sad when I came to the end (and I laughed at the ending, really was quite unexpected and funny in a way). I am not sure whether Nigel can follow on with these characters but if he can write another novel with them I shall be there pre ordering. I am sure one of the characters in this novel can star in their own novel. One thing is for sure, I do NOT want

Nigel to stop writing, he is a refreshing new author that I would like to read more from!!

Lynda Kelly says

I was lucky enough to win a copy of this so it didn't sit around on my Kindle for months before I got round to it as free downloads usually do !

It is a very "girly" type of story, not for the men, really, yet written by a man which I found surprising. It brings to mind the Jackie Collins books I used to read more of in my twenties. After a while I got a little bored with them all being quite samey so tend to read murder 'n' mayhem more often nowadays. It's nice to have a bit of frothy escapism at times, though, to keep my hand in !!

The Trinity of Regan, Evie and Nush were interesting as a lot of the time they weren't very sympathetic characters. Nobody in the story seemed happy to be faithful either, it seemed, which is quite sad and a jaded way of looking at things, really. Of the trio I probably liked Evie the most. She seemed the most grounded and least promiscuous of the lot of them.

He used a couple of characters I thought he sailed pretty close to the wind with as they were easily recognised as current celebrities.

I was disappointed at the mistakes in it, though. Some were howlers, I thought. It's an e-book staple these days to happen upon apostrophe errors but there were a lot of spelling errors in this as well. A couple of times women used instead of woman, rites instead of rights, flare instead of flair, bearing and not baring, wrack and not rack and VERY annoyingly after I'd congratulated him to myself on knowing the difference between poring and pouring because he got it right, he suddenly got it wrong 2 or 3 times !! There were quite a few places where commas were needed, too. "I can't lie Stafford" and "There's no creepy-crawly honey" and "Sorry about this Nush". They all read wrong without them.

There were some very funny lines in it at times which I liked. It would have been 4 stars if not for the mistakes.

Helen Carolan says

now i'm all for a bit of trash, it's great for cleansing the grey matter. but this was just TRASH!! dreadful book. hope the author is ashamed of themselves.

Vanessa McCormick says

Literary Genius

Addictive page turner, I was hooked from page one. Gripping story line with a few fab twists that you don't see coming. 5 stars for Nigel May (my new favourite author).

Stephanie says

Review originally posted on my blog: <http://stephinlondon.com/2013/07/01/b...>

Trinity was probably one of the most addicting reads for me so far this year—it was like watching your favourite soap opera and reality show rolled into one glittering ball of insane goodness. With more twists and turns than the most memorable episodes of *The Young and the Restless* and *As the World Turns* combined, Nigel May's *Trinity* had me scandalised and thoroughly entertained from the first to the last page. I can definitely see why *Trinity* appeals to fans of Victoria Fox and Tasmina Perry and indeed the authors themselves!

May's novel features a host of intriguingly sinful characters—both the main and secondary characters were brilliantly written. I actually found myself enjoying some of the stories of the supporting characters more than anything else, particularly that of Regan's mother, Montana. I just found her (and Lawrence!) to be such horrible people that I couldn't get enough of them. Funny how that works.

There's a fair bit of sex in *Trinity* but it's not over the top and on every other page. It's realistic without losing its sexiness—always good! I wasn't cringing at the couplings and dirty talk—not an easy feat. And a bonkbuster written by a man! Revolutionary!

My only issue was that there were a few spelling/grammatical errors that were overlooked. I understand that May is now going to correct these errors in the Kindle version; at the end of the day the story and characters were so enjoyable that the mistakes didn't detract from the book. I'm eager to see what May comes up with next.

If you like your fiction sexy, sweaty and full of intrigue, *Trinity* is definitely the book for you this summer.

Rachel Gilbey says

A trio of friends who used to be the best of friends, and now their lives are moving in different directions. They are all rich to an extent and are known people, but yet none of them are truly happy. This is another fabulous sexy scandalous story, but the king of bonkbusters. Some cracking and memorable characters, and with some fantastic story telling, this was perfect poolside reading.

Emma says

On the surface, this is a book I would not normally read. However, after enjoying watching Nigel May on TV for several years I thought I would give this debut novel a shot. I wasn't disappointed!

Strong lead characters, with moments of laugh out loud hilarity coupled with moments of shock and sadness this book slowly gripped me more and more to the point where I couldn't put it down until I knew what was going to be the fate of the three leading ladies.

Personally, I can't wait for Nigel May's next novel!

Steph Lawrence says

I've just re-read this after originally reading it a few years ago, before I 'discovered' what a fantastic author he is.

I absolutely loved it. If you like a Jackie Collins book give him a try, you won't be disappointed!!

Deborah Baulch says

a good story.not my normal read but really enjoyed this.

Nessa says

Wow, what an amazing book this was, loved it from start to finish, was such an addictive read. the story never stopped, and you never knew what was going to happen next.

The storyline is cleverly done and the characters are well thought out, some you want to love and some you want to hate and just punch in the face lol. I won't mention names as wouldn't want to ruin the book for anyone.

It was the first book of Nigel May's that I had read and it certainly won't be the last. I'm already looking forward to reading his other books.

If you love books by Tasmina Perry, Jackie Collins, Rebecca Chance, Louise Bagshawe or Tilly Bagshawe, then you should definitely give Nigel May's books a go as you won't be disappointed.

Carol W says

Fabulous darling!

The Trinity...three women who formed a life long bond at high school. Each with a disjointed family background, their bond makes these women a force to be reckoned with.

Evie, actress, is the gentler of the women.

Nush, from a privileged background, is a reporter for her father's tabloid paper. She will go to any length to get that headline.

Reagan, is a daughter in the shadow of her actress mother, Montana, who abandoned her as a young child.

This novel reminds me of Jackie Collins novels with a modern twist. Amongst the sex, scandal and jet setting the author goes a little deeper into the personalities and feelings of the characters.

There were some secrets I had guessed, but was eager to see them revealed , but also some surprises. Would love to see another like this from this author.

Loved it!

Sonya Alford says

Nigel May asked me if I would like to review his book. 'Trinity' is his debut novel and it is a right sizzler.

Regan Phoenix, Anoushka Silvers and Evie Merchant are the very best of friends. They call themselves the Trinity and are certain that they will always stick together and that nothing will spoil their friendship no matter what life throws at them.

Regan's mother Montana is a rich and famous actress who has never cared much about her daughter, preferring instead to put her career and men first. As a result Regan has become something of a wild child, drinking and sleeping around. Anoushka or Nush as she is called is a gossip columnist for her father's newspaper. She knows that her dad doesn't really want her. Evie has always dreamt of being a famous actress and she manages to achieve her dream, even though she has a lot of heartache along the way.

In the world of glitz and glamour things are about to change big time for the three friends and certain events will test their friendship.

I wasn't really sure if I would like this novel, but I actually loved it. The writing style was great and there was a lot more to the story than I thought there would be. Quite a few of the chapters ended at really interesting points which left me totally intrigued. I wanted to know what was going to happen to each of the three main characters straightaway.

Full of twists and turns this story has it all; scandal, stalkers, blackmail, money and lots of sex. It's a thrill a minute and is guaranteed to give the reader hours of pure pleasure and entertainment. I can't wait to read Nigel May's next book.
