Superbly crafted tales of science fiction and fantasy from around the world. Previously unpublished stories that will take you to new realms, experience mystic sorcery, meet strange creatures, travel through time and visit distant galaxies! Turn the pages and let your journey begin today.

In this issue:

FOR HANNAH—Mark Bilsborough

If a virtual copy of a person falls in love with you, does that mean the real human will do so as well?

PLAYMATES—Arlen Feldman

Imagine, for a moment, a world where anything that you 3D print can come to life. And then imagine that ability being wielded by a child.

EVENS AND ODDS—Vanessa Kittle

All of us keep a darker side buried deep within. Siman was given the chance to experience his darker side when he accidentally met his clone.

THE SHIP OF THESEUS—Philip Brian Hall

If every piece of your body was to be replaced with a new one, would you still be the same person?

AN INFERNAL MALADY—Michael Haynes

There are times when a poison for some is actually a cure for another. Beware of accepting aid from those who are too eager to help...

THE HOME SECRETARY IS SAFE—C.R. Berry

One can never know what to expect when they are caught up in a secret government endeavour, especially if reality seems to bend in on itself...

DAUGHTER OF THE WESTERN WINDS—Jenni Wood

For most people, controlling their primal tendencies is rather easy when comparing it to half-breeds, because for half-breeds, controlling their animal side is the only thing that keeps them human and everyone else alive.

THE WHEEL OF FORTUNE—Matencera Wolf

The road to a new world is usually paved with the blood of others.

F-BOMBS—Allen Kuzara

As the world changes, both the laws and personal rights will change, sometimes to the point where they

become unrecognizable.

URGENT CARE—Dale T. Phillips

If you believe medical care is tough today, wait 'til you experience it in the future!

A GUY WALKS INTO A BAR—Russ Watrous & Mike McHone

A fantasy tale that every person has experienced at least once in their life... If not, here's your chance.

Good Stuff

Simple sci-do fantasy fun. Some that stood out, some that didn't but nothing BAD, ya know? It was entertaining and gave me ideas.

Montzalee Wittmann says

This is an awesome collection!

I enjoyed each of these stories and the fun bits put in between. All of these stories were 5 stars! My favorite was Playthings.
