Aurora's Coven (The Lost Coven Book 1) K.A Knight

I have a secret. Darkness exists. I try to hide, but where can I go when it lives inside me?

On the run from those who want to kill me, I made an uneasy alliance and found a new home. Everything goes just fine until a coven of witches walk into the pub where I work. Broody, sexy, and scary as hell, I'm determined to avoid them, no matter how much attraction sizzles between us.

But Ezra, Alexander, Jason, and Benjamin have no intention of leaving me alone. They're the council's finest hunters, and they recognize the power that lives inside me, even if they don't know what it is. They're in town on a mission and agree to hold off turning me in. Which means I have limited time to convince them I'm not a bad person.

The darkness inside me grows, though, and when it breaks free in public, I'll be forced to face the consequences. The only question is, can I trust these men who I feel a bond with, or will it lead to my destruction?

Aurora's Coven (The Lost Coven Book 1) Details

Angela says

Not your typical witches

This book was amazing!! I really enjoyed the unique and creative take on witches. The FMC was funny, confident, and fierce. Her sarcastic remarks and love of food had me bursting out laughing so many times. The interactions with her BFF and dog were snort inducing too(I want a Neville of my own!). Although there were plenty of lighthearted moments, the characters are also working through their own issues and trauma. They all have dark pasts and secrets galore but they are trying to make the best of life. I'm dying to know what happens next, especially after that ending!! I hope the whole family (all 7 maybe?) will be together soon!

Emma says

Absolutely loved it

I read this book a while ago and forgot to leave a review. For the past two weeks I have been searching through all the books I've read trying to find this book for a reread. Not only do I think this book is awesome even with THAT CLIFF HANGER GAAARR!!! :) I love the characters, plot and writing style. This author has quickly become a must watch and read everything author for me. I'm desperate for this next instalment and now I've finally found this book again, I am off for a reread.

Vicki says

I was definitely intrigued by this paranormal reverse harem's plot as I like magical/witch stories and love reverse harem. I did like all of the heroes pretty well - we don't know a ton about likes or dislikes or their history but I did get a good sense of their differing personalities. I tend to like leader/boss types the most so Alexander is my favorite so far. One of the potential heroes is kind of tortured and the heroine interacts with him in a unique way that I liked a lot. I liked the romantic scenes and I can definitely see potential for good sex scenes further along in the series - I like the way this author writes romantic scenes.

I wasn't a huge fan of the heroine as I'm kind of picky about my humor so her obsession with cookies and her inner dialogue were kind of cutesy and not to my taste so much at times, though I liked some of her mischievous behavior and loved how she stood up for her relationship history. There is a lot of attention paid to physical descriptions and the guys hotness/her reaction to them and though I like a hot guy as much as all readers, I found myself wishing there was more on page descriptions of their interactions in other ways. I was told how each guy made her feel and about how they are all drawn to her/each other magically, but I didn't feel the relationship development as much as I generally prefer, though it was more than some other RH's I have read too.

The story ends on a mild cliffhanger, and it and the information revealed about her backstory toward the end have me intrigued about what happens next.

Jessica Miller says

Brilliant

Aurora is a strong sassy female lead character that will not be swayed in her determination of what she needs to do. The world building and complex universe of this story is stunning. It drew me in and left me craving more. Each of the male characters are unique and play well off of the others in the group. If your looking for a fast burn this isn't it, but if your looking for in depth world building with vivid characters I don't think you would be disappointed.

Patty says

Welcome to the dark side! Well done! This one had my attention from the very beginning! Of course they mystery throughout the story had us wondering, but that did not deter us from falling for the MC and the coven. Her antics and rough girl demeanor added some fun to the story. The brotherly dynamics of the coven are endearing. There are still some questions, but also, we must wait for the next book to find out!

Myriam says

I have just finished this book and it left me overwhelmed with emotions. I liked it so much I have no words. It's like the author wrote this book for me. I hope there will be more, otherwise I'll be crying myself to sleep for 6 months. Warning for cliffhanger haters, there is one at the end of this book.

So, Aurora, how do I describe one of the coolest, most lovable characters ever? She is strong, powerful, most loyal friend you can imagine, loves food, would sell her soul for cookies, loves men, fantasising about them and doing stuff to them, and has the pottiest mouth ever. Absolute perfection! And she is sooooooooooooo funny.

And men, oh they are so amazing, big beautiful Ezra, shy and slightly awkward Jason, and always funny Benjamin. I am still super mad at Alexander. And then there is mysterious Mikael, who I'm guessing we'll meet in the next book. I mean I hope, we must. And Aurora's best friend, who I would like to see more of in future and her beautiful dog.

The amount of hot and sizzling is off the charts although this is very slow burning reverse harem romance, but so so hot. The idea and the plot are amazing. The characters are well developed and the author's writing beautifully consistent. The villain is absolutely despicable, as he should be. And the ending made me scream and cry for more as I warned above.

This was one of my favourite books ever, and I can't wait for the next one. Thank you K.A. Knight so much for Aurora, all her lovely men, and their story. You are amazing and you rock!

Cindy says

I been reading reverse harem for awhile now I am seeing them evolve and the story get better the story Are getting better I am not into the in enjoy the story this story which we probably have the other stuff in other

book if and when but the ended so much better then a lot of other books there was something there in it she kicks the bad guys butt, there was more then just the normal harem end, I hope book 2 is coming out soon

Meagan says

Can't wait for more

This book. I cannot lay enough praise upon it. The storyline is fantastic and the main characters, I love them all. The FMC Aurora has experienced hurt and tragedy, though we don't know exactly what for most of the book. As a result, she has gone on the run before trying to settle in a small town. She's defensive, doesn't trust easily, and has tried to harden her heart, but when she meets four male witches, they begin to chip away at her walls. I love Aurora - with her sarcasm and love of food & Harry Potter, she just may be my spirit animal. The guys, oh the guys! I don't know if I could possibly pick a favorite, and luckily, as this is a Reverse Harem romance, I don't have to! I highly recommend this to any on the fence, and I eagerly await the next installment. This new author has blown me away with her talent, check out her other work as well, it's just as good.

Nikki Riley says

An easy read, though partially because it is a bit predictable. A slow burn reverse harem indeed, though perhaps too much of a slow burn, since the entire first book sets up the many many many relationships that are likely to show up later in the series. I ended up finishing the book a little disappointed in the heroine, but still have hope that she will become a stronger character in later books. Worth a read, but don't expect to be blown away (yet).

SJ says

Wow what an exciting story, I did not want to put it down, Aurora is a fiesty yet lovable witch, she keeps her distance from most people but her bestie Lane snuck in as did her dog. One night at work a man Walks into the bar and her life takes a turn in a different direction especially when she meets his friends

Exciting and full of drama the story sucked me right in, Aurora is a fantastic character I love her sass and her own special blend of fiesty yet strange self doubt, there are humourous parts to the story as well as feels and romance. I thoroughly enjoyed this story and cannot wait to read the next book in the series

Jennifer G says

Aurora ran. Her mother was gone and she was not safe so she ran. Now she has a good life. It's not much, but she's safe. She works in a pub, has two people she trusts, and she guards her secret closely so that she can keep this life. Then one day a sexy male witch walks into her pub and recognizes her as a witch. He and his coven are council hunters and home on a mission to locate their missing brother. They offer Aurora friendship, fun, family but it comes with a risk. If they figure out her secret, they will be obligated to turn her

over to the council. There is definitely a bond between Aurora and the male witches but they have a duty to the council. They also have questions about her that she's not willing to answer and suspicions that maybe she is tied to their missing brother. Will they be the family Aurora has always wanted or will they destroy her?

Aurora's Coven is fantastic! It captivates you from the very beginning. Aurora is a pint-sized powerhouse; a combination of sarcasm, strength, and beauty. Her inner monologue, the way she gets distracted so easily, her love of food, especially cookies, her love of Neville and Harry Potter, her ferocity defending others, especially Lane, make her hysterically unique. She's unapologetically herself! She surprised me several times, actually made me snort once. I am a fan of this girl! Lane is the perfect best friend; so girly and loyal. I adored Aurora and Lane together. The other witches were magical! Sweet, open Ben; protective, giant Ezra (mine); awkward Jason: intelligent authoritarian Alexander; poor broken Mike; the mysterious missing sixth. I couldn't get enough of these guys and the chemistry they had with Aurora had me craving more, more, more.

The mystery surrounding Aurora, the secrets of her past, the guys' mission, and the darkness all came together as one entertaining read. The suspense built until the ending where the level of tension was scary. Aurora proved just how incredible she is and now we have to see what comes next. It's the guys turn to prove themselves. Alexander needs to redeem himself. He messed up. But all of the guys are going to need to work together to find a way to make everything better. Plus, I feel that Aurora still has a few secrets to uncover, maybe they hold the key and then maybe, the mystery 6th does. I am full of speculations and cannot wait to see what happens next!

Gia says

3.75 stars for Aurora and Co.

Aurora's Coven was a really enjoyable read with some really colourful characters and I can't wait to read more!

The story did have some issues however, particularly in terms of how information was conveyed and some sentence structures. For example there was a lot of build up around Aurora's heritage and then suddenly some information was just plonked in the middle of a sentence like it had already been discussed. Some people may find this to be jarring but I don't think it detracts from the overall enjoyability of the story.

Can't wait for book 2.

Claudia Owens says

I enjoyed Aurora's Coven. Aurora is a witch with a secret - and it appears to be a legitimately good one plot-wise (i.e. not a random trivial roadblock like so many of this genre end up having). She's started to create a new life for herself and then a major wrench is thrown into her plans when the supernatural world catches up with her.

I appreciated the unique way KA Knight allows her to get to know each of the guys equally/independently. I

genuinely like the MC, and it doesn't hurt that she's one of the good guys, even if her power is dark. I will definitely read the next book (and I kind of have to because, while it's not the worst one ever, I do feel like this solidly qualifies as an incomplete story / cliff hanger ending.

My only other complaint is how long it took her to acknowledge the very obvious "plot twist" (view spoiler) Pretending she didn't put it together was distractingly unbelievable.

DNF 74%

Hmm? Did we all read the same novel?

This book is just filled with pointless and lackluster romantic development (if it's even possible to develop instantaneous love), a nonexistent plotline that goes absolutely nowhere, and an MC who acts and swears like a hormonal 13 year old. If you were expecting to go on an engrossing fantasy/paranormal adventure, then prepare to be sorely disappointed because this story contains very little fantasy/paranormal elements in it (I wouldn't even consider this a light fantasy, honestly).

Hell, entire chapters were even dedicated to watching a movie and playing Monopoly. And when a friend got kidnapped, the characters did NOTHING. No one tried to research for possible locations on where he could be to prove their effort, or even bother to go out and search for him because they were too busy flirting with the MC. At some point, I even wondered if they forgot about him since they seldom mentioned his name; and when they DID mention him, apparently the MC was not smart enough to know that *Mike and Mikael could actually be the same person* (*gasp* wow, what a shocker).

As interesting as the premise sounds, unfortunately, this just didn't live up to my expectations.

Book Addict says

Oh wow...this book, like Katie's other books, really packs a punch and I absolutely inhaled it. It captivated my attention from page one all the way to the end! I love Aurora..she is sarcastic, independent and bloody powerful AF-I love her food (collies mostly) obsession and I had so many laugh out loud moments while reading! All her guys are great..very different and all of different ways of connecting with Aurora, this makes it interesting though! My favourite is of course Ezra followed very closely by Alexander...but Jason and Ben are still great too! Of course I have so many questions, especially after that ending, but I am completely invested in this series and very excited for book 2!! K.A. Knight is a very talented author..highly recommended!!
