Call on Me

Angela Verdenius

Call on Me Angela Verdenius

Ali Mackay wants a nice man, it's a shame she's dated some real losers in her search for a man who will love her for herself, plus-size and all.

Ty 'Ghost' Sinclair regularly rides to her rescue, he always has done ever since school.

But after one unexpectedly hot encounter between the two best friends, can Ghost convince Ali to give their relationship a go, or will her fear of changes ruin everything?

IGirasoliGialli says

I've read all of Angela's bbw books and liked them all very much. But this book? Best. of. them. All. I think that Angela has really found her voice. This book created the cutest little Australian town that I totally want to go visit! The hero, Ghost, was awesome! He was possessive (even when just friends) but not OTT with it. He was hot! (Who wouldn't love a writer who works out and has an awesome body?) He was the right mix of that book boyfriend we love to read about (like...Travis, Kellen, and that dude from REAL) except we'd probably even like this hero in real life. The heroine, Ali, was authentic. She had hang-ups and insecurities and fear of taking that step with her best friend, Ghost. I really felt that Ali, too, was unlike other BBW heroines that can sometimes get on your nerves with the hang-ups. Her issues were legitimate and it was not a constant string of woe-is-me. I understood her issues, I felt that she was just being honest. (Even if I didn't totally agree, I got it, and it didn't bother me.) But whenever these two are together? OMG. Their banter is great! They are so perfect for each other and you, the reader, are screaming at them- Don't you see??? Well. I was at least. Maybe you will too. Get it! Read it! Love it!

Overall-

Was it a 5-star read? No. Only because I wanted an epilogue, I wished it was a little longer (I loved that town!) and that there was a little more "smexy" time.

Would I read it again? Yes. (I might go do that right now!)

Will I read the next book about Ali's sister? Absolutely. I can't wait for those two to get. it. on.

Janey says

sweet read, Ghost and Ali made a really cute couple, ghost sounded gorgeous with his soulful eyes and long hair, as usual the banter between the two was funny and the other characters were a hoot, looking forward to reading Ali's sister's book next.

Vampress Bathory says

4.5 stars, that absent 0.5 is there only because the heroine pissed me off at some point and yeah being a woman myself, I am pretty hard with heroines and I judge 'em fiercely because I just know how we think. The hero was perfect as always, but with him being perfectly penned by Angela V we knew that already! Read this!!

namericanwordcat says

I always enjoy and friends to lover story. This one with a two horror nerds and life long best friends is very sweet and unexpectedly spicy good when we get done to business.

They are really both struck out of no where with the lust/love bug and that is fun as are the cats and the love

of the scarey and the small town gossip fests.

Less fun are Ali's self esteem issues and the fact that this book drags at first. It is repetitive in the beginning and not that engaging. However, it does redeem itself.

??/5

Good but a little slow ?

Kimberly Walter says

Ali tries so hard to get a man (maybe a little too hard lol) and is always disappointed that they all end up being jerks. But never fear Ty "Ghost" Sinclair to the rescue. (LOL) They start to see each other in a different light after their sizzling hot encounter one night.

It was a great book. But Ali got on my damn nerves with her repeatedly saying stuff about not change in their relationship, ugh. Im like get over it already. But other then that, I abso-freakin-lutely loved it :D. I especially loved the scene where Ali slaps that guy Chris with the flowers, that was fantastic couldn't stop laughing my ass off. This book was filled with easy banter, lots of humor, some sad points (where it made me cry), and of some very sexy hot scenes that make you melt. I can't wait for the next book. And I hope the other characters that haven't got their story yet will get one, like Sam from Virgin Sex Queen, and of course the new characters Adam and Matt. Looking forward to Lori's book. Keep up the awesome writing Angela Verdenius.

Jo says

Aside from how annoyingly stubborn Ali is, I liked this book. Yeah yeah the whole cliché best friend relationship is usually nothing too special since it's overdone, but Ghost was awesome. He was so protective and so alpha-male. LOVED IT. I loved the fact that he had weird interest like ghost hunting. I think that's so fun and I want a friend like that! I love people who have interest that are out of the norm. The only thing that really bothered me about Ali was that she was desperately searching for love. Finding love is one of those things that you can't force yourself to search for. It's something that happens when it happens. You can't go around finding it, you'll just be forcing yourself to like something that you truly don't like, or will regret in time. I also hated how stubborn she was, I was close to giving up on the book because she was way too stubborn when Ty was trying to talk to her about the sex. She was also kind of pathetic. Like when she thought he was breaking up with her, her reaction made me roll my eyes. Aside from all of that she was an okay character. But I wish she was a strong woman who was confident with her curves and didn't need a man's approval.

Ginette says

A really good best friend to lovers story. Hilarious small town characters. A good uncomplicated read.

Shanu says

[

“You know perfectly well what.”

“There’s nothing to talk about.”

“Wrong.”

Defensively, she folded her arms. “I don’t want to talk about it.”

“We have to.”

“No, we don’t.”

“Yes, we do.” He took a step closer.

“Forget about it.”

“I can’t.” He watched her la

Never Stop Reading or Dreaming says

I just love ghost! He is everything you want in a man. He's beyond caring and is always looking out for Ali. I just love them together, plus ghost hunting is such a fun topic. I love how they bond over that. Plus Ali has some kick as fight in her! You go girl!

starsaga says

This was a sweet read. 3.5 stars,

I liked this book, I liked the characters and it was a light shortish read with some erotic moments. I liked that it was mostly about the relationship between Ghost, whom I adored and Ali whom I liked. It followed the friend to lovers theme that I love in romance books and that part was done very well indeed. The dialogue was snappy and entertaining. Pacing of this story was too slow for my tastes and there was way too much time spent in Ali's head while she sorted out their entire history it seemed, when she was understandably worried about how things would end. However, I did not need to know all of those details and I skimmed

quite a bit. I wished they would have also spent more time together in the book because when they did, it made it a way better book. I thought the set up was well done for the coming books in this new series of standalone books and I look forward as always to reading AV books because they are sweet, funny and lovely.

Suzanne (Under the Covers Book blog) says

Ali Mackay and Ty "Ghost" Sinclair have been best friends since school, the only person Ali is closer to is her sister. But can the friendship turn into more, or will Ali allow her insecurities to stop her from seeing that love is a lot closer than she thinks.

I love an Angela Verdenius book they are like comfort food without the calories. I can sit back with one of her books and although I know what is going to happen, the sweet love story always has me reading more.

From the start you know Ghost and Ali are perfect for one another, even if they don't realise it yet, and as they begin to see each other as more than just pals, the chemistry between them grows culminating in some hot scenes between them. Ali, although confident and sassy most of the time does have some body insecurities and I loved watching Ghost smexy his way into making her love her curves.

I am looking forward to reading the next book in this series about Ali's shy sister and (I am hoping) the very sexy paramedic next door!

Felita Hardigaloeh says

Cerita friends-to-lover selalu menarik untuk dibaca. Seberapa lama mereka berteman, siapa duluan yang menaksir, apakah romance diantara mereka one-side ? dan lain-lain.

Sebelumnya Ali dan Ty sama sekali ga ada rasa "tertarik". Mereka udah sama-sama nyaman. Ty selalu menyelamatkan Ali dari kencan butanya yang selalu gagal. Ali lah yang paling mengerti Ty, dari hobi Ty berburu "hantu" sampai rasa humornya yang ngga biasa.

Ty selalu menasehati Ali, kalau mau kencan tuh ama cowok baik-baik. Selama ini Ty selalu heran kenapa Ali pilih teman kencan yang semuanya cowok ngga bener. Yah, itu pun setelah Ty "menyeleksi" siapa yang ngedekatin Ali.

Suatu kali Ali lagi-lagi gagal kencan. Yang biasanya Ali lakukan adalah menelepon Ty dan meminta dijemput. Tapi kali ini, Ali pergi menyendiri di tepi sungai. Ty yang mendengar kabar itu langsung menyusul Ali. Tadinya Ty cuman mau menenangkan Ali, muncul suatu perasaan ingin tau seperti apa rasanya bibir Ali.

Dari sini, baik Ali dan Ty sama-sama merasakan ada yang berubah diantara mereka. Teman tapi lovers. Ali dan Ty sama-sama baru menyadari kalau mereka bisa menjadi lebih dari itu.

Temanya sederhana. Tapi mba Angela menuliskan kehidupan Ty, Ali dan adiknya Lori dengan gaya

metropop ala kota kecil. Tetangga kanan kiri mereka tau sangat dekat. Jadi begitu ada hal yang digosipkan, langsung menyebar dengan cepat. Khususnya, saat Ali menemukan hal yang kurang ajar pada teman kencannya dan menyiram air langsung ke mukanya.

3 bintang

Elaine says

Another nice read by Angela Verdenius. While Ali was an interesting heroine and I liked her and Ghost was just perfect - I loved him (you hear that God, take notes, this is exactly what I want in a guy) I found the chemistry between them lacking. I enjoyed their friendship but I just didn't see them as lovers. The jump from friendship to love didn't convince me.

Anna D. says

Friends to lovers theme – check!
Hot hero – check!
Curvy heroine with pluck – check!

What can I say? even though I set a high bar for this author's books she seems to always hit the mark! She is a go-to author for BBW CRs and her books and I just see eye-to-eye. This is book #8 that I've read of this author and I really thought that it would feel repetitive by now because all the heroines are plus sized and all but one so far have insecurities about her weight and most of the men are the fit, hunky, sensitive, and protective types. However, each and every one of her books draw me in and they feel fresh and unique..and Call on Me is no exception.

Ghost is just the friend-to-lover a woman dreams of. The bottom line is that he's just a good man AND he HOT! They had such an easy friendship and almost instinctive connection that it wasn't too hard to believe that their intimate relationship wouldn't be explosive! There was heat and passion but there is also tenderness and unmistakable love between the two.

It was believable that when these two found attraction for each other that Ghost was willing to go full throttle into a relationship with Ali wanted to stop it before it ruined their long-term friendship. Ali's vulnerability and fears were endearing especially seen through Ghost's eyes but I liked that he wouldn't let her fears get in the way of something amazing.

As usual in this author's books, there is a supportive cast of characters that add fun, humor, and a sense of community. I look forward to reading the next book in this series and also Officer Adam's book :)
