From Reader Review Code Geass - Lelouch of the Rebellion - Knight: Official Comic Anthology - For Girls, Vol. 1 for online ebook

Sonny says

"The Code Geass Knight Volume 1 is the first anthology of the male characters of one of the hottest anime's out right now. Well at times over the top, the anthology has its silly moments throwing beloved (or despised) characters in the oddest of situations. A variety of artists were commissioned for the volume, interesting to see different views of characters, especially Lelouch and Suzaku.

But the series does allow for more of the minor characters to be featured more prominently than in the TV series. Surprised me how much male on male content and incestuous content there was in the volume, but it was pretty funny and cute to see. XD But its all in innocent fun so no flaming it! hahaha

A perfect new Code Geass Manga series to add to your collection. (if you're looking for a more female prominent Code Geass manga, there is the new series Code Geass Queen that does just that!) "

sohrella says

received the book from sister years ago and sat on the shelf ever since. I haven't read nor watched the series (ha, i know) but have to say that I like Lelouch (fun fact: he's a character design from Clamp. see bae Kamui). The art in this book is amazing. Great artists!

Lecho1313 says

Funny.....

Alan says

Unlike most CLAMP series, or series the group CLAMP is involved with, Code Geass' conclusion was satisfying. Not perfect mind you, but nowhere near as vague as many CLAMP series (Rayearth, Clover, Tsubasa Chronicle as examples). I will admit, and I'm avoiding spoilers here, I was surprised as to Lelouch's fate and pleased with Suzaku's. All in all I would have liked more world building of this AU in regards to the world's political structure.
