This is the third book in the Peakview series by Jill Haymaker. I enjoyed this one as much as the last two. This installment focuses on the relationship between Luke Walker and Penny Anderson. Now, I'm on to number 4!

Cleaning up the many errors, primarily grammatical and spelling, would certainly improve my rating. I'd love to proofread, Lol. Seriously!

Love in the Rockies

Having grown up in the Canadians Rockies, it was a joy to read this story set in the neighboring Colorado area. The storyline is quite easy to follow and heart warming. A simple love story and wholesome relationships set in a modern time. It's an easy read and leaves a warmth in your heart. The author makes it sound very personal and makes you feel the family love, maybe just a bit too perfect but we need that sometimes.
