Ghost Whisperer: Plague Room Steven Piziks

Just an ordinary day in Grandview with customers at the Village Java looking for that perfect caffeine fix and lookylous being transformed into buyers by the eclectic assortment of antiques at Same As It Never Was. But there's nothing ordinary about the blur of activity at Jack's Dry Cleaning, where shirts are spinning on the racks and dresses are dancing without their owners.

A spirit has taken up residence in the store, and although Melinda Gordon usually can sort out what's keeping a spirit from crossing over, this particular one is frustratingly uncommunicative. After a week of trying, the store owner is convinced that Melinda will never succeed.

Then self-acclaimed spiritual consultant Wendy King comes to town, guaranteeing success in moving spirits to the afterlife...for a fee. But Wendy's methodology involves trapping and forcing spirits into the light. And she pays no heed when Melinda tells her that what she is doing is wrong and dangerous.

After a young couple inherits the old Ray mansion and asks for help selling the antiques that fill the house, Melinda pushes aside her concerns about Wendy. But the old house holds a terrible secret and a spirit that Melinda cannot budge. The frightened owners turn to Wendy King, who forces the spirit to cross over, despite Melinda's pleadings. But Wendy's actions release an evil, unyielding spirit, one who promises to release a flood of disease and terror on the town, starting with the people closest to the Ghost Whisperer.

Allison Eilers says

I've been watching the show since it started, and i'm on the verge of liking this book better. I haven't read any other books about the show by other authors, but i really liked how descriptive his got. I know things about the character that i didn't pick up on during the shows and i could picture the whole thing so well. I really enjoyed it. haha... i used it for a book report and i i think that it was the easiest book report i've done.

He

Rachel says

Very easy read. I could see the story in my mind. Maybe its because I am a fan of the show. Either way, good story.

Christina Noll says

I picked this book up after Ghost Whisperer got canceled and finally got around to reading it. It was a quick read but a good one and had some surprises but also the creepiness and heart of the show. I still miss the show but this was good for that Melinda Gordon charm. I wish there were more Ghost Whisperer books by this author, oh well hopefully some reruns of the show will air again.

Graham says

3.5 Stars

Ok yeah, this book isn't exactly a literary masterpiece but I really enjoyed the story and it really does read just like the tv show. If you're a fan of the show (like me) then I would definitely recommend this novel and I am definitely gonna pick up the other 2 sometime soon

Suki says

This book was about a girl named Melinda and how she was a good spiritual person who could keep spirits away from the place she works at, a cafe. When a new girl comes to the village, her name is Wendy King

and Wendy says she knows how to stop the spirit. Throughout this book, Wendy does the things she thinks will destroy or make the spirit leave but Melinda believes that what she was doing was right and had the courage to continue. Things became very dangerous when a couple comes into the book and they were trying to buy a mansion. The thing was that Melinda knew the house was haunted and now there were more spirits living there instead and it was going to affect the village soon enough after it had affected the couple. I thought this book was interesting because I am interested in horror like books and mystery and this was one good mystery book to go through.

Agnesxnitt says

Read while I was off poorly - perfect lighter reading whilst I was off my game.
Seriously creepy in places!!

Jazzybabe125 says

i love the show Ghost Whisperer but the thing is the book got hard for me so thats why i abanded it. i could say it was a good book for the parts i understand and for the part of the book that i read.
i recommend for everyone to watch the show Ghost Whisperer on channel 31 on ion.

Rosalie says

Not my favourite book out of the series. It was a decent story but I felt that it took a while for everything to settle. No one seemed to start out in character and there was a bit too much going on.

Doris says

(rereading this now)

This book dealt with several ghosts, not just the one or two the television show usually presents, so it was a good couple of hours reading. It also gave something that any visual art lacks - the ability to "see" and "feel" the characters' thoughts and moods. For fans, fantastic book. For casual readers, a good book.

Note - I reread this (2/27/13) and think it was even better the second time around. I was able to see nuances that I didn't see when I first read it (7/10/10).

Holmes Girl says

I won't give a synopsis, you can read that above. I was a fan of the show, but only recently have read the tie-in novels. Sadly & surprisingly there are very few. On the basis of a tie-in novel, this was a great read. Very easy & entertaining. The author's story deals with multiple ghosts vs the usual one that the show often

features. They each were different; but the subplots all connected nicely.

I enjoyed the subplot of the medium coming to Grandview. The tension between Wendy & Melinda, due to the differences in "crossover" methods, felt very authentic and provided some great drama. This element would have made a good episode for the show to explore. The main story dealing with the house ghosts was a perfect setting although while the unfolding of their stories was spot on with the tone of the show, the wrap-up was rushed & 'off' somehow.

Overall, I believe the author has a solid & terrific grasp of how the show flows as well as his finger on the button of the character's personalities & voices. Mr. Piziks has provided a story that meshes well with the existing canon of the show & yet provides something fresh that reads like a new episode. This book is light reading and good entertainment for a couple of hours. If you like "Ghost Whisperer", this book is a must.

Ruby says

This book was an amazing read for me. I have only seen a few episodes of this show, but as I was reading this book, I could clearly see the story unfolding in my mind. Melinda finds herself caught up between trying to help particularly stubborn ghosts cross over before newcomer (and medium) Wendy King forces them to cross over in a painful and terrifying manner for the ghosts. This book is very descriptive, which helps the reader visualize what is happening, and I feel that this is a very important aspect of writing. I was quickly caught up in the story and had a really hard time putting it down. I would definitely recommend this book to anyone who enjoyed the show.

Prisila Villafan says

I think this book was really amazing! I really liked it. I like these type of mystery and horror books. They are fun to read. This book was about a ghost that was haunting his house and he didnt want to leave. He wanted all his land. But than this women finally got the ghost out of the house. It was hard to because the ghost was really mad and tried to hurt the persons that entered. So it was kinda a scary story. But i really enjoyed the book. :)

Me says

One of the best books I have ever read! I love the details, suspense, and topic!

Kelly says

Fun easy read
