## **Her Purrfect Match** Milly Taiden

Alyssa Moran is tired of being the old cat lady with no man. She has very specific needs and goes to visit Mrs. Wilder at the Paranormal Dating Agency. Shockingly enough, she is promised a man who likes cats, wants kids, likes curves and will be wild in bed.

Grayson Green needs a mate. Fast. But he refuses to be pushed into anything. That is, until a curvy funny woman shows up in his territory saying she's there for him. Who is he to argue with someone as delectable as Alyssa decides she wants to give herself to him?

Of course, not all is at it seems and some people want Alyssa gone and Gray dead. If Gray mates, the future of his pride will be sealed and no one can argue his place as leader. Unless it can be stopped before they ever get a chance to make some cubs. He will have to work hard at convincing a human she's the only one for him or lose his pride and his mate.

## Malinda says

4-4.5 stars

This was a really good story. I liked Alyssa very much and Gray was a pretty cool as well. Their story was very good and went quickly but I really liked it.

Alyssa is a nice lady who hasn't had good luck with men. She grew up in a house where her father loved her mother a lot but her mother didn't love him back and treated him like crap. Alyssa hoped to find a man who loved her like her father loved her mother (but she'd treat her man much nicer than her mother treated her father). Unfortunately, she keeps finding losers that take advantage of her kind nature, using her and trying to tell her she can't do any better because she's a BBW.

Gray is a Tiger shifter and the leader of his Tiger pride. Growing up there wasn't a lot of room for PDAs and such so Gray grew up believing that love didn't have a place in his life. He's been getting pressure from his pride to take a mate and have cubs but Gray has been holding back because of pure obstinance, not wanting to because people require it of him.

Since Gray wasn't looking for his mate, one of his lieutenants decided to sign him up for the matchmaking service. Alyssa goes out to meet Gray, thinking he's expecting her and that she'll be there for a couple days to get to know Gray. She ends up getting a flat tire as she's getting close to where she needs to go and meets up with a Tiger and a man. She soon gets help and directed to the home of the local pride's leader and is surprised to find out that the pride leader is her "date". Gray is very attracted to Alyssa and sees her as a definite candidate for a mate but he's not real thrilled at his buddy's interference in signing him up for the service without his knowledge. He decides he likes Alyssa enough to go with the situation and see where it heads.

Alyssa is very attracted to Gray and starts having dirty thoughts about him right away. They soon end up exploring their connection (sexually) as well as getting to know each other. Alyssa is happy with Gray because he obviously is different from the other men she's dated and treats her much better. Gray expresses his need for a mate and children and Alyssa likes him enough (and wants a serious relationship and children enough) that she agrees that they can start working on kids, leaving the rest of the relationship to grow as they get to know each other. Things go pretty well between them but there are some issues within the pride that interfere, mainly 2 other tigers that want a chance at Gray's position as leader. There is a bit of danger and drama that have to be dealt with but everything turns out well and Gray and Alyssa end the story starting their HEA together.

This was a really enjoyable story. I really liked Alyssa. She was very straight forward, sweet and had a good sense of humor. Gray was a good hero and his only real detraction was his inability to grasp the concept of him and love co-existing (and that didn't last too long). Overall, this was a very good, low angst PNR and I'd recommend it. :D

Favorite Lines "Old is just a state of mind."

"We can't help who we fall in love with, Gray." Stripes slapped him on the shoulder. "Sometimes we fall and don't even know it."

"Just remember that falling in love doesn't make you less of a man," Stripes said. "It makes you whole."

"I may not do love, but it doesn't mean I control my emotions." He lifted a hand and cupped her jaw. "From the first time I saw you, I decided to label my feelings as lust and need." Her bottom lip trembled punching new agony through his body. "The truth was that what I felt was deeper, stronger, better than anything I'd ever felt for anyone in my life."

When I start a book by Milly Taiden I know down to my toes I am going to blush, laugh, get mad, scream at book, and blush some more! That what I got from this book and more. Gray doesn't believe in love until Alyssa she opens his heart.

The PDA series is fun, sexy, and makes you all warm and gooey inside. LOVE IT!!

Overall Rating: 5 Rockin' ★★★★★

Milly Taiden's third novella in the paranormal shifter series is "Her Purrfect Match". Matchmaking guru, Gerri Wilder is at it again when she arranges a date for our heroine, Alyssa with an Alpha Tiger. Since she is a cat lover looking for a lasting, stable relationship this seems like the perfect match. The list Alyssa gives Ms. Wilder is that she wants love, marriage, and a man to father her children. An added bonus for Alyssa would be not having to "save" the man she is matched up with because she always seems to get the take care of me guys!

Ms. Wilder has just the shifter for Alyssa. She matches her with Grayson Green, leader of the tiger pride of Green Edge. Gray's tiger immediately knows that Alyssa is his mate. His human side however fights the urge to love Alyssa and since he is a tiger of few words it opens up some interesting situations.

Meanwhile Alyssa surrenders to the glorious sex and propositions Gray to let her have his children. It is an amicable deal that can't stand up to what their hearts know is the truth. When put to the test, these two lovers are purr-fectly matched! Hold on tight for smoldering ecstasy and a journey to inevitable love.

### **Jonel Boyko says**

Ok, I will openly admit it. I devoured this one in under two hours. Taiden had me captivated throughout.

I love Taiden's take on the dating scene. She takes our all too common failed dates and turns them into something magical. Her brilliant melding of heat, sass, and spice creates the perfect read for when you want something a little sweet and a lot hot. Her fun, upbeat writing really draws you in while her vividly graphic descriptions bring everything to life.

Taiden not only introduces new characters but an entirely new species in this novella. I love how well we get to know these individuals in such a short span of time. Taiden allows their actions and beliefs to speak for them, creating an intimate connection between character and reader.

After reading the 2nd novella in this series I was definitely hooked, but this one blew me even further out of the water. Taiden mixes emotion and suspense with a great deal of heat and a side of the supernatural to create the ultimate quick, sassy read.

Luvs a warning!!

*Reader Note: This book contains scorching sex (the kind that will make you sweat and need ice cream), adult language (he's a very dirty talker and we like it), and violence. If this is not the kind of stuff you like to read, skip this book. However, if you like dirty, raunchy sex with a growly tiger on one funny curvy girl, then this is right up your alley. Enjoy!*

## Jodie Bivins says

This was another excellent book by Milly Taiden. Her Series The Paranormal Dating Agency has me hooked. Gerri the lady that runs the PDA is just so precious and doesn't take anything from no one. She sets up matches between Shifters and humans with great success mind you. This time she sends Lyss out to meet the man she thinks is purrfect for her. She has a real trying day she forgets the directions, she is lost, and now her car has a flat in the middle of nowhere. If her luck couldn't get any worse she winds up face to face with a tiger and of course she runs.....lol. She is taken back to their little town only she doesn't realize she is exactly where she is suppose to be, or the hot hunk she is eyeing like the best dessert you can find is the man she was sent to meet. He didn't sign up with Gerri and the PDA one of his pack mates signed him up without his knowledge. Now you know this a recipe for disaster or is it. Will Lyssa find the love she wants, the children she fears she may never get and the respect she deserves without being a doormat. Things will get hot and steamy fast. Will she trust herself enough to see if this will work or is Gray beyond loving someone. What happens when Lyss finds out he doesn't do love? Will Grayson find the help he needs thru Gerry and the PDA? Will love find them? I do know this book has it all. I highly recommend this book....

### ~ 5 Her Purrfect Match Stars ~

#### *ARC Her Purrfect Match*

***Her Purrfect Match*** is book three in the *Paranormal Dating Agency* by Milly Taiden. This book can be read as a standalone and does not need the other books to make this a perfect read.

**Alyssa Moran** is one of Tally (Twice the Growl) friends and gets introduced to Gerri and her dating agency. Alyssa is smart, sexy, does not let others put her down, and knows what she wants in life. She is open and honest with Grayson from the get go.

**Grayson Green**, tiger shifter who needs a mate to keep his leadership. He does not do love, but love has a way of finding you when you least expect it. Grayson is yummy, sexy, and so purrfect for Alyssa.

***Her Purrfect Match*** is a grab you and not let you go kind of book. This series keeps getting hotter and funnier. I love how quick and easy these books are. They are the purrfect lunch break or when you need something quick, funny, and sexy to read. The insta-love attraction does not feel forced, like most insta-loves do. I like this about Ms. Taiden's writing. She has a way with the insta-love that makes everything work. The characters and feelings feel real and believable. I do enjoy the secondary characters and of course I can't forget Gerri our matchmaker. I enjoy her humor and bold attitude. She is not afraid to get those that come to her to tell her exactly what they want/need.

I'm loving the type of characters we are getting in this series, they are great combinations. I love Gerri god what a women, such a interesting person :)

I laughed at how the events played out between the characters, also enjoyed the scorching scenes and dirty talk. Alyssa has horrible luck with men but she see's Gerri to try and change all that. I can not wait to read the next match up, this is becoming another favorite series by this author and will be getting this books in paperback :)

### **The BookChick says**

I love these little spicy bites that Taiden creates. The stories in the series tell a complete story but they are short and sweet enough to be read in one setting. Once again, Ms. Geri Wilder is up to her match-making ways again and she hooks Alyssa Moran with a little docile kitty, \*LOL...NOT!\* Grayson Green. Grayson is a growly and sexy tiger who needs a mate and needs her yesterday. Members of his pride are threatening to overthrow him because he hasn't produced cubs. He has no clue that his friend will intervene on his behalf and call the PDA. And, Grayson gets the shock of his life when he stumbles upon Alyssa -- while he is in his tiger form. His animal recognizes her immediately and it wants to pounce. It's Grayson, the man, that has reservations. But one thing he can't deny, he wants her body; however, love will never be in the cards for them. Sadly, it's this simple reality that causes Alyssa to go running away from him. She wants love, marriage, and babies...would love to have them with Grayson but her dreams are smashed when she hears that is not what he wants. Grayson is many things but one thing he is not is a fool. When he realizes Alyssa has left him he hunts her down and claims her like only an alpha can \*siiiiiigh\*.

I love the women in these stories because they all have their own unique issues and reservations about love but they are not shrinking violets. They will bring their men all the sass they want and then some. They are spirited and know exactly what they want and don't want. The men, too, are also the best kind of alphas. They bombard their intended's senses with a sensual pleasure that cannot be missed. There is a bit of the "Mate" and "Mine" phenom happening in the stories but it works very well in these potent shorts!

### **Theresa says**

#### **OMG, PDA just keeps getting hotter and hotter!**

This is the purrfect continuation of the Paranormal Dating Agency. Mrs. Wilder sure can read them like no other. The story is funny, with passion - lots and lots of passion, and has the woman as the hero! My favorite type, good thing she has her skills and was able to outsmart the less than intelligent males, they never should

have underestimated her! A note on the passion: It is hotter than the first two and had me hoping no one else on the corporate jet was reading over my shoulder ;) Don't get me wrong though, I loved it!!! And now for a bit about the story...

Alyssa has horrible luck with men. She seems to pick the losers and then had to deal with her mom harassing her about not keeping a man when she kicks them to the curb like the useless, cheating, beggars they are. She is curvy, intelligent, and funny and not afraid to be herself, though she doesn't do war paint and has unruly curls. She finally has given up on finding a good man the traditional route, after all her clock is ticking. So off to Mrs. Wilder she goes! And does she ever find her PURRFECT match! He is strong, silent, and wild! I'm sure you will love this one as much as I did!

Favorite Passages:

- "I know you said you wanted a man that likes cats." ... "A man who likes pussy," Gerri said as she wrote. "Got it."
  - Shifters were hot. Like nuclear-bomb-explosion-in-her-panties kind of hot.
  - "'Have my cubs' is not the first thing a woman wants to hear."
  - What did one say to a woman other than 'take your clothes off'?
  - And just like her cats at home, this one didn't like being compared to a puppy.
  - Great. The morning after talk and it wasn't even the morning after.
-

'I received a complimentary copy of this book in exchange for an honest review'

Alyssa decided to give the Paranormal Dating Agency a try after her friend at work had such great success in finding not one mate but two! She has a problem. She is too nice and even when she knows the relationship is going no where she still lets men stay. She has had it. She wants a family and with the guys she meets on her own that's not gonna happen. So the owner of PDA sends her on a Weekend Date. On the way there she runs into some car trouble and some feline shifters. She has no clue she's in exactly the right place.

Grayson needs to find a mate. He is being challenged constantly for his position because he is not mated with cubs on the way. When Alyssa arrives he thinks he just happened to get lucky. She is his and that is that. He has a whole lot to learn about human women. He has no clue that his friend signed him up on a dating site. Now he has to try to convince Alyssa to stay and protect her from his clan as some of them will do anything to get him out of the picture.

My Opinion:

Another Fantastic read from Milly! I absolutely LOVE this series and I am never let down! They just get better and better! My absolute favorite character throughout this series is Gerri! She is witty and bad assed! She doesn't take any crap from this big shifters that come hunting for their mates! I love Alyssa and Grayson! This book is Sexy and Thrilling! I couldn't put it down! I definitely recommend reading!
