## His Code Name Was The Fox: A Foxtrot Collection Bill Amend

It's perceptive. It's irreverent. But, more than anything, FoxTrot is reliably funny year after year, strip after strip. FoxTrot Collection is the latest collection of strips featuring the funny and flawed Fox family. It marks the 23rd collection of this comic strip staple that can be found in more than 1,000 newspapers worldwide every day. FoxTrot Collection is the latest chronicle of the chaotic Fox family-parents Roger and Andy, teenagers Peter and Paige, and ten-year old Jason and his pet iguana, Quincy. This book finds Roger behind his keyboard struggling to write a spy novel, prompting helpful writing advice from Jason such as "the 'on' switch is that little round one." The others add to the insanity, with Jason battling video games, Paige searching for a personal assistant, Peter eating and eating, and Andy stressing through it all. Everyone experiences day-to-day turmoil in their family life, which is why Bill Amend's FoxTrot Collection is sure to resonate with readers across the globe.

## **From Reader Review His Code Name Was The Fox: A Foxtrot Collection for online ebook**

### **Amber the Human says**

Fox Trot. Is it going to be extremely educational? No. Is it going to make you think? Not really. Is it going to amuse you? Yes. And that's all I'm asking for. I found this at the outdoor used book store in Ojai, and decided it was time to start building up my Fox Trot collection.

---

### **Jennifer Brown says**

I love the Foxtrot books! I get a little distracted with the pictures and I feel like it takes me double the time to actually read these, but I still enjoy them :-)

---

### **Mita says**

There's no other way of saying it except that FoxTrot is made of awesome. Amen!

---

### **James says**

A book from my childhood that I owned.

---

### **Susan says**

One of a series of shorter collections by Amend. The title, and the funniest sequence, refers to Roger's disconsolate reaction to his college alumni newsletter. He's inspired to write a novel, in which a spy loosely based on himself (only with hair!) has James-Bondian adventures. If this isn't the worst novel ever written, it's a strong contender. Later, he plans another family vacation that is a success with the kids but not with wife Andy.

---

### **Jerry says**

Cute and funny, as usual.

---

### **Sasha says**

This book is a series of comics. It is a so called vacation book. Its also quite funny.

---

**Musiquedevie says**

Funny and had some good laughs but not my strong favorite of the whole series.

---

**Xuefranklin says**

.....

---

**Allison Hawn says**

Another great and classic collection by the amazing Bill Amend! Well worth the read.
