Monserrat Maxfield Markov says

Cambiaron el dibujo de Kamala.

Taylor Cayes says

A little too on the nose in this outing.

Fran says

Well, this is a fun start. :D

Samah Rifla says

this is like Spiderman: Homecoming movie when Peter was trying to prove himself to be an avenger. I feel bad for my baby she's gonna kill herself with pressure and honestly i understand Falcon's intention when he told her to just let them handle it, he was being understanding since she was sixteen, but i really feel bad.

Solace Winter says

I missed two issues, so I'm not sure what's going on personally for Kamala, but she's almost as stressed out as she was before. It seems it's much harder being a superhero teenager these days than it was in the 60s!

Sandra says

Classic plot line done the way Kamala does best... this is going to be seriously fun!

Elina Gomberg says

With her brother's wedding looming on the horizon, Ms. Marvel is finding it difficult to handle the pressure. And her idea of handling pressure is really stupid and probably will lead to disastrous and yet funny results. She reminds me of spider-man, there is a limit to how thin you can stretch yourself. Also I think the Avengers aren't looking so great here, why the zero personal interaction? But Ms. Marvel is gonna have to learn her lesson the hard way.

Sarah Lu says

Not really looking forward to this one. It just seems like it is going to be the standard "overworked teen trying to get too much done at once and decides to make clones and everything goes awry." I am figuring something akin to "Too Many Pinkies" is going to happen...

Belinda Missen says

I'm not sure how I feel about this issue. Are we trying to say that teenage girls have a whole heap of life responsibility (which they do, no doubt), or are we saying that they can't cope? I wonder if there are any Iron Man or Captain America issues that deal with this topic?

I don't know.

Anie says

What can I say: I really, really sympathize with Kamala when she talks about being so stressed that nothing goes right anymore. I've been in that place.

Deyth Banger says

Since when Arabian or Turkey people are heroes, but not heroes, but superheroes?? Since when? This people are everywhere, I don't know is this an Arabian or Turkey Or Indian people, because I don't really find difference in them all, girls and women are with covering and only their face can be seen that other stuff can't be seen. Unless you marry for her, you will see probably some parts. But until this day you will watch this person with this dress, I really don't get it, why some of the actors where covering the other women don't? The names doesn't sound like American or British or another English Accent, they sound like Arabian or Turkey or Indian!

But why Ms.Marvel?? Why the name of the character will be Ms.Marvel in case she can't handle it alone, I just look how she fights in hot war or in a battle which is going very aggressive or I don't know the word she just call Avengers like Iron Man and they come to help her?? But why??

Under Marvel I understand - Powerful, Strong and such type of description but reality she is very bad at this point. I will keep following her to see what will happen in the near future, but for now I don't really have a great opinion about her!

Airy Paola says

Hay 3 clases de superhéroes:

1) Los que son adolescentes y viven bajo el techo de sus padres, deben balancear sus estudios, vida personal

y ser un superheroé.

2) Los que deben balancear trabajo, vida personal y ser un superheroé

3) Los que no necesitan trabajar por lo que solo deben balancear su vida personal y ser superhéroes

Como notarán, entre mas joven se es hay que cumplir con mas actividades, y ese es precisamente el problema que Kamala tiene. Al igual que Miles Morales, debe levantar sus calificaciones y hasta ayudar a planear la boda de su hermano.

Fue un buen comienzo a una nueva historia y, a pesar del hecho de que sé que el plan de Kamala en este numero no llevará a nada bueno, puedo ponerme en sus zapatos y ver que es difícil balancear tantos factores para poder llevar a cabo su sueño de ser una vengadora.

Es un personaje refrescante de leer y muy simpático.

3.5/5 estrellas

Amber says

Another issue and another story arc. Every issue of Ms Marvel is amazing and this one is certainly no exception.

Kamala's family grows bigger, her superhero responsibilities are piling up and her school work still needs to be done.

Being an Avenger may be a great honor but it might also be more then Kamala can handle. In an effort to better handle all of her different responsibilities Kamala enlists Bruno's help. Of course it's only a short time before things go awry and it seems like things may be even worse then they were before.

Another fantastic issue of Ms Marvel!

Hayley says

Oh man, that last page was great.

Sara (A Gingerly Review) says

I'm here for the long haul and I will finish these soon
