Overall Rating: 9/10 - This is basically a re-read for me as I have been reading Naruto since 2002, and I read every initial chapter release. There is just so much I can say about Naruto all of it Naruto, except the Kaguya part. I firmly believe it was a useless plot in a way and i would have been more content if we would have gone directly to the Naruto/ Sasuke fight after Madara's "defeat" (seriously he wasn't defeated just used, like Obito, like so many others....). I don't feel like I should recommend this series, as it is pretty well known/ mainstream.

Do I recommend it:

This was a pretty awesome volume. And probably only awesome to those who have kept with the series this long. I loved seeing Team Seven together again, and Minato with Naruto was very exciting. The artwork is great, consistent with the last few dozen volumes. The story is intriguing and full of action. This volume is especially filled with action. I'm really looking forward to seeing how this arc is completed.

Delirante

L'annuncio di Sasuke di voler diventare..non spoilerò, ma è troppo ridicolo.

Tobi che ormai le prende da Kakashi...

Come faceva Tobi a comandare l'Akatsuki se Nagato era nettamente più forte? Non si capisce

Capisco che sfruttasse il nome di Madara, ma sembra veramente una pippa!

Sakura e Karin soffrono della sindrome di stoccolma

E' abbastanza inquietante vedere due ragazze continuare ad amare e venerare una persona che ha cercato di ammazzarle

Dans ce tome 66, l'histoire continue de s'accélérer. Encore un tome rempli d'actions et de révélations. La fin pointe de plus en plus le bout de son nez. Pas trop vite Kishimoto s'il te plaît !!

Oh non j'avais pas vu l'histoire est terminée au tome 72 ... je suis tellement triste ! Au rythme d'un tome tous les deux mois, dans un an, plus de Naruto ... :(

AAAAAHHHHHHH!!!! CELL NUMBER SEVEN!!!! This is too much! All the things are happening!

Everyone is here and together! It is just perfect! I can't wait to see how this all turns out. Now if everyone would stay alive...

This was amazing. I'm really confused about sasuke. Is he ore is he not on the good side ? So much amazing fights are going on right now. Everyone on has grown so much. Sakura have got her mark. Naruto is stronger than ever. And sasuke is just amazing together with his old team. But can he be trusted? Will they be able to defeat madara? I hope sasuke won't betray them all. I want him to be good.

Of course, this volume is such an enormous payoff for all the fans that I can never properly describe it without you actually having read it, but here's spoilertime...

Team 7 is working together as the new Senin, and it's just one big ball of wow.

We readers like a good payoff. We live for it. Especially an entire series building and collapsing and building and collapsing, we wish and and we pray and we never truly believe we could ever see the day... AND THEN, beyond expectations, we get the godforsaken payoff.

Never mind anything that came before. This was too cool to pass up.

Vittorio Rainone says

Interessante il potenziamento finale di Obito, ed è anche carino che Kishimoto riesca a incrementare il già folle livello dello scontro. Però questa conclusione della guerra dei ninja si sta trascinando troppo. E continua a non morire nessuno. Senza contare che le scene più convulse, ora che sono in gioco solo poteri magici di livello immane, sono sempre meno leggibili.

Creo que me había quedado en este volumen, se había desvirtuado tanto que perdí el interés. Capaz que algún día lo leo para saber como termina esto pero no me quita el sueño.

Tomo 66 y la sensación de estar en la batalla final es ya de órdago: todos los ninja (menos los cinco Kage, que ya llegarán) en un mismo sitio y haciendo frente a Madara y al Bijū. Momentos de lucimiento para casi todos ellos, reencuentro del grupo siete, llegada de los cuatro Hokage... en emoción no hay quien pille a una obra shonen que esta terminando.

Posiblemente la llegada de los Hokage es lo que más me ha gustado, especialmente la del padre de Naruto (cómo no), incluso más que la tan esperada (por algunos) reunión del famoso grupo siete, en la que los tres personajes parecen brillar a niveles similares.

Que sí, que Kakashi/Obito también están a lo soyu, pero me parece que, aunque tenga dramatismo, está a un nivel de interés bastante menor que el resto del tomo.

Buena acción, técnicas enormes, reencuentros, situaciones desesperadas... pero qué leches hizo mi memoria conmigo? Tanto cambia leer una obra al ritmo que uno quiere en lugar de las eternas esperas al ritmo

regular)? En mi caso no hay duda, el tomo cada unos cuantos meses me mató el disfrute de esta obra, que hora estoy gozando incluso en el tramo que más palo me daba recuperar. Igual tengo que retocar mi reseña...
