AMAZING. Beautifully written science fiction that makes you want to be the protagonist.

Vaibhav Kulkarni says

Listened to Audiobook on Snovel.

Very well written... and awesome conversion to audio by Snovel.

Kudos to team Snovel for excellent job!!

Khandoba Salunkhe says

One of the best science fictions in marathi...

Mayur says

Superb book

Vaidehi Deo says

The best sc-fi novel ever ! Favorite in school days ... Takes you to a whole different world!!!

Aniket Mahajani says

I remember my science teacher has recommended me this book back in the school days, have got a copy to read it in the vacations of my SSC exams...a famous marathi science fiction by Naralekar...

Archies says

I felt very excited by going through reviews but it ended when I read it . Book is okay ,story was predictable (probably due to lots of movies that i watched) but then it was okay.

Viky Mulik says

very good story.
i should have read this book when i was in school:)

Ramesh says

I got this book as present on my recent b day. Was a great weekend read. Nice start for scientific novel.

Author really kept it streaming with finer details of each and every technology involved.
Cyclops is awesome!
