## **Pretty Dirty Secrets** Jeana E. Mann

A drunken night of passion threatens to reveal a lifetime of pretty dirty secrets.

The continuation of the award-winning Pretty Broken series:

Since childhood, Venetia Seaforth has had a crush on her brother Sam's best friend Piers Beckett. Like everyone else in her life, Beckett never paid much attention to her, but when their paths cross on a sultry New Orleans night, she's thrilled to be in his bed. The next morning, however, is a different story. She knew he was a player, but she didn't expect to be tossed out of his hotel room. Angry and hurt, she just has to get through Sam's wedding with Beckett at her side, and she'll never have to see him again. Except fate has a different idea...

Hotshot divorce attorney Piers Beckett has a plan: make senior partner, make lots of money, and shag a few hotties along the way. One night with Venetia destroys all his dreams. Now they're tied together for life, and she wants nothing to do with him. He's determined to win her over, but in order to do so, he has to keep their relationship a secret. Being with her threatens his career, his friendship with Sam, and changes his outlook on love.

As Venetia struggles to trust Beckett, he uncovers a secret that will shatter her life forever.

## **Fiona Moran says**

### **Not bad**

After reading Sam and Dakotas story, I had high hopes for this one. Unfortunately, it didn't hold my attention as much. I found Venetia really tiring, and although her character developed well I was too annoyed with her bratty behaviour at the start to like her fully. Its a good read, I just wasn't drawn to it as much as the first two books in this series.

---

## **Candice says**

### **Enjoyable series.**

Venetia and Beckett both had a lot of growing up to do. Unforeseen circumstances forces them to make tough decisions that can tear them apart. While I enjoyed this book, I thought more detail could have been given to Venetia's dilemma with her father. Also I never really came to like her character.

---

## **Katherine says**

I absolutely loved this book! A perfect balance of love, romance, sex (hot sex), betrayal and forgiveness. I had a great understanding of characters without having to sit and read through hours of boring background explanations. Venetia and Beckett are perfect and how sweet that she's been crushing on him since she was a young girl and as a grownup was a strong enough woman to forgive him for being a non-committing man-whore, not remembering their 1st / hot night together and keeping huge secrets from her. I guess I wouldn't be able to stay mad at such a good man either! I laughed, I cried, I rolled my eyes, I cried some more, to make a long story short, the book was amazing and is going on my "special" Must Read Again shelf! This is the first book I've read by Jeana E. Mann but I am definitely going to change that now. Thank you Jeana, you made my day!

## **Book Snob Sue says**

This was my first book of this series, I know there are 2 before this one about the same couple, but that couple has another book coming out and I didn't want to start that quite yet.....later.

Ok, so this is a really good book, however for me there was just a bit too much back and forth with couple, ie couple drama. They were both fairly selfish and immature in my opinion (it's tough dealing with yourself), I understood why Venetia was because she was only 23 , but Beckett was the same and I know he was quite a bit older. These 2 obviously had major chemistry and finally acted on it, then Beckett freaked out because she is his best friends little sister and he's an immature player. I was actually shocked about how Beckett handled it all.

Then fast forward 6 weeks and she finds out she is pregnant and is freaking out.....here I understand the freaking out. The whole time these 2 are back and forth, have sex then decide their just friend to raise the baby....it was actually a tad bit exhausting because they obviously want to be together and get along well. So, at 1 point Becket kind of pisses me off, I know they were not officially "together" and he did not "officially" do anything, but I guess because I already didn't like him that just sent me over the edge. Beckett is definitely NOT my favorite....don't give a crap how hot he is, looks can't make up for a whole personality.

These 2 finally figure it out for now and seem genuinely happy...so lets hope that continues.

## **Kathleen Murphy says**

### **Sweet afternoon read**

Entertaining good flow. I enjoyed the first two books immensely, this one is pleasant. The ending was fast, an expected outcome.

---

## **Jenn Cunha says**

Wow! What a fun read. Venetia and Beckett are seriously a great pair. Their relationship had it's rocky moments, but my goodness, was it fun to follow along and see how they wound up. I do have to say, I'm not a fan of Sydney and if Mann's next book is about her and Tucker, I'm going to have a hard time finding her likeable.

This book has a little bit of everything, family drama, real relationships, and enough heat to keep things interesting. Nicely done Mann.

---

## **Shaunta says**

### **Gave in to soon**

I read the series from the start and with that said I still think V let Dakota off way to easy. I think the book could have went deeper and way more dramatic if V left the wedding before it happened when the ultimatum was given. I would have if my brother chose some chick over me I wouldn't care if she got blackmailed. Other than that I loved the story but I think if the author added the sibling drama mixed in with beck and V fighting for their desire v this would have been movie worthy.

---

## **Lashonta says**

### **First time reading this author**

This book was not bad, however it was a little to uppity for me this was basically about rich friends and family who had made up drama. V was in love with her brothers best friend. V was rich and did not no how

to boil water(her words not mines) every time you looked up she was whining about something. I actually liked her friend Sydney better than I like her.

---

## **Maggie says**

### **Sweet romance**

Beckett and v. V has always loved Beckett, but v is Sam's little sister, grown into a woman and temptation gets too much so after a drunken night things change for the both of them.

Very sweet and engaging romance with good characters and dialogue. The storyline was simple and engrossing. Liked it.

However again, I'm gathering this is this authors method of torturing her readers so many questions, Sam and vs dad, can that character be a bigger..., he's like a pantomime villain, I find myself wanting to boo and hiss every time he's mentioned. Vs parentage..., there's another sister....Vanessa, come on!

Jenna you have got some explaining to do!

Loved it, recommend this one.

## **Angela says**

Great book. I don't like Venetia as much as I like Dakota, but her relationship with Beckett is great. I also thought the dynamic between Venetia, Dakota, and Sam was interesting. Another good installment.

---

## **Sheila says**

Beckett and Venetia have a one-night stand at her brother's wedding. Venetia has had a crush on him since her teens. He's her brother's best friend. He is also her father's attorney holding secrets that can hurt her and her brother. Will this work out?

This can be read as a stand alone book. There are characters from earlier books in the series but the stories do not cross over. Enough is told about Venetia's brother's story that it is easy to pick up. This story grabbed me from the beginning and held me enthralled until the end. I could not put it down and read it in one sitting. The storytelling is wonderful.

I loved Beckett and Venetia. Her brother was a bit of a jerk. Her father, one of the worst villains I have had the displeasure of meeting in a book. Knowing Beckett and Venetia's thoughts kept me on the edge of my seat. I wanted to know when they would put their protective shields down and open up to each other. Both are stubborn but both learn they are stronger together than alone. The secondary characters are interesting. I want to know what happens with their friend Tucker. I am not so sure I want to know Sam's, her brother, story but I may have to find out just to finish the series.

---

### **Kat Ryker says**

This is probably the one book in this series I didn't like as well as the rest. Mind you, I liked it, and read it, and enjoyed it, but just not as much. I think because we didn't see much of Beckett and Venetia until they were here in their own book.

We saw Venetia through Kota's eyes in previous books and I think I formed a negative opinion of her there. So when I started reading this book, I had already built an opinion of her in my mind that was tough to lose. And Beckett, well I have never cared for men who are jerks. And this guy, in parts of this book, is a jerk. Yes, he redeems himself at the end, but it takes him a long time to finally get it.

Beckett is also responsible in this book, of nearly destroying everything Venetia believes about herself. He doesn't do it on purpose, or with any malice, but Venetia isn't prepared for the information.

This book was yet another angle to view the Seaforth's from. It was a well written book with a fairly well paced story. I have really enjoyed every story of the Seaforth family and their friends in this series. I think if I had read these stories in order, which I didn't, my opinion of this book may have been different. As it is, I will rate it as good, and yes, I would still recommend it.

---

### **Amanda Summerlin says**

This is my favorite book in this series, so far!!!! Don't get me wrong I love the first two books in this series. But.....

There is somethig about Beckett and Venetia that I just adore!!!!

This book has all the feels in it. There is laughter, sadness, romance and happiness.

---

### **Bernadette Robinson says**

Review to follow.

---

### **Terrie Dixon says**

I loved this one... So far my favorite!

sam and koda was good... but V and Beckett!! ??? love them! I really enjoyed this.
