**Realms of Tolkien** J.R.R. Tolkien , Alan Lee , Ted Nasmith (Illustrator)

Following the success of "Tolkien's World," this new collection of shining illustrations inspired by the work of J.R.R. Tolkien is as beautiful and unique as its predecessor. This breathtaking four-color volume is designed in a deluxe, oversized format, and includes paintings from a diverse group of international artists. Each picture is accompanied by text from the relevant passage in Tolkien's fiction as well as a personal statement by the artist about the inspiration and influence J.R.R. Tolkien has had on their work. Includes works by an electric group of artists, both famous and up-and-coming: Alan Lee, renowned for his atmospheric interpretations of folklore and legend, as well as his stunning illustrations for "The Lord of the Rings" John Howe, creator of many Tolkien book covers and acclaimed for his powerful representations of the landscapes and peoples of Middle-earth Ted Nasmith, known for his classically accurate and dramatic pictures Inger Edelfeldt, illustrator of many beautiful and unusual Tolkien calendars, book covers and posters.

## Sofia says

A collection of images from Tolkien's world from several artists: not only the renown Ted Nasmith, John Howe and Alan Lee (definitely the best IMHO) but also from Inger Edelfeldt, Fletcher and many others. Beware this book comes with two different covers but the content is exactly the same (the one I have shows Merry and Pippin on Treebeard, during the Entmoot (cover) and a Mumakil at the back).

It's fun seeing different takes on Middle-earth. Alan Lee and John Howe stand out, which is probably why they were asked to help design the movies.

Cor Blok's paintings also are interesting. They're not "realistic," but their colors and tone seem to capture the books.

Some images I knew; some I didn't like.

Some are perfect

## Michelle (In Libris Veritas) says

Quite a gorgeous book! I especially love seeing some artists I'm unfamiliar with envision a scene or a character and how much it differs from another artist's work of the same subject.

Es como visitar una galería de arte.

Algunas obras muy buenas, otras no tanto, pero las que en verdad me parecieron horribles fueron las de un artista llamado Cor Blok, no puedo creer que a Tolkien le gustaran esos trabajos.

## Kate says

An enjoyable illustration book focusing on the various artist inspired by J.R.R. Tolkien. Along with featuring

the written scenes to match the artwork. It was interesting to hear how they discovered the books and how each artist portrayed their versions of Middle-Earth.

Una recopilación de imágenes preciosa, es curioso ver como los diferentes artistas imaginan los mismos personajes. Me gustaron particularmente las ilustraciones de John Howe, Carol Emery Phenix, Ted Nasmith, Stephen Hickman y Alan Lee. Aunque debo admitir que todas son preciosas.

A nice complement to the Middle Earth saga. My favourite image is of Treebeard by Alessandra Cimatoribus. Also in enjoyed the brief bios.
