## **The Bear Essentials** Stormy Glenn

[Siren Publishing: The Stormy Glenn ManLove Collection: Erotic Alternative Paranormal Romance, M/M, shape-shifters, HEA]

Bear shifter Rob Colton is excited about the future, and after graduating, he is ready to start the next phase of his life. He never expects that life to include a frightened young man that darts out in front of his truck. But one whiff of Casey's sweet smell and Rob knows his future is going to be brighter than ever. He has found his true mate.

Orphaned at an early age, Casey Newton has bounced from foster home to foster home, never quite finding a place to call his own. When a big, burly man decides Casey is his true mate, the cold and lonely world Casey grew up in begins to change. For once in his life, someone wants him.

But wanting someone and keeping them safe are two very different things. When the man that has terrorized Casey for most of his life comes after him again, can Casey trust Rob to protect him or will he be tossed away like he has every other time in his life? And will the bond between mates be strong enough to withstand the threat of losing everything they hold dear?

## From Reader Review The Bear Essentials for online ebook

### Erin says

This book was just okay for me. There wasn't anything that made it stand out from any other shifter romance I've read, except the shout out to Rob Colton, whom I also adore.

This was clearly positioned as the beginning of a series, but if the rest follow this one's lead at about \$5 a book, I doubt I will continue it.

Blurb:

Bear shifter Rob Colton is excited about the future, and after graduating, he is ready to start the next phase of his life. He never expects that life to include a frightened young man that darts out in front of his truck. But one whiff of Casey's sweet smell and Rob knows his future is going to be brighter than ever. He has found his true mate.

Orphaned at an early age, Casey Newton has bounced from foster home to foster home, never quite finding a place to call his own. When a big, burly man decides Casey is his true mate, the cold and lonely world Casey grew up in begins to change. For once in his life, someone wants him.

But wanting someone and keeping them safe are two very different things. When the man that has terrorized Casey for most of his life comes after him again, can Casey trust Rob to protect him or will he be tossed away like he has every other time in his life? And will the bond between mates be strong enough to withstand the threat of losing everything they hold dear?

Summary:

Casey's childhood memories were of being sent from one foster care home to another where only one woman cared for him. He lost her when she was injured. Casey learned that he could only depend on himself until the day Rob rescued him when the alpha's son was again abusing him. Rob knew Casey from afar, but when he realized that Casey was his mate his life changed in an instant. It was inspiring how in spite of his past, Casey was willing to trust that Rob would protect him. The fact that Casey, a human, was always placed in bear shifter homes when that was never the case. Casey's knowing about shifters made it easier when Rob told Casey that he was a bear shifter even though it made them wonder what was going on. The trust and love that grew between Rob and Casey proved to be very important as secrets about Casey's past threatened everything he had. This story was filled with unexpected twists that surprised me and their story has just begun!

---

## **Rob Colton says**

I really enjoyed this book. One of the main characters is named after me, so that bumped it up a star :) It's a quick read, and you know what you're getting - hot bear shifters. Though the book's marketing doesn't say it's the first in a series, the ending is very open, and sets up a new series of books.

---

## **Christy says**

**4.5 Stars** Stormy Glenn had better make this a series or else! I was captivated from the first page. Casey broke my heart with everything he's been through and Rob is so stinking adorable as this giant bear with a soft, squishy heart just for his mate.

There was some drama which was done really well, and sex which was done great!

Really hoping to see more of these bears!

---

## **Zo'e says**

I more or less always enjoy Stormy's books but I always feel like there should be more. She sets up great secondary characters and just seems to abandon them which is a shame.

---

## **Morgan Skye says**

Casey is a runt, constantly getting beat up and hating life in the small town he's grown up in as an orphan. His foster parents feed him, but they aren't what you'd call supportive. He's doing his best to finish high school and get the hell out of town.

When Rob runs across Casey just after Casey's been in a fight –again – he realizes Casey is his True Mate. Though bears and humans don't generally mate, he knows for sure Casey is his forever Mate.

The two have to convince the bully to leave Casey alone and convince the bully's Sheriff father that they aren't doing anything to malign the pack. Fortunately Rob's family is awesome and supportive and together they uncover some secrets about Casey that make everything both easier and more difficult than ever.

\*\*

This is a fun shifter romance of two mates – one alpha and one “omega”. It's pretty hot and sweet, just like you'd expect from Stormy Glenn.

I recommend it to fans of shifter romances.

---

### **Rachel Emily says**

There was a bit too much crying, giggling, insta-love in this for me to really love it. Things moved too quickly, and then to top it off, it felt unfinished at the end, like there should be more to Rob and Casey's story.

---

### **Hc says**

I can see this turning into a series.. after the fact. Rob's brother Harvey and one of his BFFs seemed to have some kind of tension, making me believe something happened..

Onward... I can NOT say I'm terribly shocked on the real background on Casey. And what the alpha played in that part also didn't really shock me. That doesn't mean I wasn't teeted off that the alpha doesn't seem to see what son Raymond is doing. Oh and attacking a 'future alpha'.... Shouldn't the future alpha be able to handle himself and not get wiped on the proverbial floor? Seems to me that hints at a poor alpha in training...

Basically this is riding the fence for me.. not terrible but not over the top. I COULD allow this another go around if it turns into a series and see where it goes.. But, as of now I'm assuming this is a one off.

---

### **Shelley says**

3.75 stars

Although this is listed on Stormy Glenns' website as a single title, it finishes as if there could be more to write about. I certainly hope that there will be more to come!

---

### **Ericka Walden says**

Just. ...awwww. ...

I'm really hoping THIS is turned into a series! There is sooooooooo much more story here! !

---

### **WhatAStrangeDuck says**

I haven't read the book, nor am I likely to. Hence, no rating. But this cover? Good grief, that's not okay by me. The kid looks like he's maybe thirteen. There is no way a kid this age should be on the cover of a romance/erotica title.

I'm aware that the author probably didn't have any say in the matter, so my blame entirely goes to the publisher. Siren covers are notoriously terrible but there is a distinction between awkward/ugly/silly and just plain wrong. This is just seven kinds of wrong.

---

**Tanu Gill says**

It was a cute short story. I wish it had been longer, now I feel as if so many things were left unexplained.

I liked both Rob and Casey, they both were so adorable. The plot was fine enough, too. Hope I get to see a sequel.

---

**LaShonta says**

There needs to be a sequel like NOW!!!

---

**Julie scott says****The Bear Essentials**

This was another great book and I can't wait for more from Stormy weather it be a series of just a single they are all great.....

---

**Neko says**

SEQUEL!! SEQUEL??

Please? lol...

I really enjoyed this book. Definitely not for everyone simply because I know there are SOME annoying people out there that have a fit with effeminate men who cry easily but if you don't mind that and like stories by Stormy then this is another good one to read. :D

IT NEEDS A SEQUEL!! <3

LIKE NOW! loooool~~
