Those who knew the streets in Houston knew one thing for sure. The four brothers of the Kinsey Cartel were as crazy as hell. The oldest two, Tremell and Tristan, aka Tre and Tripp, might just have been the craziest of all. Crossing any of them could end your life, especially given Tre's unique skills at murder. No one messed with them... until a pair of best friends, Shamar and Cyn, came in and turned Tre and Tripp's world upside down.

Shamar Parker, a quiet college girl, found herself caught up in the game, given to Tre as collateral. Tre's captive would soon become his lover and he vowed never to let her go. With an attitude the polar-opposite of her best friend, Cyn Murray stormed into Tripp's life, demanding the return of her friend. In the process, she also stormed into his heart and Tripp knew he had to lock her down.

But the Kinseys' old habits died hard and their lifestyle threatened to push the women they wanted most out of their lives. Can their love survive the streets?

This was an interesting read; it started out kind of rough but not enough to take away from the read. The guys all had issues and I'd like to read more about the relationships but overall it was a good read. Can't wait for the next one.

#### **Them Kinsey Boys**

This story is legit dope. The Kinsey brothers might be ruthless in the streets, but when it comes to the heart they are unpredictable. Family is everything to them. Tripp and Tre get hit hard coming across Cyn and Shay. When old skeletons coke back, and a job almost goes completely wrong, relationship get destroyed. This story had me both emotional and excited, these brother have a lot to them. I'm excited to read part, because this secrets is about to go full circle.

**Alexa says****Loved it!!**

I loved everything about this book. Wonderfully written. I actually laughed out loud a few times. I LOVE Tre and Tripp. I hope they can fix their issues. I hope Cyn realizes that both Tripp and Her baby baddy put the baby at risk. Her baby daddy should have let her know he was a part of that life. On to part 2!

**Shirlyn says****Love lost**

Poor Shamar. Tremell should've known katerah couldn't be trusted. Cyn and Trpp are perfect together. I think she made a mistake pushing him away tho. Tamir is about to lose his mind. Chantal has hidden a baby from him.

**Hope Thomas says****Wow...**

It's just too much going on at one time man. Who knew that Chantal was even pregnant n had a baby smh.... I felt so bad for Tripp he is truly hurt now that Cyn doesn't wanna be bothered wit him. Now Shamar should at least let Tremell explain wat happened. Smh... I can't wait to read part 2! Great job! This was fire! ????

### **Yeah It's e**

This was just good writing and excellent storytelling done top to bottom! The writer immediately draws you into the story and does not let go. You are getting a story that's well rounded, with characters that actually have personality. I love that the story doesn't go off the road into some crazy stuff. This was just a really good story you are not going to want to end!

### **Banger**

Yessssss, this book was everything. The drama just kept coming and then that cliffhanger ?. The Kinsley are definitely no joke and there bat crazy. Tre and Shamar need to get it together. & Cyn can't think that Trip would ever intentionally hurt her daughter. I can't wait to start part 2!
