I love you Mo! You always make me smile!!!!!!!

### **Robert Gowdy says**

This story takes us through cat letting all of her friends know it is time to go to sleep. The book has a very simplistic drawn collection of pictures to tell the story which appeals to a much younger audience. The story touches on communication, informing others politely, and understanding when you do not need to inform others of new information. I would recommend this story to a much younger audience; kindergarten and under.

### **Sue says**

It's very repetitive, which isn't a bad thing for very young children. The introduction of owl could spark a conversation about nocturnal animals.

Another pleasing book by Mo Willems that we'll probably eventually add to our personal collection. A story about saying good night to various animals and watching them get ready for bed, all my children enjoyed it. They especially got a kick out of the horse sitting on the potty. Not enough words to be considered a level 1 book, but still a fun family read.

Cat the Cat tells all the animals it's time to sleep as they participate in the various activities involved in getting ready for bed. As usual a cute Mo Willems twist at the end.

### **Sweet on Books says**

Cheerful Cat is back! In this story, Cat comes to find all of her friends, Sheep, Pig, Giraffe, Crab, Horse and Shark, and coaxes them into slumber. When Cat happens upon each friend, they are all in a different stage of the bedtime ritual. Sheep is reading, Giraffe is brushing his teeth, etc. Little readers will most enjoy Horse's stage in the ritual - what youngster doesn't love a little good, clean potty humor? But what happens when Cat

gets to Owl? You can just imagine what Willems does with this bit of humor! Checkers anyone?

As with the other "Cat the Cat" books Willems has introduced, the story is simple, direct and repetitive. Perfect for a young toddler who can't sit still very long and equally as perfect for a fledgling reader, who will be able to read it by him/herself very quickly.

### **Suzanne Kunz Williams says**

I once watched a documentary called the "The History of the English Language." It was quite interesting. Among other things it thoroughly convinced me that reading is one of the keys to compassion. Because the more you read, the more you are able to see things from another person's point of view. This book does that. On the outset it is a simple book about animals going to sleep. But then, in the end we are hit with the loneliness that one feels when one is different and has no friends. A few phrases. A few pictures and we feel the intensity of loneliness. And it awakes compassion in us. And compassion is always a good thing!!!

\*\*Talking points - how could the other animals help owl feel loved? How can you help those who are different feel loved?

Cute. My kiddo is still too young to get the joke at the end, but he loves talking about animals, and proudly informed me that the horse is going poop. So, there's that!

great bed time book.

### **Katy says**

As with a lot of Mo Willems stuff the ending of this left me chuckling, but again I wondered if kids would really get the joke. Often his stuff needs a certain level of understanding context.

We love Mo Willems! This book was no exception. Willems writes very simple but is able to make kids happy about reading and also starts a lot of conversations about the pictures, which I love. That's the magic of Mo Willems!

### **Lisa Nelson says**

Dear Mo,

Thank you so much for writing easy reader books that are actually fun for kids and parents to read! You have revolutionized this genre. I love these book as well as the Piggie and Gerald series. You have added spice to our nightly bedtime stories. I don't know how many times we read the page in this book, "I'm on it." My kids laughed every time, okay I giggled as well. Please continue to crank out these amazing books!

Sincerely,

So long Dick and Jane

This book is funny . This book is also repetitive. When the cat asks if the owl wants to go to sleep the owl is still up and because it is nocturnal it doesn't sleep in the night. All of the animals go to sleep, but the owl asks if anyone wants to play checkers. This book is funny and a good read for preschool - 1st grade.

My first venture into Cat the Cat books, and it worked well for preschool story time. Definitely one I'm going to reuse.
