Yoshihiro Togashi, **Yuyu Hakusho: Standoff at the Eleventh Hour** (ViZ, 1993)

The Demon Rift is almost open, but Yusuke and the gang are hot on the heels of the demons trying to open it. Problem is, their guide hasn't been to the hideout in a while, and there's something new waiting there... I've been away from Yuyu Hakusho for a while (my library had to replace a couple of missing books), and it's always great to get back to this series. Lots of action, memorable characters, and strong plotting make this a good read every time. *** 1/2

My all time favorite manga series.

Reread for the fun of it. It is my number one favorite manga series.

### Inah Solacito says

Why is Yusuke always so adorable?

Things are really serious now. I can feel the change in atmosphere just by reading. I also love how everything that's happening in the story is very possible to actually happen in real life.

### Starbubbles says

wow! need i say more? i think i do! loved the whole thing. i think that's the first time i have even remotely thought that for this series. there was fighting, plotting, strategy, cunning, kurama... soo good! really had me ready to read the rest of the series.

### Danyka says

*I'd watched and liked the anime version when I was still a kid.*

For now, I got no plans for buying a copy.

### **Fugo Feedback says**

Espadazos por la espalda a tipos que disparan camiones, nenes malvados que mueren por culpa de los videojuegos, pesadillas eternas para monstruos inmortales... ¡De este tomo sí que me acuerdo! De lo más cruel y entretenido de este tramo final de la serie.

### **Susan says**

Kurama is a stone cold killer.

---

### **Carolina says**

O túnel que liga o mundo dos demônios ao mundo dos humanos está quase completo e a tchurma do Yusuke corre contra o tempo para impedir isso. Mais um volume bacana. :)

10/5 stars. This was probably my favorite volume yet. holy. shit. \*drool\*

### **Malon says**

The Chapter Black arc continues to deliver interesting challenges for the cast. The sniper had a really creative ability. And the game kid's powers, while creative, were introduced and executed in a very clunky way. Those stumbles, however, are more than made up for with a gut punch of a conclusion. Can't wait to see what comes next.

### **Lauren says**

This definitely seemed like a throw back series but I thought the characters were well developed and the action from the series came across well. The fighting scenes were fantastically done and I was really able to get into the story.

**Christine says**

Really enjoying his series again. This volume had several great moments. Some made me laugh, I yelled "gross" at one point, I think. And had some seriousness.
