**Corazón cautivo** Nicole Jordan , Laura Fernández Nogales (Translator)

Katrine Campbell decide volver a las Highlands para buscar sus raíces. Pero ni en sus fantasías más salvajes imaginó que acabaría secuestrada por Raith MacLean, un moreno tan peligroso como arrebatador. Lo único que el joven desprecia más que a los traidores de los Campbell es a Katrine, que es inglesa y lleva el apellido de ese clan. Pero cuando Raith permite que su preciosa y rebelde cautiva le robe el corazón, se da cuenta de que el amor le causa muchos más problemas que sus enemigos.

## From Reader Review Corazón cautivo for online ebook

### Amy Blasko says

#### Loved

Interesting, stirring, compelling, characters were well written and easy to love. One of my favorites of her early writing ?

---

### Kathy says

could not finish

---

### Monisha says

This was my first Nicole Jordan read. I'm very slowly branching out from the English Regency and have somehow landed myself very firmly in Scotland (something about the plaid, man, I really like it). Anyway, I'd say this book was pretty good. There were some moments where I was kind of iffy about what was happening, but for the most part, I really enjoyed it. I've seen people on here complain that it was "too slow," but honestly, in order for this book with this plot to be realistic, it needs to be slow. She gets abducted, for crying out loud. She can't just tumble into bed with him the first night.

There's a lot going on this book: a heroine who's strong-willed and trying to work her situation out after getting abducted on her first night in Scotland, a hero who has to come to terms with how he feels about his captive (who happens to be from a rival clan AND English, the latter of which is probably the graver offence), the hero's ward who can't speak, the rivalry going on between the hero's clan and the heroine's, and, of course, amusing characters to lighten up your read. Nicole Jordan executes this pretty well. While not perfect, this book does make me want to read another Nicole Jordan book. *Princess Charming* here I come.

---

### Manisha says

Finally.. A nice historical romance by one of my favorite authors. I hated "desire and deception" but this I liked probably because it was not her one of the first books.

The blue eyed devil of a hero Raith Maclean and red headed spitfire heroine Katrine Campbell make a fine couple and I thoroughly enjoyed their bickering and bantering.

The plot was quite good and not at all slow for me. This is what we expect from HR... People don't fall in bed in their first meeting.

All in all.. I am definitely gonna read other historical romance books by her.

## **Jeniffer Cabrera says**

Al principio me encantó, después fue decayendo bastante, el final una desilusión.

---

## **Sombra says**

No ha sido de los mejores de esta temática que he leído, pero tampoco la peor. Se lee rápido y fácilmente. La trama pintaba interesante, pero no se si es porque hace poco leí un libro con una trama parecida, que este me ha sabido a poco.

La protagonista es una chica que quiere vivir aventuras y por eso deja Inglaterra y se va a vivir con su tío a Escocia. Allí, la primera noche encuentra en su despacho a un hombre que parece que está robando, pero en realidad es el jefe del clan McLean, que ha ido allí a alterar unas cuentas de su tío.

Finalmente, la acaba secuestrando y es ahí cuando comienza la aventura.

Los diálogos entre ambos me han gustado bastante, pero la primera parte ha sido demasiado tediosa para mi gusto, ya que no sucedía nada interesante más allá de narrar las aventuras del viaje.

La segunda parte ha tenido un poco más de encanto porque se ve como ella poco a poco consigue hacerse hueco en la vida del clan enemigo y la empiezan a tomar algo más en consideración, pero a raíz de que ambos pasan la noche juntos, la historia se vuelve un poco..digamos, repetitiva.

Que si ahora te quiero, ahora no porque eres del clan enemigo, que no quiero tenerte cerca pero a la vez no hago más que buscarte y finalmente, tras declararse (esa parte me ha gustado, sobre todo porque es ella la que se declara a él en frente de todos), la lleva de vuelta con su tío y no es hasta dos meses después que vuelve a por ella y resuelve todo y sin apenas problema en unas cuantas páginas.

Como digo, no es mala, pero para mí le ha faltado algo más para que consiguiera emocionarme.

## **KyBunnies says**

### **Reviewed by KyBunnies**

This is your average romance book. Hero hates the heroine. They quickly fall in love, have sex and live happily ever after. Would of bee. better if H/h waited for sex until they married. Also felt the story needed more historical facts. I felt these were lacking.

---

## **Selly - Leggere Romanticamente says**

3 stelline e mezzo

---

## **Sandra Winter says**

3,5 Ha sido la lectura que necesitaba en estos momentos y lo he disfrutado mucho. No le doy más nota porque ha habido momentos en los que me ha aburrido un poco con tanta indecisión.

---

**Ale ?? says**

3'5??

I liked it.

---

**Hilly S says**

3.5 stars, I suppose. I felt that the heroine wasn't very likable, particularly in the beginning. She improved as it went on.

---

**Maite Gil says**

Estuve a punto de no comprar este libro, ya que los últimos de la autora no acaban de convencerme y, otro de Highlanders suyo que leí no pude ni acabarlo. Pero como era barato me arriesgué, y acerté.

He disfrutado del libro desde la primera página hasta la última. Es lo que esperaba encontrar en un libro de Highlanders.

Me animaré a seguir con la autora.

---

**Rincón de Lectura says**

4.5

---

**Heather says**

**Great**

A half English and scots woman know for her shrew tongue get abducted by her uncle's enemy clans laird. Caught in a unknown feud she calls for her captor . Raith refuses to fall in love and it marry again but his wee captive turns the tables and he becomes captive to his own feeling for the lass. Good book a little slow and drawn out at times but with every page to read.

---

**Denise says**

I liked this book, even though it was a bit unbelievable that warring Scottish clans would forgive and forget this easily. The love story was nice, it actually took awhile before they ended up in bed. I despair that

virginity meant anything to women in this era, they seem to give it up easily. I guess there wouldn't be a story of they didn't!
