### **Cassie Fischer says**

This volume largely focused on Makimura and 11 which was an odd change of pace. Tsukasa only had one panel and we learned something about a devil's transformation. Overall, I feel like this volume was a little disappointing but I'm still looking forward to the next one.

Well, this is a perfect book to end the year and my challenge of this year. I must say, it was really good, I really enjoy how we got to learn more about the other characters and their stories also. I was really excited when I was reading this book, I must say. I can't wait to read what happens next!
