### **K.augustine says**

Even though I am not or have never been in Kyla's and Stephanie's exact situation I could totally relate to their thoughts and emotions. This book was very thought provoking and sad for me to read, although the narration by Kyla was hilarious! I don't believe this book was a page turner, but I was interested in what would happen next. I was also a bit frustrated by Tori's character. She is super ignorant and if her image was such a big deal to her then maybe she shouldn't sleep with any man with a pulse. Kyla should have definitely put her in her place. There IS a way to check someone without showing your ass. This novel made me want to pull out my hair during certain parts. Especially because Kyla took so long to figure out what she wanted to do. The ending is definitely a surprise. All in all this book was good but I am not sure that I would recommend it to anyone. I don't want to be harsh and say it was a waste of time because it wasn't completely, but I do wish I would have spent the money I spent on this one something else.

### **Kat says**

This was a really great book. I finished it in a day. It made me laugh and cry! The love between the 2 main characters was so beautiful. I did not enjoy the ending though.

---

### **Krys says**

I just found out that this book has a part two. You make me Wanna by the same author. Overall, this read was very good and i cant wait to finish book #2.

---

### **Trelani Michelle says**

Everything was predictable but the end. That's not necessarily a bad thing though. The story was well crafted with excellently developed characters. I empathized with each character and was genuinely engaged in the story. The beginning was a bit slow, in my opinion, but it quickly picked up and made up for lost time. Very enjoyable read with the classic dilemma of following your heart or what's safe. Love, love. Great read.

---

### **Stacey Rice says**

I enjoyed this book, the characters were real and true to life. Reminded me of some things I went through, though a little bit different circumstances. I saw myself in a couple of the characters. Great book for any woman that is struggling with their sudden attraction to women. Wish the ending had played out a little more.

**Melicia says**

sweet

---

**Shayne says**

Wow, just wow. This book was a very pleasant surprise, I didn't realize I'd end up enjoying it as much as I did. The characters and the situation were relatable. I wish the ending between Kyla and Stephanie resulted in a different manner but realistically, not all endings are happy nor end how we wish. I loved the love between Kyla and Stephanie and although the ending isn't what I wanted for them, the bright side is that in the end, Kyla was true to herself; better late than a never.

---

**Serena says**

That's what Kyla's dumb ass gets.

---

**Mona Lanton Perry says**

a good book although the lead character was very naive

---

**Helen says**

**Great**

I loved Kyla and Stephanie together. I was routing for them together all the way. This is a nice story. Can't wait for the next book.

---

**Kiyah Thompson says**

Semi-spoiler alert:

I thought this one started slow. Very slow. But I think the slow pace helps illustrate the relationship between Steph and Ky. By the time they become physically intimate it's like FINALLY! But the buildup makes the scene that much more powerful. The close friend Tori, her dialogue, especially in the beginning was kinda.... over the top and almost unrealistic. The ending was not exactly happy per se but it was unexpected and it makes this a memorable read if nothing else.

---

**Lammecke Mccoy says**

I for one read the entire book I just finished it. I can honestly say I really got into the characters and felt Kyla's pain but she definitely should have made an earlier decision and confessed her love to steph. I really wanted them to be together! I hope nikki will someday bring them together again in the near future. I could really feel the love between them it was powerful and passionate. I LOVED THIS BOOK this was one powerful love story...!
