*Amber Scott*

**Enchanted Moon** Amber Scott

*Quinlan Blake returned to Tir Conaill seeking peace. Not war, nor trouble, and certainly not love. Fate has its own plans though, pushing Ailyn D'Eru directly into his path.*

*And into his arms.*

Despite her keen attraction to him, Ailyn has no desire for his or any hand in marriage. The search for her missing liege consumes her and embroils him.

No matter how hard he works to circumvent the treachery surrounding her, he cannot sidestep destiny.

Should he survive the mysterious lass, should he find a way to embrace the magick and mayhem she brings crashing upon them, he could lose his heart to her .

*Under her spell. Under an Enchanted Moon.*

# From Reader Review Enchanted Moon for online ebook

## Angie Peoples says

Once again Amber Scott has out done herself in this powerful Fae suspense filled and action packed love story. I couldn't put this book down for a second. Ailyn and Quinlan make a remarkable couple as only Ms. Scott can built their characters up to new heights. I am looking forward for more of this series and to the new series that will include Daniel's story. Great writing and so powerful. :)

## Kathy says

Amber Scott does it again! No one can weave a "magickal" spell that will transport you to a beautiful world filled with a strong Hero and an even stronger Heroine than Amber Scott! You will fall in love with Quinlan and Ailyn's story as the mystery surrounding them is revealed through their journey to save their respective worlds! Join in this Irish "magickal" romance by reading this book today! You won't regret it!!!

---

## Heather says

Not sure about it. I normally like Amber Scott's books, but it wasn't a hit for me. I think that maybe I am in a funk because a lot of the reviews I read were glowing!

---

## B.L. Hewitt says

Five stars for this one...and that doesn't happen often. This a perfectly balanced work of romantic fiction. So often the author gets bogged down in the fantasy, and although this piece starts with the tried and true ancient amulet and mysterious prophecy, the author has used it to create tension and menace for her main characters instead. This is a love story between the fairy, Ailyn and the mortal, Quinlan, which builds until it sizzles. Well paced, with just enough evil doings and fairy flicker to keep our lovers in peril, just enough sensual teasing to keep us waiting for it...and then good prevails over evil, and although they must make painful sacrifices...a happy ending.

A beautifully written romantic tale and charming read...Good job!

## Mei says

Not enchanted but semi-enjoyable read. Took me a while to get into the brogue. This tale was exhausting! Quinlan and Ailyn wore me out! There was so much going on, almost too much. I was mired down in all the details of the story and at times couldn't enjoy it. It almost felt like work! Took me a full month to read!!

---

**Jilly says**

Had a nasty head cold, and this actually took my mind off it

---

**Tracy Haynie says****Good story**

My daughter calls me a grammar nazi. It certainly intrudes on my ability to enjoy a story when there are so many grammatical errors. Anyone with the ability to express themselves through writing should have learned the basics. The differences between to, too, and two are essential. Names misspelled, you created these names or named your characters, please remember how you initially spelled them. What about editors, come on people. Are you paid to let these things get by? Suffice it to say the story was nice, but could have been so much more enjoyable.

---

**Michelle says****Enchanted moon**

Quinn got over his heat break of loosening Bri. what eyes will come to harm because of these stupid stones.
