Rooh says

Kim Kang Won always outdoes herself in the intensity of her scenes with each Hali/Hajun moment. They are my favourite couple in the series so far. Hali's character is the most interesting as her aloofness is simply hiding a broken heart because the guy she loves doesn't seem to return her feelings and she is having to masquerade as her dead brother for so long. In a way I hate her father for being so weak and making her do this and on top of that he has the gall to say "are you blackmailing me?" when she says she'll stop pretending to be Terry if he doesn't let her model. I admire Hali for not taking life sitting down and using every opportunity she gets to try and get what she wants. I was really pleased when she decided to model because at least this is something different and a place where she can be recognised for who she is.

Meanwhile we find out about Siho's family and it is not pretty. I like how Sey is slowly gravitating towards Siho. Also loved his Science score XD

Ahhh need the next volume NOW kthanks.

Definitely a great series thus far. I will have to read Vol.4 online somewhere, as I only own V1-V3. Does anyone know anywhere I could read Vol.5 online? BXS's links only seem to work for Ch.1 of Vol.5. I'd love to be able to finish this wonderful series.

A good Korean shojo manga.

I loved this volume, as it's now moving slowing but still moving nonetheless.

Sey's feeling for Siho are starting to show ,which surprises her as she thought she was into Mr Cho who has feeling for Hali, who thinks her love for him is unrequited.

I want Hali/Hajun and Sey/Siho to be together.

After reading this in a hour, I wanted to read the next volume really badly.

However, I hope that in the next volume, Hali/ Hajun and Sey/Siho will be together, I found Sey's 'friend',Ria,to be extremely annoying as she is always, I think anyway, trying to put Sey down like she did with that comment about how Siho is 'fast.' But I love how her other friend, Jae Eun Kim, is completely the opposite and want Sey to be with Siho.
