## **It's Happy Bunny: Life. Get One.** Jim Benton

It's all about the bunny. Deal with it.

Just in time for graduation, Scholastic presents a full-color gift book based on the most successful art brand of 2003, It's Happy Bunny!

Everyone's favorite bunny with attitude presents words of wisdom for all life's endeavors, like:

When life gives you lemons, squirt lemon juice into the eyes of your enemies.

Is the glass half-empty or half-full? Who cares? Learn to focus on the things that truly matter--like yourself and money. In this charming collection of ancient bunny wisdom, you'll find painfully honest twists on age-old advice as Happy Bunny shares the secrets to a happy and rewarding life. YEAH, RIGHT.

## **Luke says**

Another funny "It's Happy Bunny" book. Happy Bunny's sarcasm is unsurpassable in hilarity!

---

## **Lauren says**

This book makes the very common mistake of confusing insult comedy (a rarity done well) and insulting without wit. There were a couple pages that elicited a chuckle, but most were just eye roll-worthy.

---

## **Terry says**

Happy Bunny provides a humorous, though cynical view of the world. I did not find it as laugh-out-loud funny as some of Jim Benton's other works, but any book by this author is worth a try. Plus, it's a pretty short book.

---

## **Rob says**

Happy Bunny for President! This is a must read!

---

## **Edward Creter says**

Happy Bunny has a name that's as self-explanatory as it is hypocritical, at times. So the Funny Bunny shares his secrets of walking the path of enlightenment (HIS enlightenment, actually) with enlight-hearted quotes developed with the help of Jim Benton, creator of Dear Dumb Diaries and Franny K. Stein. He spreads his joy (in hurting others), peace (thru superior firepower if need be) and happiness (in seeing smarter people fall!) with witticisms that have already mad him a fan favorite. But PLEASE! DO NOT take him seriously! It's not the I Ching! It's the Chinny-Chin-Ching! And it's FUN!!!

---

## **Hello Kitty says**

Its happy bunny life get one is a book about a little rabbit called happy bunny and in this book you find out that the better things in life comes to you so you should not try to live everybody elses life because there life is the same as your life.

---

## **Robert Beveridge says**

Jim Benton, It's Happy Bunny: Life. Get One. (Scholastic, 2005)

So cynical, and so hilarious. Happy Bunny has been popping up all over the lunch boxes and book bags of children in the past few years, and I figured I'd see what all the fuss was about. Turns out that where there's smoke, there's certainly a good deal of fire in this case; I couldn't stop laughing. My twelve-year-old and I kept reading pages to one another. Probably not the best if you want your kid to grow up in the land of hearts and flowers, but for those of us who live in the real world, it's a clever-- and very funny-- educational tool about the people who are out to screw you over (i.e., everyone who isn't you). \*\*\*\*\*

---

## **Joy Brown says**

: This book cracked me up and had me laughing at first but all in all I'm not sure how good a read it actually was. The bunny is very critical and sarcastic. He basically tells graduates that life after school stinks and is full of weirdo's. The bunny basically cares only for him self and is very self-centered. There are several comments about ugly people which I did not approve of because each person is beautiful in their own way. He even encourages you to take from others and to basically expect that you are bad and will choose the wrong path in life. He wants you to only consider yourself and no one else. This is one bad rabbit who doesn't have a clue as to what happy is! This book is meant to be funny, but with an adolescent it could be misleading.

---

## **Bubbles says**

its happy bunny life get one is a book about a little bunny called happy bunny and in this book you find out that the better things in life comes to you so you should not try to live everybody else's life because their life may be as bad as yours.

---

## **Sandy says**

This book is so funny. Meant to be for graduates but I recommend this for everyone. The bunny has some great information and inspiration. But don't trust the jerk chicken. I mean the chicken who is a jerk.

---

## **Hannah says**

THIS IS HILARIOUS! Funny ways of how to show on how to be well... just like happy bunny!

---

**melissa says**

A quick, snarky read. Fun, but not worth spending money on.

---

**Christopher Hicks says**

I love happy bunny books!! So sarcastic and funny.

---

**Brianne says**

I first read this a few years ago and it still makes me chuckle. I'd recommend it for a nice, super light read.

---

**Jenny says**

This is a book. Unless you don't read. Then it's a coaster.

It's Happy Bunny offers his sage advice about life ("The world does not revolve around me. It's the whole stupid universe that revolves around me"), family ("You can chose your friends, but you can't chose your family... but you CAN chose the asylum where you put them all away"), and other topics. There's an evilness quiz, relationship advice, and much more.

Highly recommended for \*those\* nights on the reference desk...
