## **Liberty Meadows, Volume 4: Cold, Cold Heart** Frank Cho

Now in paperback! Jen is a woman on a mission. She has her eyes and claws set on Frank while Brandy helplessly watches from the side. This hot love triangle goes nuclear when new emotions emerge from all parties. To complicate matters, the Cow is released from jail and seeks terrible retribution from Ralph and Leslie who had him locked away years ago.

### **Jeffrey says**

My only complaint is no ending... what happens to Frank and Brandy. Been dying to find out for the better part of a decade.

### **Malcolm Cox says**

Another brilliant volume from Frank Cho that feels unfinished. This is a comic strip collection so there is no plot or story arc, but with the introduction of a new character and a development in the Frank and Brandy will-they-won't-they saga, the book abruptly finished. The new character literally (a raccoon with OCD) literally has two appearances. As for reading this to my boys, the previous books have gotten progressively bolder with their risque scenes and this one is even more so. The hilarious revenge of Jen on Frank had to be rapidly skipped over. Please give us a book five Mr. Cho?!

love me some Frank Cho's Liberty Meadows!

### **Ksenia says**

Three stars only because it ends so abruptly! Still funny though. Read it in one sitting and was laughing out loud again.
