## Angelique says

This is an incredibly romantic story! A typical shojo love story with really great art work. I can only recommend it! Simply fun to read.

## Sadeja says

great

## Reader17 Der says

this was cute and funny, I enjoyed it. I can't believe the older sister actually lets the Mikako live with Rou. The older sister cracks me up with the way she treat Rou, always going to beat him up if he touches her sister (Mikako).

## Rachael says

Cute shojo. Tame, but sweet.

## Nina {????s ??? ?????} says

This is a cute little shojo read. Lots of humour, and lots of "we are a serious couple that none can break apart" action. It's also very normal. But if you're looking for a light fluffy read, then this is. I suppose my favourite part was when Mikako met Ro's mum and vice-versa. Neither of them realised who the other was, and they're just going on and on, it's quite funny! Of course, then the mother finds out about Mikako and feels deceived for a moment...that was very stupid. It was also annoying what followed when she found out. But other than that, it ends well, as always!

Loved it!!!

### **Emmy Lou says**

Oh boy. This volume was so rushed and a lot of things didn't make sense because they were so glossed over. The short story in the back had more of a plot. To be honest, I'm not sure if I care to pick up volume 2 or not. The art was really cute, though!

Tertipu dengan covernya dan rating yang bagus di goodreads.. -\_-"

### **Leah Portz says**

When a girl decides to investigate her sister's prospective marriage partner, she ends up moving in with him instead. Funny premise, right? It sounds like a plot for older teens, but the romance is actually cute and quirky. The female lead is daring but has her moments of doubt, too. A good one for fans of Kimi Ni Todoke and Lovely Complex. The author also includes some great short stories in the back of her volumes.

### **Laura says**

This book is touching but not my type of books i really enjoy.

### **Babsi BlueSiren says**

Ich hab den Manga damals in der Daisuki verfolgt, aber niemals von Anfang an.  
Dass sie erst 15 und er 18 ist, ist ein bisschen schräg und ihr Kennenlernen auch, aber sonst ist es einfach süß. <3  
Und ich mag, dass es nicht zwanzigtausendzehn Bände braucht, damit sie überhaupt eingestehen, dass sie sich mögen und nochmal dreißig bis sie sich küssen usw. :D

### **Kristy Buzbee says**

This series is too retarded, even for me.
