Riding the Storm

Salamanda Drake

Riding the Storm Salamanda Drake

When Breena and Moonflight go missing, it's Cara and Skydancer to the rescue, RIDING THE STORM to save them: Book 2 in the fully illustrated, highly accessible new DRAGONSDALE series!

Cara's so overjoyed to be a dragonrider at last, she doesn't notice Breena's jealousy. And when Cara deliberately loses a competition to help her friend, Breena's not grateful--she's insulted, and lashes out at Hortense, who sets about sabotaging the girls' friendship. Disqualified from competition, Breena and Moonflight suffer a terrible fall. Cold and hurt, the two seek shelter in the Cave of Sighs. But the tide is rising, threatening to wash them away! Cara must sacrifice the championships and seek instead the help of the merfolk in order to rescue her best friend and her beloved dragon!

Kimberlee says

love the way friendship comes in this book

Ami says

I accidentally picked up the second book in the series. I was not lost reading. Enough detail was given that the book could stand on its own. I had a hard time reading about the internal conflicts between characters who were friends. I guess the lesson to learn about friendship is to trust your friends and don't let others venom come between you.

Richard Pittman says

A good set-up and a very exciting third act of this book make up for a weak second act. Unfortunately, this book suffers from a common problem that much of the conflict in the story could have been easily resolved if only someone, anyone had used his or her brain for half a second. Still, this is otherwise a very solid second part of a very entertaining series. The pseudonymously identified author, Salamanda Drake, is very skilled at ramping up the excitement and danger and resolving it in a way that is believable. The rescue that closes the action of this book is harrowing. The conclusion is exciting. We were excited to get to the next chapter throughout our reading of the last quarter of the book.

Sarah says

A bit slow in the middle but an exciting end. Three and a half stars

Lauren says

And I quote:

<"Fly safely." Cara groaned inwardly. Would her father never forget that her mother had died in a fall from a dragon?>

Nothing more needs to be said.

Summary: Cara and Breena turn into idiots and jerks.

Debbie says

My daughter and I liked this book. It was a good sequel to the first Dragonsdale book. We are looking

forward to the next book.

Ellen says

It's been ten years since I read the original Dragonsdale and watched second and third graders devour it the take of friendship and magic that felt like a horse story and yet so much more. Now when I saw another third grade girl whose mom had to come find her after school because she just had to read a few more minutes of Dragonsdale, I wondered vaguely if there was more to the series.

Now that I've read the second book, I'm certain this will be a similar hit to the first. It's the same story of friendship, combined with the same gorgeous illustrations on every page. Although it read a little predictably for an adult, it will be a comfortable journey for a young reader. It's another win for the series.

Anne Wi says

This is an excellent series.

Celeste says

it took so many weird terms after the 1st book . just reading the interdiction I was so surprised you need to read this book!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Dolores says

This is actually kind of a good read. It is light and fun, but there are unexpected depths. Within a story about a merboy is a lesson about prejudice and inequality. The book makes its points without ever seeming too preachy. Nice.

ForeverDay says

Overall rating (for the age group it was aimed at): 4/5

A nice book for a younger reader.

Sannasue says

I love Brooke, but I am going to have to wait for her to tell me how this book ends. I just couldn't get into it.

Wrigley says

I think it is really exciting and magical in a really cool way, and I think it's just a brilliant book. It is just as good as the first one, yeah, it's really good. It was so good I didn't have a favorite part.

Miss Amanda says

This felt like a horse story, but with dragons and other magic creatures.

Rita says

This was a very interesting book. It is about friendship, jealousy, conflict, and trickery. I liked how the characters developed throughout the story and how they were connected. There were some unexpected turns, and that made the story exciting. I liked this book better than the first one in the series. I would recommend this for anybody.
