## Royal Love Cristiane Serruya

*A king without a bride. A young woman struggling on her own. And a chance encounter that could provide an heir to the throne...*

Angus Augustus Braxton-Lenox is the king of a small European kingdom. He lives a charmed life as a royal, but it's devoid of love and romance. While his mother is obsessed with finding him another wife to continue the regal bloodline, Angus would be content with mere happiness.

Siobhan Falkner was abandoned by her mother and grew up as an orphan. Far from having a silver spoon in her mouth, she works as a waitress by day and dreams of owning her own jewelry store at night.

One hot, erotic night, forbidden lust blossoms between Angus and Siobhan. The stunning woman soon finds herself pregnant and in a pivotal role for the future of the kingdom.

But the couple has more to worry about than romance and marred bloodlines. The king's mother is determined to prevent his son from marrying a commoner. And an enemy of the crown is bent on having her revenge...

# From Reader Review Royal Love for online ebook

## Jaime Fertil says

Siobhan is a woman who has never known her dad and lost her mother when she was young and she grew up in a sorta foster home with a foster brother who became her brother/best friend. Years later they are living together trying to make the best out of life. Siobhan is a waitress who gets this job and her task is to make the guest of honor have whatever he needs, well it ends in drinks being spilled down the front to his pants. Angus a King and used to getting anything he wants ends up being embarrassed at a wedding by said waitress but ends up taking her back to his place.

What I enjoyed most about Royal Love watching watching how both felt something towards the other even tho they are not each others typical type. watching how Angus stood up for what was right when he found out Siobhan was carrying his Heir and how he would do anything to protect both of them. Watching how Siobhan is constantly put down but how she keeps her head up through all the ups and downs.

This book was a sad and sweet book. This book has Siobhan a woman who is just trying to make a living when she meets this man whom she has no clue he is the King of his Country, she decides to have one night of just desire, lust, and loosing her V-Card, Angus a man who has loved and lost and then lost again and swears he will never love again but he feels protective over Siobhan and their baby. A love story, If you like stories like this, then Royal Love is a must!

Ai Cristiane, Cristiane... que faço eu contigo?

O primeiro livro que li da autora prendeu-me de uma forma inexplicável e ao que parece ainda hoje, depois de mais uns quantos, a magia continua a acontecer.

Cristiane Serruya é uma autora brasileira que escreve os seus livros de uma forma fantástica, dando aos seus personagens uma vitalidade e características incríveis que nos vão prendendo pela sua beleza e personalidades fortes, nunca deixando nenhum detalhe ao acaso e mostrando sempre um grande conhecimento acerca de tudo o que escreve.

Este livro entra numa onda que parece estar cada vez mais na moda. Num momento em que presenciamos recentemente o mais recente casamento real entre o Príncipe Harry e a atriz Meghan Markle e com a aproximação do casamento da sua prima Eugenie, vemos também aparecer uma série de livros que focam principalmente histórias complicadas entre príncipes e princesas, reis e rainhas, que no seu início parecem fadados à desgraça e que no fim sempre conseguem o seu “felizes para sempre”.

Em relação a este livro tenho de vos dizer que me prendeu desde o primeiro momento. Primeiro pela forma como se foi desenrolando, deixando logo transparecer que iríamos não apenas ter uma história de amor, mas também muito mistério a espreitar a cada canto, e depois também pela forma com as personagens se foram relacionando, deixando logo de seguida aquele sentimento de querer continuar a ler os próximos livros e conhecer as suas próprias histórias. Gostei bastante da Siobhan, uma personagem que se foi mostrando

bastante madura, tendo em conta as circunstâncias, mas que também foi crescendo e adaptando-se àquilo que lhe aparecia na frente. E é neste ponto que se encontra a razão de eu gostar tanto das personagens desta autora. Cristiane cria personagens fortes, inteligentes e que não precisam de se “curvar” perante ninguém para mostrar aquilo de que são capazes. Caramba, até eu era capaz de fugir se me colocassem em determinadas circunstâncias, mas Siobhan não arredou pé e continuou a lutar por aquilo que acreditava. Grande mulher!

Não sei se vocês já leram algum dos livros da autora, mas senão o fizeram acho que deviam correr para a livraria mais próxima (ou para a loja online mais próxima) e adquirir este livro, porque é um livro apaixonante. Fico ansiosa por ler o próximo e deus me ajude para conseguir aguentar até ter essa oportunidade. Parabéns Cristiane, mais uma vez fiquei rendida e mantenho-me como fã incondicional.

## **Diane McConnell says**

A romance mixed with a little mystery!

Londoner Siobhan Falkner wants to make jewelry for a living but while she saves enough money, she works as a waitress for a catering company where she spills water on an honored guest of the clients. He turns out to be widower King Angus Braxton-Lenox of Lekenstaten. Siobhan turns up pregnant and Angus is very surprised given that he was an only child and had no children before being widowed. Angus wants to marry because the child will be his heir and Siobhan refuses so he kidnaps her and takes her to Lekenstaten so he persuade her.

Sometimes I wanted to smack Angus up beside the head because he was so bossy and not understanding why Siobhan needed to be convinced of his love and after meeting his battle-axe of a mother who wasn't going to be happy about his marriage to someone she felt was beneath her.

I'll admit I wasn't expecting the identity of the person trying to kill Siobhan but it answers a lot of questions in the story.

I voluntarily reviewed an Advance Reader Copy of this book.

## **Rebecca Teague says**

### **Sweet love story**

This was a sweet love story... almost a fairy tale - commoner marrying a king... every little girl's dream... although well written, I felt it was missing something... but I'm not sure what it is missing...

This isn't normally a book I'd buy, but I was reading the free chapters that the author had been emailing and wanted to know how it finished!!

3 stars

---

## Laila Viking says

I like the characters and their chemistry and passion. They are well described. The story has a nice storyline and plot. It has mystery, drama, scandals and also passion, emotional ups and downs. Worth the read.

---

## Estella says

So this is the first book by Cristiane Serruya that I have had the pleasure to listen to; however it will not be the last.

Angus Augustus Braxton-Lenox is the king of a small European kingdom. He lives a charmed life as a royal, but it's devoid of love and romance. While his mother is obsessed with finding him another wife to continue the regal bloodline, Angus would be content with mere happiness.

Siobhan Falkner was abandoned by her mother and grew up as an orphan. Far from having a silver spoon in her mouth, she works as a waitress by day and dreams of owning her own jewelry store at night.

One hot, erotic night, forbidden lust blossoms between Angus and Siobhan. The stunning woman soon finds herself pregnant and in a pivotal role for the future of the kingdom.

But the couple has more to worry about than romance and marred bloodlines. The king's mother is determined to prevent his son from marrying a commoner. And an enemy of the crown is bent on having her revenge...

This book was so good to me. I loved every minute of the storyline. The characters are well developed and I could totally relate to them. I highly recommend this book to anyone who loves a great read!

Lacy Laurel and Logan McAllister brought this story to life for me and I really enjoyed it! I can't wait to get my hands on the next book in this series!

---

## Space Cowgirl says

His???? for the ?Night, His Forever?

Angus? is the ?KING! He's the 17th King of the tiny European country of Lektenstaten. It's GOOD to be ?King, but it's BORING!

Angus' mum, the Dowager Princess?, is pushing him to get married again and produce an heir. He's only been a widower for a year.

Angus?? is bored with being a banker, he's bored with all of the meetings, he's bored with the exact same routines every day, he's BORED!

What Angus???? needs is a fling!

Siobhan?? is a feisty young British woman who is trying to make her way in the world of jewelry ? making. She has a degree, but she wants to create her own designs instead of following someone else's. So she's saving money for her own shop by working for a caterer. She lives in a small cottage on her foster brother's

estate. Her life had been topsy turvy and full of sadness because she was illegitimate, until she found her foster family. But the hidden scars remain.

Angus?? decides he must attend a fancy wedding for his distant cousin's daughter?, for the bank business. By chance, it's the same wedding? where Siobhan?? is working as a waitress. She is told by the bride's mother that a Lord? is in attendance, and her duty will be to wait on him hand and foot.

She is stunned to see Angus??, a tall, dark, ripped, and handsome man with long hair talking to the bride's father. Is this the Lord???

In Awe, she has a tray of whiskey and a water pitcher for him, when a child knocks into her and the water spills on Angus' crotch. Not thinking, Siobhan?? dabs at his crotch with a napkin. Silly innuendos fly fast and furious, and Angus???? is smitten!

Can a King? and a Waitress?? fall in ?Love?

How is that going to work out with all the pomp and circumstance, and tradition that has shaped Angus' life? YEHAW! Ride em Bareback?, Cowgirl!?????

## **Dolores says**

I received this book for FREE TO GIVE MY TRUE & HONEST REVIEW

This is my first book by Cristiane Serruya that I have read & I really liked it. 4.5\*

It's a ?TRUE LOVE ? Wins ALL EVEN when you're wanting to deny that you're in love.

It's a beautiful piece where we have King Angus Augustus, from a small country and Siobhan Faulkner who's a want to be jeweller/waitress bump into each other by a mishap, JUST have this connection from that moment. But things DON'T go by so smoothly as I suppose either thought things might've gone. And that is ONLY a tiny bit of the start of the book.

It's ONLY after Angus learns what Siobhan has to say & takes her WITHOUT her knowing to his kingdom as she doesn't even know who/what he really is. And it's whilst they're there & they move into the castle we see more & more adventures & turmoil of what happens to them well more so to Siobhan. Loved these 2 more so Siobhan though I did feel so much though for Angus & what he had gone through before hand, then what he had to go through before he HAD to admit to himself & her.

Beautiful with a fair few tensile moments in between. Though I would've loved to have an Epilogue at the end JUST to finish off Their ? Story

---

## **Isha Coleman says**

Audiobook Review: Royal Love (Last Royals) by Cristiane Serruya (Author), Lacy Laurel (Narrator), Logan McAllister (Narrator)

Royal Love goes beyond the fairy tale of power and privilege. Serruya highlights the dark side of the royal fantasy. Behind the glitz and glamour are the flaws and dangers we don't always see. Angus may be Prince Charming, but his world proves to be anything but. Siobhan is out of her element when it comes to the false smiles, the bitter stares and the hidden agendas that put her at risk. He's royalty, she's an orphan. When their

worlds collide is when the real fireworks begin. With lively narration and heart-stopping danger.

---

### Gladys says

A wonderful romance that tells the story of two wounded people. Angus and Siobhan's story is filled with drama, intrigue, mystery, suspense, heat, and romance. The intense attraction and emotional connection between these two just sparks out of the book. This book has an almost fairytale feel to it, with its King and the commoner romantic theme, but the complex characters and some unique twists provide a very fresh and pleasurable reading experience.

---

### John Hennessy says

*An excellent story from the author which introduces us to engaging characters - Angus, Siobhan, Catriona are all well defined. **In romances, such characters are almost place holders, but not here. The romance is believable, the lust is essential, and yet it is never over the top, though the content certainly is adult.***

**Angus** - at least from the cover - looks like Jason Momoa (Aquaman in Justice League) and so he is tailor made to win the affections of his lady love. As ever, the path to true love is never easy, though it should be easier than the Universe sometimes makes it. The story narrative is strong, keeps you reading and guessing right up until the end - a great way to tell the story, with an ending that is so good you will just have to read it to see what happens!

It is book one in the series, and I am already planning to read book two soon.

---

### Heather says

This was an enjoyable romance between a royal, Angus, and Siobhan, a mere commoner. What starts out as a one night stand ends up being so much more. Especially for a royal who has sworn off on love. Great characters, some royal scandals and a touch of mystery made this a fun read.

---

### Donna says

Royal Love was a highly enjoyable story. There were twists and turns and surprises in addition to the love story. Siobhan and Angus definitely had chemistry. Combustible!

A king who actually has a job is a new concept to me. I enjoyed the fact that Angus was intelligent and earned a living instead of just being King. It added depth to his character. Siobhan was strong-willed and intelligent. She didn't blame her past circumstances for her lot in life. She had plans to make a better life for herself. I didn't care for the way she simply stayed with him in his country house. She wasn't nearly as outraged as she should have been.

Catriona was a real piece of work. A \*itch of epic proportions. Aileen was no better. I wish Angus had stood

up to her in the beginning and put her in her place. I don't understand why he put up with her. Being his mother is not a good enough reason.

When we first met Mircea and Javert, Angus can't stand them. Later, he treats them like dear friends. There was no explanation for this change.

Jaxon was underutilized in the story. I think he should have played a bigger role. He was so important to Siobhan, I can't imagine him not being more involved.

I enjoyed Royal Love and look forward to the next book in the series.

## **Kay's Blushing Book Reviews says**

**GENRE - Royal Romance**

**BOOK DETAILS: Book 1 in The Last Royal Series**

### **THE STORY:**

A king without a bride. A young woman struggling on her own. And a chance encounter that could provide an heir to the throne.

**Narrated by: Lacy Laurel & Logan McAllister**

**Length: 11 hrs and 41 mins**

This is book 1 in the series and is a long one, but don't let that deter you because this book is simply addictive. Ok so it was a little slow to begin with but if you hang in there you become invested in Angus and Siobhan and captivated by their love story.

The chemistry is instant between the pair with makes for some hot and fiery moments. I am sucker for 'forced together romances' so this was a big hit for me. It's like fairy-tale meets suspenseful drama.

Love. Love. Love. Duet narrations, when done well and matched good with their characters it adds so much more depth to a story, breathing life into its characters adding real personality and charisma.

I give Royal Love 4 Blushing Stars

**FEMALE NARRATOR'S PERFORMANCE 4/5**

**MALE NARRATOR'S PERFORMANCE 4/5**

**NARRATOR'S MATCHED TO CHARACTERS 4/5**

**PLOT 4/5**

**OVERALL AUDIO RATING 4/5**

## **Jeannie Zelos says**

Royal Love, (Last Royals Book 1), Cristiane Serruya

Review from Jeannie Zelos book reviews

Genre: Romance

This was a fun read, though it took me some time to warm to Angus, he was alpha male but on the OTT side, and there were times when I wanted Siobhan to just tell him where to go. She veers between wanting him and wanting independence and I did feel the whole getting together part was a bit rushed. I felt both acted out of characters and one thing that really annoyed me was the lack of condoms. That's just not a good message to send out in this day and age!

There's a little suspense, I'd kind of worked out what had happened and who was behind it, but it was still a good addition to the story and gave it a little extra edge.

I loved Angus mum and aunt, perfect snobbish b itchy characters – they really add to a story for me, make a contrast to all the sweet stuff.

Its not a story I'd re-read, a little too light and sweet for me, I need a bit more drama but its a fun read for when you want something easy to relax with.

Stars: Three, a little light but a fun story.
