Linda Smatzny says

A modern romance with recipes and sex included. The main characters are Olivia Regan and Daniel Worth. Regan owns a pastry shop and Daniel is a rich man who does nothing. Regan wins Daniel at an auction and the story goes from there. The book was a quick easy read.

Renee says

Fun romance. Included some yummy sounding recipes with fun directions.

Is a great book to read

Julie Alvarez says

This was a good book. I enjoyed the love that developed between Daniel and Olivia. Olivia's sister Josie was hilarious. Im glad Daniel stood up to his grandfather about his beliefs and dreams.

Ninadiva says

Although there were some okay sections, overall the plot was weak, the chacaters lacked depth and it was difficult to finish.

Dpic says

silly

Stephanie says

Romances are not my things, so probably not fair for me to rate this book. They were okay, but predictable. Too detailed sex scenes for my liking.

While this is a series, you could read them out of order or even skip a book and not lose your way in the series.

Ashley FL says

This reminded me a lot of a Jennifer Crusie book. Fans of hers will enjoy this one!

Melissainau says

A novel with recipes. I should have known better.

A Playboy and a Pastry Chef Spark Flames

Another winner from Shirley Jump, this delightful story draws the reader into an enthralling story of two wonderful people who are willing to risk everything on the chance for love. Olivia bets her entire business account to win wealthy playboy Daniel Worth in a charity auction. When he fails to promote business for her bakery, she discovers that he succeeds in promoting the speed of her heartbeat. As both deal with family problems, it is the butler's secret, and her sister's marketing skills, which pave the way down the aisle. Shirley Jump creates well fleshed characters with whom you fall in love at first sight. She puts them into a story with plot twists which keep you guessing right up to the end. If you like romances with laughter and tears and happily ever after endings, you'll really enjoy reading this book.

Lydia says

Actually one of the better food-based paperback fiction books out there.

Jennifer says

Love the recipes but wasn't in love with the story.

Sandy says

The Bachelor Preferred Pastry is cute, funny and has oodles of recipes. Half the time I wanted to smack Olivia out of frustration because she was just so irritating but overall, it was mediocre. Jump tries too hard to write funny dialogue but it just doesn't work. She's too "wordy". 2/5 stars.

Sherry says

sigh Shirley Jump gets better and better.
