The X-Club

Anna Zaires

The X-Club Anna Zaires

A young journalist. An alien sex club. A Krinar who won't take no for an answer.

Amy Myers is tired of writing fluff. She wants to work on serious assignments—and what better way to prove herself than to uncover something new about the mysterious Krinar, the aliens who took over the Earth just two years earlier? But when she meets Vair, the dark and sexy owner of a Manhattan x-club, she may get more than she bargained for...

The X-Club is a novelette/short story of approximately 10,000 words (56 print pages), set in the world of the Krinar Chronicles about three years before Mia & Korum's trilogy. It's an erotic story, not a romance. It can be read as a standalone or after the Krinar Chronicles trilogy.

The X-Club Details

From Reader Review The X-Club for online ebook

Irene Sim says

I could have lived without reading it and I wouldn't be missing a thing. Total waste of time, it wasn't even "a sexy - hot" read. Thank God it was short.

V says

A short, sexy read. I really need to re-read Mia & Korum's trilogy - i love the whole hot-possessive-scary-alien theme.

4 stars!

Sophia Triad says

Amy is a young journalist who is just asking for trouble. Together with her friend Jay decide to visit an X-club, 'X' for 'xenos' where Krinar use to go to hook up and dance with other Krinars and humans Krinar lovers. Her main objective is to write an article about Krinars but she ends up in the arms of the possessive Vair instead.

The book can be an interested introduction in the story of earth after Krinar invasion. Or it is also enjoyable if you already have read the 'close liason' trilogy and you have got addicted to this world like I did.

By the end of this book I felt that there was more to come in the story of Amy and Vair. Like it was the start and not the end of their story. I wish the book was longer and more complete.

Sophie "Beware Of The Reader" says

Short erotic read. Good introduction to Krinar's world and Krinar's chronicle (one of the best if not the best erotic/romance alien series I've ever read).

I'd like more! Please Anna, could you write a (much, much longer) book 2 about Vair and Amy? I'm hooked now and it's so unfair to let frustrated like that! Any chance we can push you? ;)

A huge Krinar fan.

Marta Cox says

I was in the mood for something with a sci fi edge and remembered reading a story by this author about the Krinar who had invaded Earth. When I checked this was free so I happily downloaded it ready for an interesting quick tale with possibly a heated twist.

Ok this is short and is clearly the beginning of a whole much longer story. We have a bored, enthusiastic journalist looking for the story that could get her noticed and she decides to secretly investigate the aliens who have taken over Earth . Her twist is that she intends to infiltrate one of their extremely secretive clubs but getting in is just the beginning.

I'm a little disappointed as apart from references to alien technology this just felt like a story about a one night stand. I do get that its intended to wet the readers appetite as its very clear the forthcoming expose will have repercussions but alas for this reader it just felt a little flat. Although I'm quick to point out if you want a steamy read that's not too demanding of your time and is well written then this certainly fits the bill.

Irene says

I know this was a short story but it left me frustrated and wanting more.

Melindeeloo says

2.5 stars =ok. An 'X' titled book for my A to Z cheapies (2.99 or less) challenge. This was super short, but that was probably better for me because I'd have been more uncomfortable with the enthrallment vibe if it had been a longer story. On the whole this felt very much like a prequel to another book as the ending was left very open.

Candace says

I listened to this short story in about an hour. If you're a fan of the Krinar Chronicles series, this is a nice little extra. However, this book did not add anything substantial to the series, in my opinion, and is not necessary to understand or enjoy the other books. It was quick and entertaining with some steamy scenes.

This novella tells the story of a reporter, Amy, who ventures into a Krinar "X Club" in the early days after the Krinar invaded Earth. She takes her friend, Jay, with her. The two embark on a night of fun and lustful fantasies come to life. They find out what all the fuss is about and live to tell the story another day.

It was fun, short and steamy. I liked it, but had hoped it would have been tied more closely to the main story. Instead, it read like a super short standalone. It was good, but not necessary.

Coco.V says

?FREE on Amazon & on iBooks today (10/10/18)!?

HeatherTX says

Great start just wished it had been longer.

Buffyanna says

I confess I am biased against novellas! They are usually too short and leave me wanting more. The X-Club is no different. But when one of your favourite authors, Hettie Ivers, promises to write a full length follow-up on a storyline originated by your other favourite author, Anna Zaires? Well, a girl not only pays attention, she prepares! The X-Club is as "deliciously" enticing and seductive as the other original Krinar offerings but much too short. Thank goodness more is coming soon, or I'd be writhing and crying on the floor inconsolably! Looking forward to Vair: Beyond the X-Club coming out on September 12, 2017.

Sónia Tigol says

This book was a freebie from amazon and I love this short story.
The characters were interesting and the storyline was really good.
Because I really like this book I'm going to read the other books by this author.
I hope I like them was well.

Cyn Mistress Kitty says

This story had a lot of potential but was way too short.

Marianne says

~2016 A-Z Reading Challenge; letter X~

Cam says

Quick and hot enough to make me want to read more about the Krinars.
