Breaking the Spell Rachel Carrington

Book Three in the Hot Magic series. The last thing Braeden needs is to be trapped alone with Athena, his former lover and current nemesis, but when instincts lead him to save her life, that's exactly where he ends up. Landing in an alternate universe with one sexy witch, it isn't long before he's recalling steamy nights and the wrap of Athena's long, golden limbs around his body. As a powerful wizard, he has no business loving Athena, especially since his family, the strongest guild of wizards, have fought Athena's coven for centuries. Being alone with her now is going to wreak havoc on his self-control, since sex with Athena is the best he's ever had and he can't seem to keep his hands off her. Along with fighting an evil they never expected, Athena and Braeden futilely attempt to fight their banked passion. Soon, hot sex, dangerous battles and exploding desire turn their world upside down and leave them questioning their decision to part ways.
